

Penfield Strikers Non Resident Policy

It is the intent of the Penfield Strikers that our teams be composed of residents of the Town of Penfield.

Official Policy:

The Penfield Strikers exist first and foremost to support girls from the town of Penfield. The Strikers have established the following policy to define who is considered a resident for these purposes:

1. Anyone who lives within the borders of the Town of Penfield.
2. Anyone who goes to school located within the borders of the Town of Penfield.
3. Anyone from an adjoining or nearby town/village that does not have a team to play for.

If a player meets one of these criteria and they tryout for a Striker team they are to be kept ahead of any other player who does not meet one of these criteria.

A non-resident will be placed on the appropriate team based on her tryout and skill level so long as a resident player is able to be placed on a team at that age level.

Grandfather Clause: Any player who is rostered on a Striker team the previous year may still be rostered the following year as if she meets the residency requirements and provided she makes the team.

Revised July, 2017
