

## Player Guidelines

- #1. Remember this league is supposed to be fun and safe.
- #2. Treat all players and officials with respect
- #3. Fighting is not tolerated. Fighting will result in a 2 game suspension and a \$50 dollar fine
- #4. If you have a complaint or need an issue addressed let your captain know and have them contact me.
- #5. Yelling at the refs doesn't accomplish anything. If you have a complaint or concern during the game approach the ref at an appropriate time and respectfully voice your position. Remember they are there to call the game for the teams playing and can look for things much easier if you voice a calm and level headed concern. Remember arguing with a Ref will not get the call reversed. If there is a call you do not understand respectfully ask for clarification and understand the ref is calling the game based on USA Hockey rules and sees the game from a different perspective.
- #6. If you have any input on the refereeing positive or negative fill out a refereeing report located by the front desk and returns it to the front. Please remember I can't do a whole lot if you just say, "The refereeing sucked today". Give me examples where there were holes in the game. Also positive feedback is as important as negative feedback. With positive feedback I can keep refereeing pairs that work together for you guys.
- #7. Rosters are very important. I need rosters with full names and numbers so I can keep accurate stats of all players.
- #8. Ringers will be pulled from teams if they control the game. I have no problem with guys playing with their buddies but play at the level the league dictates. If I get reports of possible ringers I will closely watch them on the ice and through stats and place them on a higher team.
- #9. For playoffs ID's will be checked to ensure only rostered players are on the ice.
- #10 Players must sign in before all games they are present for. Players must play a minimum of 4 games to be eligible for playoffs. If a player is late they must check in with the scorekeeper so they can sign you in for the game
- #11. This is a beer league. Players should not be getting hurt or out of control. If a player becomes dangerous in anyway I will ban them from playing at Big Bear Ice Arena.
- #12. Treat the locker rooms with respect and clean up after yourselves. **DO NOT THROW CHEW ON THE CEILING IN THE SHOWERS!**
- #13. If games become unsafe and out of control I will pull the game and both teams will be awarded losses.
- #14. Players will be ejected from the game once they get their third penalty.
- #15. All personnel on the benches must wear a helmet

Vassiliy Larchenko  
Adult League Director, Big Bear Ice Arena
