Board of Directors
Princeton Youth Hockey Association
511 Ice Arena Drive
Princeton, Minnesota 55371

Dear Fellow Board Members,

After giving the matter a lot of thought I have decided to resign from the Princeton Youth Hockey Association Board of Directors. I realize that my decision comes at an inconvenient time for the association, but there are personal factors beyond my control that have driven it. The decision to leave was extremely difficult one because of the personal satisfaction I have received from working with each of you and contributing to the steady progress that we have all worked so hard to create. Collectively we have done a remarkable job in setting the association on a course to succeed with the best interests of our community skaters at heart. Participation on this board has given me a new appreciation for how many hours are devoted by each one of you and how many volunteer hours it takes to make this organization successful. I appreciate and support each one of you and your efforts.

I plan to aid in transitioning all of my responsibilities to the appropriate individuals and providing as much direction as I can in an effort to properly assist my replacement.

Sincerely yours,

Karen Bromberg
