

# **HYSA United**

## **Parents Code of Conduct**

Parents are important part of the HYSA United Soccer Program. An attitude of cooperation, respect, maturity and positive support for players, coaches, parents, spectators and referees is essential.

As a parent of a player in HYSA United I agree to the following Code of Conduct:

- I will learn the rules of the game and assist my player in understanding the rules and improving their individual skills.
- I understand that while my player is in a competitive league, the ultimate goal is for the players to improve their skills while enjoying the game. **I understand the game is for the youth players, not the adults.**
- I will get my player to practice and games at the required time. I understand that it is not fair to the player, team, or coach if my player is late.
- I understand that coaches are volunteers that have committed to help my child learn the game of soccer. I will treat the coach with respect. Disagreements will be handled in a calm, mature and respectful manner before, or after practice and away from the players. If my concern is not resolved to my satisfaction I will address it with the board in a respectful manner. I understand the board has the final decision.
- I understand that while my player is registered I am representing Headwaters United and the surrounding community at practices, games, tournament etc. My conduct will reflect sportsmanship and fair play. I will encourage good sportsmanship in club players, parents and spectators.
- I will respect the referees and officials of the game. I will not yell at the referee during or after the game.
- I will not verbally abuse players of our team or the opposing team.
- I understand the HYSA United is a volunteer organization and needs volunteers to run smoothly. I agree to work my required hours or more if requested.
- I will help in maintaining the fields, buildings and equipment of Headwaters United.
- I understand that HYSA United plays in a competitive league. I understand there are play time guidelines set by the board and these may vary from game to game. I understand that my child may only play 25% during the season at games.
