Community Partners Program

Letter of Understanding

Name of Organization: Fond du Lac Soccer Association

Date: May 18, 2011

The intent of the Community Partners Program is to enable Associated Bank to direct a greater level of financial contributions to the communities we serve.

Through the Community Partners Program Associated Bank can direct funds to Non-Profit organizations by rewarding them for certain Associated Bank relationships established by their members and supporters.

In your case, this will be accomplished by Associated Bank making a \$50.00 contribution to your Organization for each personal checking account opened by your member or supporters during the 2 program months of June and July at the following Associated Bank Branch:

- Fond du Lac

Associated Bank will guarantee a \$2,500 minimum contribution with this program.

This offer is limited to one personal checking account per person who is 18 years of age or older. The opening of the account is subject to our standard deposit account eligibility rules and requirements and this program applies to new accounts only. The account must remain open for at least 90 days for it to qualify for a payment under this program. Payment will be made to your Organization as soon as possible after the expiration of the period of time 90 days after the end of the program month.

In addition, in order to receive payment, you must provide a donation coupon to your members or supporters; they, in turn, must present that coupon to the Associated Bank participating Branch at the time of opening their qualifying checking account. Associated Bank will provide you with the required form of the coupon. To protect customer privacy, Associated Bank will not release names to you of individuals opening checking accounts and the determination of Associated Bank as to the amount payable to your Organization will be final.

In order to maximize our contribution to your Organization it is recommended that you actively promote the Community Partners Program. To assist in that effort, Associated Bank will provide your Organization with certain customized marketing materials to aid in getting the message out to your supporters in order to maximize the contributions to your Organization. These materials may include such items as flyers, letters or other handouts, mailing inserts and re-written copy for newsletters, email or websites as well as other materials that meet the unique needs of your Organization. Your Organization shall use only these materials in the promotion of this Program

Your Organization grants permission to Associated Bank to use your name and logos, including any trademarks, in the advertising and marketing materials developed for your Organization as well as in any other efforts by Associated to promote or market the Community Partners Program and the involvement of your Organization.
