

My name is Bill Wright and I am once again very excited to have the opportunity to run for one of the open positions on the Princeton Youth Hockey Association board.

I have been on the board since September 2011 filling in as the interim equipment manager.

My family and I live in Princeton. We have two sons Nathan and Matthew. Nathan is in third grade and this is his fourth year in hockey as a Mite. Matthew is very excited to start playing hockey himself this coming fall.

The reason I feel I make a good candidate is with my experience in budgeting, business planning and management. I am currently the Fleet Manager for Pan-O-Gold Baking Company based out of St Cloud. Pan-O-Gold is the baker of Country Hearth Breads among many others. I currently oversee fleet operations of 8 shops within all 3 divisions and maintenance of 650 pieces of equipment which cover 7 upper Midwest states. Before coming to Pan-O-Gold I was the Service Manager for St Cloud Truck Sales in St Cloud for 2 ½ years and was responsible for the operations of both the Service Department and the Body Shop. Business planning, budgeting and carefully watching income and expense were a large part of the job.

Thank you for your vote and support!
