

BELLEVUE SOCCER CLUB FALL NEWSLETTER

SEPTEMBER 2012

Is your player prepared??

Practice makes "perfect"??

It seems like the season will never start. Then you get to practice and it feels like you will never have your first game. Without the practice you won't ever have a game, you will have a season where the kids run around and kick at a ball but never "get the game". There isn't always an emphasis on how important practice really is. A team cannot commit to playing their best if even one player doesn't come to "play". Even if half of the team shows up for practice and put in all their effort the team cannot be successful because the other half hasn't committed

to the time it takes to be a team. We are all busy, and no one can argue that the importance of school and health take priority over the games any day, but on the days that the team is scheduled to be together it's important that they be together for practice and games. " It's not the will to win that matters—everyone has that. It's the will to prepare to win that matters. "

PAUL "BEAR" BRYANT

Are you preparing your player and their team to win?

A very special thank you to all those that made time to volunteer at the fireworks booth and also bring dinner for the Bellevue University players. We have some very generous families at BSC and we are lucky to have you!

THE PLAYERS AREN'T THE ONLY ONES WE NEED!

We have a beautiful private soccer complex for our players. The entire complex needs weekly maintenance and that's where volunteers come in. If you have a little bit of time while your player practices we could use your hands for field work. Lining fields, picking up trash, filling holes, moving goals or flags, small repairs are all things we can do to help maintain the high standards of the complex. If you would like to volunteer even one hour a month, or every week please contact Cynthiabridge@bscneb.org to get on the schedule. Many hands make light work.
