SYSTEM DOWN TIME - Important

SYSTEM ADMIN - 6/24/12 8:23am

We will be moving our servers to a new datacenter overnight on July 3 / 4. The system will be shut down on July 4th at 12:00am ET (midnight) to begin the process (9:00pm PT on July 3rd). We are estimating a total of 8 hours for everything to be completely back up and running. It will most likely be back up much sooner but could take slightly longer.

THE SYSTEM WILL BE COMPLETELY UNAVAILABLE DURING THIS TIME. This means you will not be able to make or view any assignments, no email notifications will go out, and you won't be able to pull up the system in a browser.

If you have games on that day, please plan ahead and be sure that all assignments are accepted and you have printed or saved a copy of your schedule on July 3rd because at 12:00am on July 4th, the system will not be available.

We apologize ahead of time for any inconvenience. We realize there is no good time for the system to be unavailable but we have to shut the system off as we are physically moving the servers to a datacenter that is an hour and a half away from where they are now.

Welcome to Wisref GameOfficials Account!

JON SCHRANTZ - 6/7/12 1:40pm

Welcome to the Wisconsin Referee Development Program's GameOfficials account!

A few things to note the 1st time you login:

- 1) Click the MyInfo link in the upper left corner. Make sure all of your info is correct. There is a place for multiple phone numbers and email addresses. You can also setup texting of assignments and notifications to your phone.
- 2) Click on MyPreferences link. This will allow you to setup conflicts with teams you should not work games for. any team you have a conflict of interest should be entered here and you will not be assigned any games that those teams play.
- 3) MY Availability. Click here to update your availability. The system defaults your calendar to NOT AVAILABLE. If you wish to be assigned games, update your availability accordingly.
