THIS IS USA HOCKEY
THIS IS USA HOCKEY

USA Hockey provides the foundation for the sport of ice hockey in America; helps young people become leaders, even Olympic heroes; and connects the game at every level while promoting a lifelong love of the sport.

The organization, which was born out of a shoebox in Tom Lockhart’s New York City apartment in the fall of 1937, is today represented in all 50 states and includes a record one million-plus players, coaches, officials, parents and volunteers.

USA Hockey’s primary emphasis is on the support and development of grassroots hockey programs. Its cutting-edge American Development Model provides associations nationwide with a blueprint for age-appropriate athlete development. Always a leader in safety, USA Hockey has been at the forefront in advancing efforts to ensure the best possible environment for all engaged in the sport, both on and off the ice.

While youth hockey is a main focus, USA Hockey also has vibrant junior and adult hockey programs that provide opportunities for players of all ability levels. The organization also supports an ever-growing disabled hockey program, which today includes six disciplines.

Beyond serving those who play the game at the amateur level, USA Hockey has certification programs for coaches and officials, inclusive of industry-leading online education modules, to ensure standards are met that coincide with the level of play. Furthermore, a large focus is put on parent education with equipment needs, rules of the game and parental roles in youth sports among common topics.

Members of the organization are entitled to many benefits, including a subscription to USA Hockey Magazine, the most widely circulated hockey publication in the world; excess accident, general liability and catastrophic insurance coverage; access to usahockey.com; and opportunities to participate in USA Hockey National Championships, as well as player development camps.

As the National Governing Body for the sport of ice hockey in the United States, USA Hockey is the official representative to the United States Olympic & Paralympic Committee and the International Ice Hockey Federation. In this role, USA Hockey is responsible for organizing and training men’s and women’s teams for international tournaments, including the Olympic and Paralympic Winter Games and IIHF World Championships. USA Hockey also works closely with the NHL and NCAA on matters of mutual interest.

USA Hockey is committed to providing an inclusive and welcoming environment for all participants and is divided into 12 geographical districts throughout the United States. Within USA Hockey’s 12 districts, a total of 34 affiliates provide the formal governance for the sport.
USA HOCKEY SANCTION

USA Hockey, Inc., is recognized as the National Governing Body for the sport of ice hockey in the United States under the Ted Stevens Olympic and Amateur Sports Act Title 36, Chapter 17 § 391 United States Code.

The Amateur Sports Act requires any organization that wishes to conduct international amateur ice hockey competition in the United States or to sponsor U.S. athletes to compete in international amateur ice hockey competition outside the United States to obtain a sanction from USA Hockey.

In compliance with provisions of the Amateur Sports Act, USA Hockey will review every request to conduct or sponsor international amateur ice hockey competition and, if the requirements set forth in the Amateur Sports Act are met, USA Hockey will provide such sanction.

Players, teams and organizations are advised to contact USA Hockey well in advance if they plan to conduct, sponsor or participate in any international amateur ice hockey competition in order to ensure that proper consideration is given for sanctioning such events and/or competition. All such requests should be directed to the appropriate registrar, who will then forward the necessary application to the USA Hockey national office to the attention of the Assistant Executive Director for Hockey Operations.

**DECLARATION OF PLAYER SAFETY**

USA Hockey is committed to creating a safe and fair environment for all participants. Respect for the game, opponents, coaches and officials is a critical part of the environment that is created and it covers several different aspects of sportsmanship and fair play. This initiative will encourage a change in culture as to what is considered to be acceptable/unacceptable body checking and competitive contact at all levels of play.

The following is not designed to replace our current rules/definitions, but instead is intended clarify and update the existing rules/definitions to emphasize the key points to more clearly outline what is deemed acceptable and unacceptable behavior. Video examples can be found online at usahockey.com/declaration. Please review the materials thoroughly so you can play a positive role in making our game safer.

**Competitive Contact**

**Body “Competitive” Contact** – Competitive contact is body contact between two or more skaters who are in the immediate vicinity of the puck and who are in the normal process of playing the puck. These skaters are reasonably allowed to lean into each other provided possession of the puck remains the sole object of the contact. Body “competitive” contact is encouraged at all age classifications of play within USA Hockey and provides the foundation for the skills necessary to advance to Body Checking classifications. Acceptable examples of body “competitive” contact include:

- **Angling** is a legal defensive skill used to direct/control the puck carrier to an area that closes the gap and creates an opening that is too small for the puck carrier.
**Physical Engagement** is when two players who are in pursuit of the puck are allowed to reasonably lean into each other provided that possession of the puck remains the sole objective of the two players.

**Collisions** occur when players are allowed to maintain their established position on the ice. A player shall not be penalized if the intention is to play the puck and in so doing causes a collision with an opponent. No player is required to move out of the way of an oncoming player to avoid an impact.

**Body Checking**
A body check represents intentional physical contact, from the front, diagonally from the front or straight from the side, by a skater to an opponent who is in control of the puck. The opposing player’s objective is to gain possession of the puck with a legal body check and NOT to punish or intimidate an opponent.

Legitimate body checking must be done only with the trunk of the body (hips and shoulders) and must be above the opponent’s knees and at or below the opponent’s shoulders. The use of the hands, forearm, stick or elbow in delivering a body check is unacceptable and not within the guidelines of a legal body check.

The primary focus of a body check is to gain possession of the puck and proper body checking technique starts with **stick on puck**, therefore the stick blade of the player delivering the check must be below the knees.

USA Hockey reminds coaches and players that these requirements are the responsibility of the player delivering the body check. Under no circumstance is it acceptable to deliver a body check to a vulnerable or defenseless opponent, an opponent who is not in possession and control of the puck or to use the hands, stick, forearm or elbow in delivering a check to an opponent.

**Vulnerable or Defenseless** – A skater is considered to be in a vulnerable or defenseless position when unaware, unprepared, or unsuspecting of an impending hit.

Infractions that occur as a result of a body check delivered to a vulnerable or defenseless player must be penalized under the boarding, charging, checking from behind or head contact rules. When done in a dangerous, careless or reckless (unacceptable) manner where the player delivering the check has made no effort to play the puck, the major plus game misconduct or match penalty provisions of these rules must be assessed.

When two or more players are physically engaged for control of the puck along the boards, they are considered to be vulnerable and defenseless. Any body check delivered by a skater to an opponent who is physically engaged with another skater is considered dangerous, careless or reckless (unacceptable) and must be penalized accordingly.

**Late Avoidable Body Check** – Any avoidable check delivered to a player who is no longer in control of the puck. An avoidable check is when the player delivering the check has an opportunity to avoid contact or minimize contact, once it is realized the opponent no longer has control of the puck.

The concept of “finishing the check” is an unacceptable action as it is one that is meant to intimidate or punish the opponent with no intent to gain possession of the puck. The responsibility is on the player delivering the check to avoid forceful contact (minimize impact) to a vulnerable or defenseless player who is no longer in control of the puck.
**BODY CONTACT CATEGORY**

Non-check hockey does not mean no contact and the Body Contact Category game can be very physical. **USA Hockey strongly encourages legal body “competitive” contact to occur in all age classifications as part of the skill progression that teaches legal body checking.**

When determining whether a body check has occurred, the official must focus on whether the player is attempting to play the puck and whether there is any overt hip, shoulder or forearm action used to initiate contact and separate the opponent from the puck.

Legal body “competitive” contact occurs when players are focused on gaining possession of the puck and are simply maintaining legally established body position. This most often occurs when two players are **physically engaged** in front of the goal or along the boards.

Legal body “competitive” contact also commonly occurs when a player has established an angle on the opponent and closes the gap to create an opening that is too small for the puck carrier. Additional acceptable forms of body “competitive” contact include:

- A skater is entitled to the ice they occupy so long as they maintain their skating speed and body position between an opponent and the loose puck.
- A skater is entitled to stand their ground and is not required to move if an opponent wishes to skate through that area of the ice.
- A skater may block an opponent so long as they are in front of the opponent and moving in the same direction.
- A skater can use their body position to force an opponent to take a less direct route to the puck, so long as they do not use a hand or arm to hold or block the opponent.

**BODY CHECKING CATEGORY**

It is USA Hockey’s intent to create a safe environment for players to be able to develop their skills – including body checking in age appropriate classifications – while also being able to physically compete within the rules.

A player delivering a check to a vulnerable or defenseless player, who is not in control of the puck, will be assessed a penalty for roughing. Officials are to pay particular attention to these examples when applying this rule. These are intended as a guide and include, but are not limited to, the following:

- A player who is dangerous, careless or reckless (unacceptable) in delivering a check.
- A player who anticipates an opponent gaining possession or control of the puck but who makes contact with the opponent before possession or control occurs.
- A player who delivers a **late avoidable check** to an opponent who has released a shot or pass and is no longer in control of the puck.
- The use of the hands, forearm, stick or elbow in delivering a body check OR making contact with the opponent after the whistle. If contact is made above the shoulders, this action must be penalized as head contact. **This includes any contact that occurs as part of a scrum situation after play has been stopped.**
• Two skaters who use competitive contact for position as they skate to a loose puck are within their rights to do so, unless one uses their stick, arm, or skates to obstruct the opponent’s ability to skate to the puck.

Unsportsmanlike Conduct
A bench minor penalty for unsportsmanlike conduct shall be assessed to any team whose players or team officials commit the following actions while on the players’ bench:
• Banging the boards with a stick or other object, including skates or arms, at any time, including after a body check regardless as to whether the check is being penalized.

SUMMARY
All USA Hockey members must demonstrate awareness and support for the application, spirit and the respect of the rules in order for continued improvement in the game of hockey.

• Coaches are expected to teach proper skills and hold their players accountable for illegal and dangerous actions, regardless as to whether they are properly penalized, or not.
• Parents are expected to support the decisions of the officials and support the coaches in teaching the proper skills in a safe and positive environment.
• Officials shall enforce a strict penalty standard according to the guidelines that have been established.
• Players are expected to compete within the playing rules.
• Administrators are expected to hold players, coaches, officials and parents accountable for their actions in an effort to promote a safe and positive environment for all participants.

All members of USA Hockey share an equal responsibility to ensure the integrity of the game is upheld. The onus to incorporate change is not only on the officials, but also on administrators, coaches, parents and players, as well.

STANDARD OF PLAY AND RULES EMPHASIS
Through the standard of play and rules enforcement, our game will continue to allow the opportunity for improved skill development and a more positive hockey environment for all participants. This initiative will result in greater emphasis on skating, puck possession and the proper use of the body to establish position and legally gain a competitive advantage.

BODY CHECKING
The goal of the body checking enforcement standard is to create an environment that enhances player skill development by reducing intimidating infractions designed to punish the opponent. This standard is designed to improve the proper skill of legal body checking or contact at all levels of play and will not remove the physical component from the game. A hard body check or using body contact/position (Body Contact categories) to gain a competitive advantage over the opponent should not be penalized as long as it is performed within the rules. The focus of the body check should be to gain possession of the puck.
The principles of the body checking enforcement standard include the following:

- The purpose of a body check is to gain possession of the puck.
- Only the trunk (hips to shoulders) of the body shall be used to deliver a body check.
- The check must be delivered to the trunk (hips to shoulders) and directly from in front or the side of the opponent.
- Players who use their physical skills and/or anticipation and have a positional advantage shall not lose that advantage provided they use their body to check the opponent within the rules.
- Players will be held accountable for acts of an intimidating or dangerous nature.

**Enforcement Standard** – These penalties are to be called with very strict enforcement.

**Body Checking (Body Contact Categories)**

A player cannot deliver a body check to any player while participating in a Body Contact category. Examples include:

- Makes deliberate physical contact with an opponent with no effort to legally play the puck.
- Uses overt hip, shoulder or arm contact with the opponent to physically force them off the puck.
- Physically impedes the progress of the opponent with hips, shoulders or torso without establishing legal body contact and having no intent of playing the puck.

**Boarding**

A player cannot commit any infraction, including body checking, for the purpose of intimidation or punishment that causes their opponent to go dangerously or excessively into the boards. Examples include:

- Accelerating through the check to a player who is in a vulnerable position off of the boards that causes them to go dangerously into the boards.
- Driving an opponent excessively into the boards with no focus on or intent to play the puck.
- Any other infraction (tripping, cross-checking, charging etc.) that causes the opponent to go dangerously and excessively into the boards.

**Charging**

A player cannot take more than two fast strides or travel an excessive distance to accelerate through a body check for the purpose of punishing the opponent. Examples include:

- Running or jumping into the opponent to deliver a check.
- Accelerating through a check for the purpose of punishing the opponent.
- Skating a great distance for the purpose of delivering a check with excessive force.

**Checking From Behind**

A player cannot deliver a body check to an opponent directly from behind, or diagonally from behind. The onus is on the player delivering the check to not hit from behind. Examples include:

- Body checking or pushing an opponent from behind directly into the boards or goal frame or in open ice.
**Head Contact**
A player cannot contact an opponent in the head, face or neck, including with the stick or any part of the players body or equipment. The onus is on the player delivering the check, regardless as to size differential, to not make contact in the head/neck area of the opponent. Examples include:

- A body check delivered with any part of the body that makes direct contact with the head or neck area.
- The use of the forearm or hands to deliver a check to the head or neck area of the opponent.

**Roughing**
A player cannot use the hands, stick or extension of the arms to body check an opponent or deliver an avoidable body check to a player who is not in possession and control of the puck. Examples include:

- Intentionally playing the body of an opponent who does not have possession and control of the puck.
- Delivering an avoidable check to a player who has already relinquished control of the puck by a pass or shot. This is oftentimes referred to as “finishing” the check.
- Any avoidable contact after the whistle shall be penalized strictly, including scrum situations around the goal or along the boards. Officials are instructed to assess an additional penalty to those players acting as the aggressor or who instigates any contact after the whistle.

**Summary**
All USA Hockey members must demonstrate awareness and support for the application, spirit and the respect of the rules in order for continued improvement in the game of hockey. At the same time, it is important to remember that:

- A player is entitled to use proper body position and body contact in all age classifications in order to gain a competitive advantage.
- Players are allowed to compete for body position using their strength and balance in front of the goal or along the boards.
- In Body Checking categories, the focus of the body check must be to gain possession of the puck.

**RESTRAINING FOULS**
The goal of the restraining fouls enforcement standard is to reduce restraining infractions in the game and not to remove legal body checking or body contact. A hard body check or using body contact/position (Body Contact categories) to gain a competitive advantage over the opponent should not be penalized as long as it is performed within the rules.

The principles of the continued enforcement standard include the following:

- The use of the stick will be limited to only playing the puck.
- The stick will not be allowed to in any way impede a player’s progress.
- The use of a free hand/arm will not be allowed to grab or impede a player’s progress.
- Players who use their physical skills and/or anticipation and have a positional advantage shall not lose that advantage as a result of illegal acts by the opponent.
- Players will be held accountable for acts of an intimidating or dangerous nature.

**Enforcement Standard** – These penalties are to be called with very strict enforcement.
Hooking
A player cannot use his/her stick against an opponent’s body (puck carrier or non-puck carrier) to gain a positional advantage. Examples include:
- Tugs or pulls on the body, arms or hands of the opponent which allows for the space between the players to diminish.
- Placing the stick in front of the opponent’s body and locking on – impeding the opponent’s progress or causing a loss of balance.
- Stick on the hand/arm that takes away the ability for the opponent to pass or shoot the puck with a normal amount of force.

Tripping
A player cannot use his/her stick on the legs or feet of an opponent in a manner that would cause a loss of balance or for them to trip or fall. Examples include:
- Placing the stick in front of the opponent’s legs for the purpose of impeding progress, even if on the ice, with no effort to legally play the puck.
- Placing the stick between the legs of the opponent (can opener/corkscrew) that causes a loss of balance or impedes the progress of the opponent.

Holding
A player cannot wrap his/her arms around an opponent or use a free hand to clutch, grab or hold the stick, jersey or body on the opponent in a manner that impedes their progress. Examples include:
- Wrapping one or both arms around the opponent along the boards in a manner that pins them against the boards and prevents them from playing the puck or skating.
- Grabbing the opponent’s body, stick or sweater with one or both hands.
- Using a free arm/hand to restrain or impede the opponent’s progress.

Interference
A player cannot use his/her body to impede the progress of an opponent with no effort to play the puck, maintain normal foot speed or established skating lane. Examples include:
- Intentionally playing the body of an opponent who does not have possession or possession and control of the puck.
- Using the body to establish a “pick” or “block” that prevents an opponent from being able to chase a puck carrier.
- Reducing foot speed or changing an established skating lane for the purpose of impeding an opponent from being able to chase a puck carrier.

Slashing
The use of the stick will be limited to only playing the puck. Any stick contact, as a result of a slashing motion, to the hands/arms or body of the opponent will be strictly penalized. In addition, hard slashes to the upper portion of the stick (just below the hands) of an opponent, with no attempt to legally play the puck, shall also be penalized.

Conclusion
All USA Hockey members must demonstrate awareness and support for the application, spirit and the respect of the rules in order for continued improvement in the game of hockey. At the same time, it is important to remember that:
- Players are entitled to the ice they occupy as long as they are able to maintain their own foot speed and body position between opponent and puck.
Players are allowed to compete for body position using their strength and balance in front of the goal or along the boards.

Coaches are expected to teach proper skills and hold their players accountable for illegal and dangerous actions, regardless as to whether they are properly penalized, or not.

Parents are expected to support the decisions of the officials and support the coaches in teaching the proper skills in a safe and positive environment.

Officials shall enforce a strict penalty standard according to the guidelines that have been established.

Players are expected to compete within the playing rules.

Administrators are expected to hold players, coaches, officials and parents accountable for their actions in an effort to promote a safe and positive environment for all participants.

All members of USA Hockey share an equal responsibility to ensure the integrity of the game is upheld. The onus is not only on the officials, but also on administrators, coaches, parents and players as well.

A. YOUTH HOCKEY

The USA Hockey mission statement for its youth programs is as follows:
• To provide an innovative grassroots foundation for the growth and development of USA Hockey, designing programs aimed at increased participation, improved skills and a responsible environment for the conduct of youth hockey.

The American Development Model (ADM) is the basis for youth hockey in the United States. It provides:
• A safe and healthy environment for all.
• A fun opportunity for all new players who wish to play hockey.
• Fair and equal opportunity for all to participate in our sport.
• An opportunity to learn the basic skills without an over-emphasis on winning.
• A philosophy which attempts to reduce the number who become disenchanted and drop out.
• An opportunity for those who wish to advance in a more competitive environment to do so.
• Qualified adult leadership.

USA Hockey recommends:
• Scoring records should be de-emphasized at the age of 11 & under.
• Awards should be inexpensive and based on significant achievement. The most gratifying award any player can receive is the joy that comes from skill development that contributes to team success.
• The recruitment of players on a widespread geographic basis for the establishment of youth division “travel teams” may be pursued under the guidelines established by USA Hockey.
• It is recommended that adult volunteers place a primary emphasis on the formal education of players and a de-emphasis on excessive competition and a win-at-all-costs attitude in the youth age classifications.
• Sportsmanship at all times should be emphasized.

USA Hockey has created four distinct categories within its structure to help meet the needs of the youth player. As the primary provider of grassroots hockey across the country, USA Hockey believes everyone should have the opportunity to play hockey at a level that matches their passion for the game.

1. Learn to Play/FUNdamentals – This program is designed to meet the needs of the beginning player. Basic skills will be taught equally in a non-competitive environment. Fun, physical development and a sociable environment are stressed.

2. Hockey for Life (All Ages)
   • Flex Hockey – This program is designed to provide opportunities to play for enjoyment, fitness, relaxation and fellowship. The focus will be on creating a fun, safe environment where participants can be active in the sport of hockey with flexible participation commitment and varied playing formats and varied playing rules.
   • Recreational Hockey – The backbone of youth hockey, recreational hockey encourages internal or “house league” play. Fun, physical development and a sociable environment are stressed.
## Programs & Philosophies

**Hockey for Life**
Players can enter the game at any stage. ‘Hockey for Life’ provides quality recreational opportunities for all ages. USA Hockey encourages adults to lead a physically active lifestyle and continue contributing to the sport through volunteerism as coaches, referees and administrators.

### USA Hockey’s American Development Model

#### Train to Win

#### Ages 19+ Female
- **Ages 19-21 Female**
  - **Ages 19-23 Male**
  - The focus of this stage is the stabilization of performance-on-demand characteristics and excellence within the highest level of performance at the professional level. World Championships and Olympics. This is the final phase of athletic preparation that only a very small minority will achieve. Maturation is complete and all the performance factors should be fully established to optimize performance in national or international competitions. The athletes in this stage will be the performers in the highest level professional leagues and at the highest international level. It is important to build a winning strategy with these athletes, and to individualize training and recovery programs to prevent over-training.

#### Junior, NCAA: Training calendar that easily supports both training and competition.
- **NCAA, Professional:** Appropriate training that supports competition calendar.

---

### Active Start

**Ages 0-6**
This early development period is essential for acquiring fundamental movement skills (running, sliding, jumping, kicking, catching, striking) that lay the foundation for more complex movements, thereby preparing children for a healthy, physically active lifestyle.

USA Hockey encourages activity that incorporates fundamental movement skills in the four environments that lead to physical literacy:
- **In the water:** Swimming.
- **On the ground:** Athletics.
- **In the air:** Gymnastics.
- **On ice and snow:** Sliding/Skating.

Kids should start with a learn-to-skate program and then a learn-to-play program as their initial steps into ice hockey.

#### 6 & Under:
- **Ice sessions:** 2-3 on-ice/off-ice sessions/week
- **On-ice time:** 50-60 minutes
- **Off-ice time:** 2-3 on-ice/off-ice sessions/week
- **Team size:** 5-9 skaters per team
- **Practice time:** 34-40 minutes
- **Game time:** 16-20 minutes

#### 8 & Under:
- **Ice sessions:** 2-3 on-ice/off-ice sessions/week
- **On-ice time:** 60-90 minutes

- **Game time:** 16-20 minutes

---

### FUNdamentals

**Ages 6-8 Female**
- **Ages 6-9 Male**
The objective of this stage is to refine fundamental movement skills and begin to acquire basic sports skills. This period is a foundation for the future acquisition of more advanced skills.

#### Ages 8-11 Female
- **Ages 9-12 Male**

#### Ages 11-15 Female
- **Ages 12-16 Male**
The focus of this stage is to further develop sports-specific skills, begin to introduce competition, and start to emphasize support training to continue development of speed, strength and stamina while maintaining flexibility.

Players should consolidate sport-specific technical skills with an increased emphasis on hockey and a reduction in the number of other sports played. A continued focus is also placed on the development of individual and group tactics. Social and emotional considerations are addressed by placing an emphasis on team-building, group interaction and social activities.

#### Ages 15-18 Female

### Programs & Policies

- **Train to Win:** The focus of this stage is the stabilization of performance-on-demand characteristics and excellence within the highest level of performance at the professional level. World Championships and Olympics. This is the final phase of athletic preparation that only a very small minority will achieve. Maturation is complete and all the performance factors should be fully established to optimize performance in national or international competitions. The athletes in this stage will be the performers in the highest level professional leagues and at the highest international level. It is important to build a winning strategy with these athletes, and to individualize training and recovery programs to prevent over-training.

### Conclusion

USA Hockey’s American Development Model provides a structured approach to developing skaters from early childhood through to the highest levels of competition. By focusing on fundamental movement skills, sport-specific technical skills, and the development of mental skills and underlying physical capabilities, athletes are prepared for success at any level of play. The model emphasizes a tiered approach to training, with each stage building on the skills and knowledge gained in the previous stages. This ensures that athletes are well-prepared for the demands of competitive hockey, whether they are just starting out or have aspirations of reaching the highest levels of the sport.

3. **Travel (Beginning at 14U)** – Qualified coaches teach higher-level skill development and team play for players within local associations who have the desire and ability for a more committed hockey experience. Balance of winning and sportsmanship is stressed, and travel for competition should be reasonable. Players should still receive equivalent playing time. Team objectives include local, league, state and national championships.

4. **Select/High Performance (Beginning at 16U)** – A high-level national program which draws from the very best players in programs across the country, then prepares them to play for the United States in international competitions.

**B. CODE OF CONDUCT**

**Administrator’s Code of Conduct**

- Follow the rules and regulations of USA Hockey and your association to ensure that the association’s philosophy and objectives are enhanced.
- Support programs that train and educate players, coaches, parents, officials and volunteers.
- Promote and publicize your programs; seek out financial support when possible.
- Communicate with parents by holding parent/player orientation meetings as well as by being available to answer questions and address problems throughout the season.
- Work to provide programs that encompass fairness to the participants and promote fair play and sportsmanship.
- Recruit volunteers, including coaches, who demonstrate qualities conducive to being role models to the youth in our sport.
- Encourage coaches and officials to attend USA Hockey clinics and advise your board members of the necessity for their training sessions.
- Make every possible attempt to provide everyone, at all skill levels, with a place to play.
- Read and be familiar with the contents of the *USA Hockey Annual Guide* and USA Hockey’s official playing rules.
- Develop other administrators to advance to positions in your association, perhaps even your own.

**Coach’s Code of Conduct**

- Winning is a consideration, but not the only one, nor the most important one. Care more about the child than winning the game. Remember, players are involved in hockey for fun and enjoyment.
- Be a positive role model to your players. Display emotional maturity and be alert to the physical safety of players.
- Be generous with your praise when it is deserved; be consistent and honest; be fair and just; do not criticize players publicly; learn to be a more effective communicator and coach; don’t yell at players.
- Adjust to personal needs and problems of players; be a good listener; never verbally or physically abuse others, particularly a player or official; give all players the opportunity to improve their skills, gain confidence and develop self-esteem; teach players the basics.
• Organize practices that are fun and challenging for your players. Familiarize yourself with the rules, techniques and strategies of hockey; encourage all your players to be team players.
• Maintain an open line of communication with your players’ parents. Explain the goals and objectives of your association.
• Be concerned with the overall development of your players. Stress good health habits and clean living.
• To play the game is great, to love the game is greater.

On-Ice Official’s Code of Conduct
• Act in a professional and businesslike manner at all times and take your role seriously.
• Strive to provide a safe and sportsmanlike environment in which players can properly display their hockey skills.
• Know all playing rules, their interpretations and their proper application.
• Remember that officials are teachers. Set a good example.
• Make your calls with quiet confidence; never with arrogance.
• Manage and help to control games in cooperation with the coaches to provide a positive and safe experience for all participants.
• Violence must never be tolerated.
• Be fair and impartial at all times.
• Answer all reasonable questions and requests.
• Enforce USA Hockey’s “zero tolerance” policy in all cases.
• Never use foul or vulgar language when speaking with a player, coach or parent.
• Use honesty and integrity when answering questions.
• Admit your mistakes when you make them.
• Never openly criticize a coach, player or fellow official.
• Keep your emotions under control.
• Use only USA Hockey-approved officiating techniques and policies.
• Dedicate yourself to personal improvement and maintenance of officiating skills.
• Respect your supervisor and his/her critique of your performance.

Parent’s Code of Conduct
• Do not force your children to participate in sports, but support their desires to play their chosen sports. Children are involved in organized sports for their enjoyment. Make it fun.
• Encourage your child to play by the rules. Remember, children learn best by example, so applaud the good plays of both teams.
• Do not embarrass your child by yelling at players, coaches or officials. By showing a positive attitude toward the game and all of its participants, your child will benefit.
• Emphasize skill development and practices and how they benefit your young athlete. De-emphasize games and competition in the lower age groups.
• Know and study the rules of the game and support the officials on and off the ice. This approach will help in the development and support of the game. Any criticism of the officials only hurts the game.
• Applaud a good effort in both victory and defeat, and enforce the positive points of the game. Never yell or physically abuse your
child after a game or practice – it is destructive. Work toward removing the physical and verbal abuse in youth sports.

- Recognize the importance of volunteer coaches. They are important to the development of your child and the sport. Communicate with them and support them.
- If you enjoy the game, learn all you can about hockey – and volunteer.

**Player’s Code of Conduct**

- Play for fun.
- Work hard to improve your skills.
- Be a team player – get along with your teammates.
- Learn teamwork, sportsmanship and discipline.
- Be on time.
- Learn the rules and play by them. Always be a good sport.
- Respect your coach, your teammates, your parents, opponents and officials.
- Never argue with an official’s decision.

**Spectator’s Code of Conduct**

- Display good sportsmanship. Always respect players, coaches and officials.
- Act appropriately; do not taunt or disturb other fans; enjoy the game together.
- Cheer good plays of all participants; avoid booing opponents.
- Cheer in a positive manner and encourage fair play; profanity and objectionable cheers or gestures are offensive.
- Help provide a safe and fun environment; throwing any items on the ice surface can cause injury to players and officials.
- Do not lean over or pound on the glass; the glass surrounding the ice surface is part of the playing area.
- Support the referees and coaches by trusting their judgment and integrity.
- Be responsible for your own safety – be alert to prevent accidents from flying pucks and other avoidable situations.
- Respect locker rooms as private areas for players, coaches and officials.
- Be supportive after the game – win or lose. Recognize good effort, teamwork and sportsmanship.

C. **JUNIOR HOCKEY**

**Philosophy of the Junior Hockey Program**

The goals of junior hockey are to promote, develop and administer the domestic USA Hockey program for junior-aged players, teams and leagues.

USA Hockey's Junior Program is available to athletes who are at least 16 years of age and no older than 20 as of the 31st day of December of the current season of competition (provided that, pursuant to USA Hockey Rules & Regulations, Section XI: Junior Hockey, Subsection C, Junior Age Players and Citizenship, players that are 15 years of age on or before December 31st of the current season may be permitted to play Junior Hockey upon submission and approval of a petition).
The program is available to high school students and graduates who seek a greater or different challenge than that which might be available through their prep school team, high school varsity or club team or area 18 & under teams. The principal purpose of this development program is to prepare the athlete for career advancement either in a collegiate program or a professional opportunity.

Junior hockey leagues/teams are certified, annually, by the Junior Council, in the following classifications: Tier I; Tier II; Tier III; and provisional for any of the foregoing classifications.

**TIER I**
The Tier I program is a developing concept designed to become the best amateur hockey league in the world which will attract the top 16-20 year-old players and further develop its coaches and officials through the highest level of competition. Important goals of the Tier I program are:

- to maintain the eligibility of all athletes for NCAA competition;
- to offer quality academic development;
- to allow players to achieve maximum skill development;
- to broaden the base of development in coordination with USA Hockey’s National Team Development Program.

**Key strategies for the Tier I program are:**

- to attract the best players, coaches and officials in the United States;
- to attract solid investors as franchise owners and operators;
- to market the league, teams, players, coaches and officials to the most aggressive degree possible while ensuring that all future development and movement options (NCAA included) remain open and available;
- to manage the business from a profit-driven perspective in order to invest back into the league;
- to strengthen relationships in the hockey community by promoting the league as the vehicle to do so;
- to become the most successful junior hockey league in the world; and
- to focus on a national presence.

Currently there is one league certified by USA Hockey at the Tier I Level.

**TIER II**
The Tier II league and teams provide a competitive opportunity for the elite player on a nationwide basis. Their role in the development of players, coaches and officials involved is clearly defined. Currently, there is one league certified by USA Hockey for competition at the Tier II level.
North American Hockey League (NAHL)
Mark Frankenfeld, Commissioner and President
5151 Belt Line Road, Suite 877, Dallas, TX 75254

TIER III
Tier III leagues and teams provide a competitive opportunity for the elite player on a national, regional and localized geographic basis. There are currently two leagues certified by USA Hockey for competition at the Tier III level.

All other teams/leagues not classified as Tier I, Tier II or Tier III, but included within the Junior age group, are classified as Tier III independent teams. Members include independent teams not associated with certified leagues.

Contact information for each of USA Hockey’s Tier III certified junior leagues is below:

The purpose of Junior hockey is essentially two-fold:

1. **Opportunity**
   To provide an opportunity for players in this age group to play organized hockey.

2. **Development**
   To improve and develop the skills and abilities of all the participants, including players, coaches and officials.

The goals of Junior hockey as a program of USA Hockey are as follows:

1. **Skill Development**
   To provide talented young players with the opportunity to develop in an organized, structured, competitive and supervised environment.

2. **Quality Coaching**
   To provide considerable training time, quality coaching instruction and concerned oversight.

3. **Social Maturity**
   To provide players with a healthy, constructive environment in which to develop socially.

4. **Educational Advancement**
   To provide assistance and opportunities for the accomplishment of the participant’s educational goals.
(5) Recruiting Exposure
To provide players with exposure to collegiate and professional scouts and recruiters.

(6) Advanced Competition
To provide players with exposure to national and international competition.

(7) Protection of Amateur Status
To protect, most importantly, the amateur status of all participants under the rules and guidelines established by the International Ice Hockey Federation, USA Hockey, Hockey Canada, the NCAA, the NAIA and the National Federation of High Schools.

Youth/Junior Affiliated Player Policy
The USA Hockey Youth/Junior Affiliated Player Policy applies to USA Hockey sanctioned Junior Tier I and Tier II classifications. The Affiliated Player Policy allows USA Hockey-registered 16-, 17- and 18- birth year players to participate in USA Hockey Tier I and Tier II rosters and allows the junior team to see a potential upcoming player in the junior environment. The terms of the Affiliated Player Policy shall be set forth in the applicable league licensing agreement with the applicable league. To qualify for play under the Affiliated Player Policy, the applicable team and affiliate player must follow the Affiliate Player Policy approved by USA Hockey for the applicable league.

D. PLAYER DEVELOPMENT & INTERNATIONAL PROGRAMS

The objective of USA Hockey’s Player Development Program is to select and train the most competitive men's and women's ice hockey and sled hockey teams to represent the United States at the Olympic, Paralympic, National, and Select levels of international competition.

The attainment of that goal begins each summer as USA Hockey hosts a series of national and/or regional Player Development Camps for able-bodied boys and girls ages 14, 15, 16 and 17 as well as a camp for sled hockey players. Nearly 1,300 athletes representing each of USA Hockey’s 12 districts participate in the week-long events, which attract scouts and evaluators from every level of hockey. Participants receive on- and off-ice training under the direction of leading USA hockey coaches, along with current and former National Hockey League, Women’s National Team and National Sled Team players. Participants are chosen through an evaluation process conducted at the local and district levels.

USA Hockey's National Team Development Program is an important part of its player development efforts for select 16 and 17-year-old boys. The full-time residency program was formed to help influence increased success at all levels of international competition and also prepare players for professional hockey. In addition, USA Hockey’s junior leagues, including the Tier I United States Hockey League and Tier II North American Hockey League, also play a significant role in USA Hockey’s player development strategy.

USA Hockey has a world-leading commitment in fostering the growth and development of its women’s national team program. In addition to providing America’s top girls’ and women’s ice hockey players with opportunities to
participate in regional and national training camps, USA Hockey also provides training stipends for the top players in the United States. Athletes have access to the best coaches, training and support staff as well as competition opportunities to support the ultimate objective of finishing at the top of the podium in international play.

An on-going commitment to the development and advancement of its world-class sled hockey program is also a big part of USA Hockey’s efforts on the international stage. In addition to providing athletes with the best coaches, training and support staff, USA Hockey conducts national and development-level camps for athletes, in addition to providing various competition opportunities. Top national-level athletes receive training stipends to help assist in the ultimate goal of winning gold medals at the Paralympics and World Championship.

E. COACHING EDUCATION PROGRAM

The objective of the Coaching Education Program is to improve the caliber and quality of coaching in amateur hockey. Five levels of achievement and six online age-specific modules have been established to educate and train each coach, from the beginner to the highly skilled expert.

The Coaching Education Program is committed to developing coaches who will be effective instructors and role models through a comprehensive education program at all levels of play. The program emphasizes fundamental skills, conceptual development, sportsmanship and respect for teammates, opponents, coaches, officials, parents and off-ice officials.

District coaches-in-chief use trained coaching education personnel to conduct the first three progressive levels of instructional coaching clinics. The coaches-in-chief themselves organize and conduct the Level 4 clinics, while the director of the coaching education program conducts the Level 5 clinic. All registered coaches are required to complete clinics in accordance with USA Hockey standards.

USA Hockey has developed a full range of instructional materials for coaches to use on the ice, as well as in the classroom. The materials are also used by USA Hockey’s Player Development Program and the International Ice Hockey Federation.

F. OFFICIATING EDUCATION PROGRAM

The objective of the Officiating Education Program is to supply each official with the knowledge and skills of the game that will equip them to do the best job possible.

Instructional and support material has been developed on a progressive step-by-step basis so that the official can improve their ability and effectiveness over a period of time, be confident that they have received the training to do a good job and be recognized for their accomplishments. Four levels of achievement have been created for this purpose: Level 1, Level 2, Level 3 and Level 4.

District referees-in-chief utilize trained regional instructors to conduct instructional seminars and clinics dealing with topics like on-ice mechanics,
rules interpretation and advanced theories of officiating. All registered
officials are required to attend one seminar annually and complete prescribed
online education.

Each summer, development camps are conducted. These camps are designed
to further the education of selected officials on all levels using the latest
educational methods and techniques. Instructors include National Hockey
League officials and educators.

A full complement of instructional materials, including on-line modules,
manuals and videos, have been developed for educational purposes.
POLICIES
A. ZERO TOLERANCE

USA Hockey is committed to creating a safe and fair environment for all participants. Respect for the game, the opponents, coaches and officials is a critical part of the environment that is created. This Zero Tolerance Policy summarizes required actions to be taken when violations occur.

All players, coaches, officials, team officials and administrators and parents/spectators are required to maintain a sportsmanlike and educational atmosphere before, during and after all USA Hockey-sanctioned games. Thus, the following points of emphasis must be implemented by all USA Hockey participants and spectators.

**Players**
A minor penalty for unsportsmanlike conduct (zero tolerance) shall be assessed whenever a player:
1. Openly disputes or argues any decision by an official.
2. Taunts or incites an opponent.
3. Visually creates a disturbance during the game.

Any time that a player persists in any of these actions, they shall be assessed a misconduct penalty. A game misconduct shall result if the player continues such action.

**Coaches**
A minor penalty for unsportsmanlike conduct (zero tolerance) shall be assessed whenever a coach:
1. Openly disputes or argues any decision by an official.
2. Uses obscene, profane or abusive language to anyone at any time.
3. Visually displays any sign of dissatisfaction with an official’s decision including standing on the boards or standing in the bench doorway with the intent of inciting the officials, players or spectators.

Any time that a coach persists in any of these actions, he/she shall be assessed a game misconduct penalty.

In addition, any player/coach who uses language that is offensive, hateful, or discriminatory in nature anywhere in the rink before, during or after the game shall be penalized under Rule 601(e.3) resulting in a match penalty. Such behavior is reprehensible and has absolutely no place in our game. The offender shall be immediately suspended until a hearing is conducted by the governing USA Hockey Affiliate or Junior League.

**Officials**
Officials are required to conduct themselves in a businesslike, sportsmanlike, impartial and constructive manner at all times. The actions of an official must be above reproach. Actions such as “baiting” or inciting players or coaches are strictly prohibited.

Officials are strongly encouraged to introduce themselves to the coaches prior to the game to establish a basis of mutual respect and to facilitate/define in-game communication.

Officials are ambassadors of the game and must always conduct themselves with this responsibility in mind.
Parents/Spectators
Parents are expected to be a positive role model by treating all players, coaches, officials and fellow spectators with respect and support.

The game will be stopped by game officials when parents/spectators displaying inappropriate and disruptive behavior interfere with other spectators or the game. The game officials will identify violators to the coaches for the purpose of removing parents/spectators from the spectator’s viewing and game area. Once removed, play will resume. Lost time will not be replaced and violators may be subject to further disciplinary action by the local governing body. This inappropriate and disruptive behavior shall include:

1. Use of obscene, profane or abusive language to anyone at any time.
2. Taunting of players, coaches, officials or other spectators by means of baiting, ridiculing, threat of physical violence or physical violence.
3. Throwing of any object in the spectators viewing area, players bench, penalty box or on ice surface, directed in any manner as to create a safety hazard.

USA Hockey strongly recommends that each local youth hockey registered team designate a volunteer to serve as a parent/spectator monitor during all team games. This monitor will, ideally, address inappropriate spectator behavior prior to the situation escalating to the point it has an impact on the game. This designated monitor shall have the full support of the youth hockey association and the arena management to remove any spectator in violation of the Zero Tolerance Policy.

Administrators
Administrators are the key to building a positive, growing and safe USA Hockey Community. Create a culture that is:

1. Welcoming
2. Protected
3. Respected
4. Connected
5. Valued

Administrators are responsible for enforcing the rules and policies established and approved by USA Hockey, their Affiliate, and their Association or Club. This includes taking disciplinary action, as deemed appropriate, towards any parent/spectator removed from a game as a result of a violation of the Zero Tolerance Policy.

B. SAFESPORT

The safety of its participants is of paramount importance to USA Hockey. This includes not only on-ice safety, but also off-ice safety in any part of USA Hockey’s programs.

USA Hockey has ZERO TOLERANCE for abuse and misconduct.

USA Hockey SafeSport is a program focused on the organization’s off-ice safety efforts.

The USA Hockey SafeSport Handbook addresses the following:

- Policies prohibiting the following:
— Sexual misconduct
— Physical misconduct
— Emotional misconduct
— Bullying
— Threats
— Harassment
— Hazing

Other policies included address areas where misconduct can occur and are intended to reduce the risk of potential abuse, including:
— One-on-one interactions
— Locker rooms
— Athletic training modalities
— Social media and electronic communications
— Travel
— Billeting

- Education and awareness training
- Screening and background check program
- Reporting of concerns of abuse
- Responding to abuse and other misconduct
- Monitoring and supervision of the SafeSport Program

A USA Hockey member or other person under the jurisdiction of USA Hockey who (1) violates any of the SafeSport policies or (2) fails to consent to, and pass a screening and background check in compliance with the Screening and Background Check Program, may be denied eligibility within any USA Hockey program and is subject to appropriate disciplinary action including, but not limited to, suspension, permanent suspension, and/or referral to law enforcement authorities.

As the national governing body for ice hockey in the United States, USA Hockey has delegated the jurisdiction and authority to the U.S. Center for SafeSport (“USCSS”) to (1) investigate all reports or allegations of sexual abuse or misconduct (as referenced in the USA Hockey SafeSport Program Handbook and defined by the USCSS), (2) issue any interim suspension or measures pending conclusion of the investigation, (3) make recommendations of sanctions or disciplinary action as a result of such investigation, and (4) adjudicate such matter.

For the complete USA Hockey SafeSport Handbook, visit usahockey.com/safesport.

C. GENDER EQUITY – CO-ED LOCKER ROOMS

The issue of co-ed dressing arrangements in locker rooms often arises, and USA Hockey is frequently asked to provide some type of guideline about dealing with such situations. Teams, leagues, associations and USA Hockey need to recognize that there are gender equity issues to deal with when managing a co-ed locker room setting. Both female and male privacy rights must be given consideration and appropriate arrangements made.

USA Hockey’s member organizations should consider the following:

1. Recognize that it is an issue that must be dealt with and that favoring one group over another can produce legal ramifications,
2. Recognize that the ideal situation of using two, separate dressing rooms is not possible in many ice rink/arena settings;

3. Recognize that it is an issue that will increase in visibility as girls’/women’s participation in USA Hockey continues to grow; and

4. Recognize that it is an issue for members who are participating as players, coaches and officials.

Some acceptable approaches, arrived at in conjunction with the Girls’/Women’s Section, the Coaching Education Program and the Officiating Program, are as follows:

**NOTE:** Arrange to provide properly screened adults as locker room monitors who are of the same sex as the children they are supervising/monitoring. Make certain that locker rooms are monitored in accordance with the USA Hockey SafeSport Program policies.

A. Where possible, have the male and female players undress/dress in separate locker rooms; then convene in a single dressing room to hold the coach’s pre-game meeting;

B. Once the game is finished, hold the coach’s post-game meeting, then have the male and female players proceed to their separate dressing rooms to undress and shower (separately), if available.

C. In those cases where separate facilities are not available, have one gender enter the locker room and change into their uniforms. That gender then leaves the locker room, while the other gender dresses. Both genders would then assemble in the locker room and hold the coach’s pre-game meeting.

D. Following the game and the coach’s post-game meeting, where separate facilities are not available, the second gender group enters the locker room and undresses, while the first group waits outside until they have undressed and left the room. Once the second group leaves, the first group enters the locker room and undresses.

E. If sharing one locker room, have a minimum attire policy. All players should be required to arrive at the rink or change in a separate area so that prior to entering the locker room they are wearing their hockey base layers or shorts and t-shirts (in good condition - no holes or tears in clothing). All members of the team must have this minimum attire before entering a co-ed locker room so that no player has the opportunity to see players of the opposite gender in a state of dress/undress.

**NOTE:** Taking turns or requiring minimum attire is a means of ‘reasonable accommodation,’ so neither gender group is favored.

Failing to establish some type of similar procedure, or failure to seriously consider the privacy issues will likely lead to complaints and/or lawsuits. By being proactive on this issue, everyone [coaches, players, officials, volunteers and parents] can enjoy the sport without the worry of legal actions or the invasion of privacy concerns arising.

Lastly, reinforce to all players, coaches, officials, volunteers and parents that your organizations are going to take this issue seriously. It is not acceptable for members to be observing the opposite gender while they dress or undress. Members and volunteers who violate USA Hockey’s policies, or who violate the privacy rights of others, could be subject to appropriate discipline.
D. ALCOHOL, TOBACCO, SMOKING PRODUCTS AND DRUG ABUSE

It is the considered judgment of the Board of Directors of USA Hockey that consumption/use/abuse of mood altering substances is detrimental to a healthy state of mind, body, and spirit in an athletic participant. This is especially true for those participants aspiring to develop their talents in the furtherance of their playing, or coaching, or officiating careers in the sport of ice hockey. Therefore, with the best interests of its participants in mind, USA Hockey prohibits use by any participant of alcohol, tobacco, smoking products or drugs, as these terms are defined below, during participation in its programs as follows:

1. Zero tolerance for possession or use of drugs by any participant unless participant is currently under a doctor’s care and the medication is required for treatment of an illness or injury;
2. Zero tolerance for providing or condoning the use of alcohol, tobacco, smoking products or drugs to or by a minor athlete by a coach, assistant coach, manager, official or any other person who is in a position of authority over that athlete;
3. Zero tolerance for being under the influence of alcohol, tobacco, smoking products or drugs while supervising minor athletes or while participating in a USA Hockey practice, game or event; and
4. Abuse of alcohol, tobacco, smoking products or drugs by a participant while participating at a USA Hockey event other than that prohibited by #3 above.

Violation of this policy shall subject the participant to disciplinary action up to and including suspension or disqualification from membership. Further, USA Hockey hereby recommends that each and all of its teams, associations, programs and affiliates develop and enforce alcohol, tobacco, smoking products and drug abuse policies and practices that are consistent with this policy.

For purposes of this policy, the word “alcohol” shall include the following:
1. Intoxicating beverages.

For purposes of this policy, the words “drug” shall include the following:
1. Any controlled substances.
2. Prescription or prescribed controlled substances when used to an excess in violation of doctors orders, or to produce the state of intoxication in the participant.
3. Any mood altering or psychoactive substance that produces a state of intoxication in the participant.

For purposes of this policy, the words “tobacco and smoking products” shall include the following:
1. Electronic Smoking Devices are devices that heat a chemical solution into a vapor that is inhaled into the lungs (e-cigarettes, e-cigars, e-pipes, vape pens or other similar devices).
2. Smokeless Tobacco are tobacco products chewed or snuffed rather than smoked by the user, including dipping tobacco, chewing tobacco, snuff, snus or similar tobacco products not used for smoking.
3. Tobacco smoking is the use of regular tobacco in cigarettes, cigars, pipes, hookahs, water pipes or other similar tobacco smoking products.

Further, the word “participant” shall include players, coaches, referees, and all persons involved in the conduct of an ice hockey contest.
**E. SLED HOCKEY**

It is USA Hockey policy that sled hockey players (playing on sleds) shall not compete in games with players who are playing hockey standing up (playing on skates).

**F. SPORTS CONCUSSION MANAGEMENT PROGRAM**

A sports concussion management program must be incorporated within each Affiliate. USA Hockey’s program is available at usahockey.com/safety-concussions. This is the minimum concussion protocol to be followed by all USA Hockey programs.

Requests for usage of USA Hockey’s lists must be made in writing to the Executive Director.

**H. CONFLICTS OF INTEREST**

Conflicts of interest have the potential to cause legal problems as well as embarrassment for USA Hockey, Inc. ("USA Hockey"). While conflicts of interest are not prohibited, they must be duly considered by an appropriate body or party of USA Hockey, based on disclosures as required by USA Hockey. This Conflicts of Interest Policy (this “Policy”) is intended to help directors, officers, employees, members of Councils, Committees, Sections and similar bodies, and certain other persons identify situations that present possible conflicts of interest and to provide USA Hockey with procedures whereby potential conflicts may be reviewed by an appropriate body or party of USA Hockey.

Conflicts of interest exist where an individual’s activities or relationships present the potential for improper personal gain or advantage, or an adverse effect on the interests of USA Hockey. It is impossible to list every circumstance giving rise to a conflict of interest; however, this Policy will serve as a guide to the types of circumstances that create conflicts of interest. Because the nature
of the business of USA Hockey requires great public respect for and trust in the reputation and integrity of USA Hockey, and because USA Hockey operates in the public spotlight, USA Hockey is expected to conduct its affairs in a manner consistent with high ethical principles. USA Hockey correspondingly requires Responsible Persons (as defined below) to act in the same manner.

It is recognized that many persons serving in paid, volunteer and other roles with USA Hockey may also have volunteer, employment, management, ownership and other relationships with other entities involved in hockey that give rise to fiduciary and similar obligations to those other third parties. Ordinarily a Responsible Person’s obligations to USA Hockey and a third party are not in conflict; however, when Conflicts of Interest arise, a Responsible Person has a primary fiduciary duty to USA Hockey and must always act in the best interests of USA Hockey. If a Conflict exists, then the Responsible Person must recuse themselves from involvement in the matter as more fully set forth in Section C below. Recognizing that Conflicts of Interest arise, this Policy is intended to preserve the integrity of the decisions and actions taken by USA Hockey.

A. Definitions

As used in this Policy, the following capitalized terms shall have the meanings indicated.

“Agent” refers to a person serving as a director, officer, agent, partner, associate, trustee, personal representative, receiver, guardian, custodian, conservator or other legal representative of an entity or individual.

“Board” is the Board of Directors of USA Hockey.

“Transaction” is any contract, transaction, agreement or relationship involving the sale or purchase of goods, services, or rights of any kind, the providing or receipt of a grant or loan, or the establishment of any other financial relationship with USA Hockey or a Related Organization.

“Control” exists if an entity or individual either [i] owns, directly or indirectly, at least fifty percent (50%) of the equity ownership of another entity, or [ii] has the right, directly or indirectly, to direct or cause the direction of the management and policies of another entity, whether through the ownership of voting interests, by contract, or otherwise.

“Family Member” is a spouse, parent, child or a spouse of a child, brother, sister or spouse of a brother or sister, of a Responsible Person.

“Related Organization” is an entity that controls, is controlled by, or is under common control with USA Hockey.

“Responsible Person” is any person who holds one or more of the following positions with USA Hockey or a Related Organization: Director; Director Emeritus; officer; member of a Council, Committee or Section; member of the USA Hockey staff; member of a task force or other similar ad hoc committee; member of a hearing or appeal panel regarding a disciplinary matter, or any other person determined by the President of USA Hockey to be subject to this policy.
B. **Existence of a Conflict of Interest**

A “Conflict of Interest” or “Conflict” exists when a Responsible Person’s activities or interests, whether direct or indirect, interfere with, influence, or have the potential to interfere with or influence his or her responsibilities in any material respect on behalf of USA Hockey or undermine the interests of USA Hockey; provided, however, where a Responsible Person has a financial interest (regardless of the materiality of the financial interest) in a Transaction, a potential Conflict of Interest may exist. This definition of Conflict of Interest is intended to be interpreted broadly because the appearance of impropriety can be just as damaging as actual impropriety. Therefore, a Conflict of Interest exists whenever the public may reasonably infer from the circumstances that there is or could be such a conflict. Conflicts of Interest include, without limitation, the following types of circumstances and related examples, which are presented for illustration purposes and are not intended to be an exhaustive list of all potential Conflicts of Interest:

- When USA Hockey is considering entering into a Transaction with a Responsible Person or Family Member.

  **Example:** Approval of the Board is sought for an agreement for the provision of consulting services by a director of USA Hockey.

- When USA Hockey is considering entering into a Transaction with an entity (other than a Related Organization) or individual in which a Responsible Person or Family Member has a financial interest or is an Agent.

  **Example:** Approval of the Finance and Investment Committee of USA Hockey is sought for a banking relationship with a company of which a USA Hockey director is the Vice President.

- When a Responsible Person engages in activities competing with USA Hockey or a Related Organization, including in the provision of services for, or in any other transaction or arrangement with, a third party.

  **Example:** An officer of USA Hockey agrees with another national governing body to promote the other national governing body in negotiations with potential sponsors or licensees.

- When a Responsible Person has a financial interest in an entity or individual that competes with USA Hockey or a Related Organization, including in the provision of services for, or in any other transaction or arrangement with, a third party.

  **Example:** The spouse of an officer of USA Hockey works for or is an investor in a company that competes with USA Hockey, or in a company that provides services to a company that competes with USA Hockey.

- When a Responsible Person accepts gifts, excessive entertainment or other favors from any individual or entity that does, or is seeking to do, business with USA Hockey or a Related Organization, if it might be concluded that such action was intended to influence or
might influence the Responsible Person in his or her duties to USA Hockey. This does not preclude the acceptance of items of nominal or insignificant value that are clearly tokens of respect or friendship and not related to any actual or potential transaction or activity of USA Hockey or a Related Organization.

**Example:** The chair of the Finance and Investment Committee of USA Hockey is offered free use of a lake home belonging to the President of an organization that has a financial proposal under review by USA Hockey.

- When a Responsible Person has a financial interest, or is an Agent of an organization that is reasonably likely to be impacted (financially or otherwise) by an action or decision made by the Responsible Person in his or her capacity acting on behalf of USA Hockey.

**Example:** A Council member who works for a league or other organization is called upon to vote or make a decision on a matter materially impacting the league or other organization.

**Example:** A director working or volunteering for a Tier I program serves on a committee for determining whether to grant Tier I status to competing programs.

- When a Responsible Person’s activities or interests, whether direct or indirect, interfere with, influence, or have the potential to interfere with or influence his or her responsibilities on behalf of USA Hockey or undermine the interests of USA Hockey.

**Example:** A Council member has a significant client that owns or operates a facility being considered as the host of a USA Hockey event.

**Example:** A director serves on a hearing panel or appeal panel involving discipline against a member of the director’s program.

C. **Policy and Procedures**

The procedures set forth below are designed to help Responsible Persons identify situations that present potential Conflicts of Interest and to provide USA Hockey with a procedure for independent review and, when appropriate, approval of a circumstance in which a Responsible Person has or may have a Conflict of Interest. The policy is intended to comply with the procedure prescribed in the Code of the District of Columbia, Section 29-406.70, which governs conflicts of interest for directors of nonprofit corporations.

**Reporting Conflicts of Interest**

Prior to Board, Executive Committee or other action on a matter involving a Conflict of Interest (including any decision or any Transaction), a Responsible Person who believes he or she has a Conflict of Interest shall disclose all facts material to the Conflict of Interest as follows:

(a) In the case of Board or Executive Committee action, to the President;

(b) In the case of action by a Council, Committee, Section, task force, other ad hoc committee, or hearing or appeal panel, to the applicable
chair (for example, a member of a Council who believes that he or she has a Conflict of Interest shall report the matter to the chair of the Council); or

(c) In the case of action by USA Hockey staff, to the Executive Director. Such disclosure shall be made by the person with the Conflict prior to or at the meeting.

The individual to whom the disclosure is made shall report the disclosure at the meeting prior to consideration of the matter involving the Conflict, and the disclosure shall be reflected in the minutes of the meeting. If the person having the Conflict of Interest is the President, then the required disclosure shall be made to, and the required report shall be made by, a Vice President or another officer. If the person having the Conflict of Interest is the Executive Director, then the required disclosure shall be made to, and the required report shall be made by, the President.

For any other Conflicts of Interest not described above, the Responsible Person who believes he or she may have a Conflict of Interest shall disclose to the President the facts relating to the potential Conflict of Interest.

A Responsible Person with a Conflict of Interest shall refrain from any action that may affect USA Hockey's participation in the subject Transaction or other decision or action of USA Hockey, and shall not attempt to exert his or her personal influence regarding the matter.

Individuals or bodies of USA Hockey with questions about procedures for disclosure and review of Conflicts of Interest may seek advice from the chair of the Legal Council, who may answer such question or refer such question to a member of the Legal Council or other designee.

Unreported Conflicts of Interest
At the direction of the President or Vice President of the Legal Council, USA Hockey may review any matter to be considered by the Board, or a Council, Committee, Section, task force, other ad hoc committee, hearing or appeal panel or other body of USA Hockey, to determine whether a Responsible Person has a Conflict of Interest, and if it is determined that a Conflict exists the Conflict of Interest procedures herein shall apply.

Review of Conflicted Transactions
For matters in which a Responsible Person has a Conflict of Interest, the Board, Executive Committee, Council, Committee, Section, task force, other ad hoc committee, hearing or appeal panel, or other body of USA Hockey, as applicable, shall review each Conflict of Interest that is reported to it, and may approve the matter if the material facts as to the matter and the Conflict of Interest are fully disclosed or known to the body considering the matter, and the body approves the matter in good faith by the affirmative vote (without counting the person[s] with the Conflict) of a majority of the disinterested members of the body at the meeting, even though the disinterested members constitute less than a quorum for such meeting.
A Responsible Person who believes he or she has a Conflict of Interest may participate in the body’s discussion of the matter if they have disclosed the material facts related to the Conflict and all parties related to the subject of the matter are present or represented; provided however, the chair of the body considering the matter may provide an opportunity for the body to discuss the matter without the person with the Conflict of Interest present. The person with a Conflict of Interest may not vote on the subject matter. The chair has the power to require the interested person to leave the room while the vote is taken and/or during deliberations.

The minutes of the meeting of the body reviewing a Conflict of Interest and making a decision on the underlying matter shall reflect (1) the matter under consideration, (2) the Responsible Person with a Conflict of Interest, (3) the Responsible Person’s ineligibility to vote and/or absence from the meeting during any discussion or vote, and (4) the decision of the body on the matter under consideration.

For all other Conflicts of Interest, the President shall determine whether the Conflict of Interest should be reported to or acted on by the Board or other body of USA Hockey. The President may also determine whether review and resolution of a Conflict of Interest should be handled by another party or body of USA Hockey, including a special committee designated by the President. In each case, the President may direct and address review and resolution of the matter in the President’s discretion, and shall make a written record of the disclosure of the Conflict of Interest and related decision on referral of the matter.

Questions
If it is not clear whether a Conflict of Interest exists, then a Responsible Person with a potential Conflict shall disclose the circumstances to the President, who shall determine whether there exists a Conflict of Interest that is subject to this Policy.

Individuals or bodies of USA Hockey with questions about procedures for disclosure and review of Conflicts of Interest may seek advice from the chair of the Legal Council, who may answer such question or refer such question to a member of the Legal Council or other designee.

Affiliates shall be required to adopt their own policy conforming to this Conflict of Interest Policy.

I. CONFIDENTIALITY

Nondisclosure Policy
Each Responsible Person (defined below) shall exercise care not to disclose confidential information acquired in connection with such status, the disclosure of which might be adverse to the interests of USA Hockey, Inc. No Responsible Person shall use confidential information for his or her personal gain.

For the purposes of this policy, a “Responsible Person” is any person who holds one or more of the following positions with USA Hockey or with an entity that controls, is controlled by, or is under common control with USA Hockey:
Director, Director Emeritus, officer; member of a Council, Committee or Section; member of the USA Hockey staff; member of a task force or other similar ad hoc committee; member of a hearing or appeal panel regarding a disciplinary matter, or any other person determined by the President of USA Hockey to be subject to this policy.

**Types of Confidential Information**

2. Employee evaluations and compensation.
3. Information about contractual relationships with third parties.
5. Membership data, including any identifying or contact information for any member of USA Hockey or within USA Hockey’s records or database(s).

The foregoing is not intended to be a complete list of all the types of information that may be considered confidential.

**Failure to Comply**
Any Responsible Person who fails to comply with the provisions of this confidentiality policy shall be subject to such sanctions or other action by USA Hockey pursuant to USA Hockey’s Bylaws. Any other person who is subject to this policy and who fails to comply with it shall be subject to discipline, termination of employment, or such other sanction as USA Hockey determines is appropriate.

Each Responsible Person must also be familiar with and comply with any applicable state or federal law with respect to protection of private information. Affiliates shall be required to adopt their own Confidentiality Policy conforming to this policy.

K. LOOK-UP LINE

USA Hockey recognizes the potential public interest on the use of a Look-Up Line painted on the ice surface in an effort to promote player safety.

Ice facilities that wish to employ a Look-Up Line are permitted to do so and are encouraged to report any pertinent observations to the USA Hockey Look-Up Line Safety Task Force.

A Look-Up Line colored Pantone 151 Safety Orange, is painted around the entire circumference of the ice surface. The Look-Up Line extends 40 inches in width from the bottom of the kick plate of the boards. For further information, please visit justcureparalysis.org.

L. GUIDELINES REGARDING NON-SANCTIONED PLAY

USA Hockey and its Affiliates are charged with establishing rules and policies for the organization, coordination and betterment of hockey, including developing players, coaches and officials, and managing and minimizing risks associated with the sport. Recent examples include implementation of the ADM, including cross-ice hockey for players 8 and under, and processes and procedures for expansion of junior hockey programs. USA Hockey strongly believes in these programs as evidenced by the overwhelming support they have received across the country, the continuing growth in membership, and the advances that have resulted and are expected to result in the development of hockey players in our country.

USA Hockey has had inquiries regarding the rights and obligations of USA Hockey, its various Affiliates and local programs with respect to ice hockey that is not sanctioned by USA Hockey. To provide guidance to Affiliates and local programs, USA Hockey, as the National Governing Body for ice hockey in the United States, provides the guidelines below acting pursuant to USA Hockey’s authority under the Amateur Sports Act (36 U.S.C. § 220501 et. seq.).

A. For a game to be sanctioned by USA Hockey, all players, coaches and officials in the game (“Individual Participants”) must be members of USA Hockey and the USA Hockey Affiliate with jurisdiction over their respective geographic area(s). Participating teams must also be members of the applicable USA Hockey Affiliate.

B. There may be occasional exceptions to the above-stated membership requirement where in certain limited, special circumstances, USA Hockey or the applicable USA Hockey District Registrar may provide a special event sanction for an event where not all participants are members of USA Hockey (“Special Events”). These Special Events are occasional and have generally been limited to exhibition games between USA Hockey teams and High School Federation, prep schools or NCAA teams, Try Hockey For Free programs, and charity games. The limited nature of these exemptions is largely due to USA Hockey insurance and risk management concerns.

C. Any Individual Participant may become a member of USA Hockey. Membership in or registration with another sanctioning body may not be used as a basis to deny membership in USA Hockey, its Affiliates or local programs. Correspondingly, no Individual Participant may be penalized
for participating in a program that is not sanctioned by USA Hockey. On the other hand, an Individual Participant may be disqualified from membership for violation of USA Hockey Bylaws, Rules & Regulations or Policies in accordance with USA Hockey's Dispute Resolution Procedures.

D. Affiliates may establish reasonable rules for compliance by such Affiliate’s member organizations and/or teams seeking membership in or who are already members of the Affiliate, provided that such rules do not conflict with the Bylaws, Rules & Regulations, Policies or directives of USA Hockey.

E. If a team desires to play in a USA Hockey sanctioned game, tournament or event, then, unless it is sanctioned as a Special Event, the team and its Individual Participants must be registered with USA Hockey and the applicable Affiliate. Such registration implies and constitutes the registrant’s agreement that the team and all of its Individual Participants will be subject to the Bylaws, Rules & Regulations, Policies and Playing Rules of USA Hockey and the reasonable requirements of membership for the applicable Affiliate. The only exceptions to the requirement that sanctioned games, tournaments and events require that the team and all Individual Participants be registered with USA Hockey and the applicable Affiliate, are for Special Events noted above, and circumstances where the applicable USA Hockey registrar has approved such participation in writing and in advance [see USA Hockey Rules & Regulations, Section VIII.B].

F. Once an organization, team, or Individual Participant becomes a member of USA Hockey and the applicable Affiliate, that Affiliate may require that the member organization, team, and all Individual Participants continue to comply with the reasonable requirements for membership in the Affiliate. This may include, for example, such rules as coaching certifications, background screening, equipment requirements, safety mandates, and other guidelines, including the ADM and cross-ice hockey, and such other reasonable requirements of a USA Hockey Affiliate.

G. An Affiliate may enforce a rule that prohibits its member teams from participating in games or practices that are not sanctioned by USA Hockey. Unless sanctioned as a Special Event, USA Hockey’s insurance policies may not be available to cover USA Hockey programs, teams and Individual Participants when participating in a game or practice among or against a non-sanctioned team. A parent of a youth hockey player that has registered with USA Hockey with the expectation of receiving the benefits of such membership, should not be placed in a situation where they may be surprised to learn after their child is injured that USA Hockey insurance is not available because the injury occurred during a non-sanctioned event.

H. An Affiliate may also enforce a rule that its member organizations must register all of their teams and players with USA Hockey and the Affiliate. If an Affiliate has such a rule, a member organization within that Affiliate cannot register some of its teams with the Affiliate while other teams in that organization are not registered with the Affiliate. Important reasons for such a rule are so that neither USA Hockey nor its Affiliates become liable for activities conducted by a member organization that is also conducting non-sanctioned events, and to prevent the occurrence of
situations where USA Hockey’s insurance could potentially be asserted to apply in a non-sanctioned event.

I. Despite the foregoing, if an Affiliate’s member organization or team desires to play in events or games that are not sanctioned by USA Hockey, they may seek a Special Event sanction for such game or event, or they may also do so provided that certain other requirements are met. A group of Individual Participants from a USA Hockey team playing in a non-USA Hockey sanctioned event or game must do so as part of a separate organization (for example, a separately incorporated corporation) that is sufficiently distinct from the USA Hockey sanctioned program. The non-sanctioned organization or team(s) should also have a separate board of directors, the team cannot wear the same uniforms or have the same team names, and all rink or vendor contracts relating to the non-sanctioned team(s) or activities must be in the name of the separate organization rather than the USA Hockey member organization or team. A sanctioned program should have separate bank accounts from the non-sanctioned organization. Additionally, sanctioned and non-sanctioned programs should not be included in the same advertisements or websites. Distinguishing teams participating in non-sanctioned events or programs from teams that are members of USA Hockey will help avoid making USA Hockey, its Affiliates or member organizations liable for activities conducted in connection with non-sanctioned play; prevent the occurrence of situations where USA Hockey’s insurance could potentially be asserted to apply in a non-sanctioned event; and will also help make Individual Participants (and their parents or guardians) aware of which games or events are under USA Hockey rules and oversight and are covered by USA Hockey insurance and other benefits. For a violation of these requirements, the team, coaches, administrators and/or program may be subject to sanctions as determined by the Affiliate following a hearing and any appeals provided in USA Hockey Bylaw 10.

J. USA Hockey Rules & Regulations, Section III., provides as follows:

Any youth player (male or female) rostered on a Tier I or Tier II youth or girls’/women’s team and a Junior Program team as of December 31, can only play for one team after December 31. Except for players playing in Tier I or Tier II Junior hockey pursuant to the Youth/Junior Affiliate Player Policy, if the player plays in a Junior game after December 31, he/she loses all eligibility on his/her youth or girls’/women’s team for the remainder of the season, regardless of how many games are played at the Junior level.

This rule should be applied to any games played at the Tier III Junior level with any organization. The purpose of this rule is that players playing on youth teams during the latter half of the playing season should not also be playing Junior hockey. Further, not having Junior players participating in Youth national tournaments protects the integrity of the USA Hockey National Championships. By applying the rule regardless of the sanctioning body that governs the applicable Junior team, all Tier III Junior teams are treated equally.

K. Affiliates and officials’ organizations may establish and use reasonable criteria, rules and procedures for selection and scheduling of officials for games within their jurisdiction. There are numerous valid reasons why
an Affiliate, officials’ organization or scheduler may select one official over another for a particular game, league or level of play. For example, an official’s experience in, and availability for, USA Hockey in-season games may be a factor to consider in evaluating officials for development or elite progress, or USA Hockey District or National Tournaments. However, no USA Hockey official may be penalized, threatened, excluded or made ineligible for officiating USA Hockey games based on that official being certified by or officiating games that are not sanctioned by USA Hockey or are sanctioned by some other entity. Many USA Hockey officials work games not under USA Hockey’s authority [e.g., NCAA, Canadian Hockey League, East Coast Hockey League, High School Federation, etc.]. To be sure, an official will not receive the benefits of USA Hockey, including insurance coverage, supervision, disciplinary processes and enforcement, etc., while officiating a game not sanctioned by USA Hockey, and that official is not permitted to wear a USA Hockey crest/patch on their jersey during a game not sanctioned by USA Hockey. To reiterate, no Affiliate may, and no Affiliate shall permit an officials’ organization or scheduler under its control to, punish, threaten, blackball or make any official ineligible for USA Hockey games, based on the official becoming certified by another entity or officiating games that are not sanctioned by USA Hockey. Most hockey programs and officials’ associations endeavor to consider their officials to be independent contractors; to place restrictions on officials from officiating non-sanctioned games may place that independent contractor status at risk, and subject the hockey program or officials’ association to other liabilities.

L. USA Hockey may amend or supplement these guidelines.

M. For questions related to these guidelines or other rule scenarios, please contact USA Hockey’s General Counsel.

M. WHISTLEBLOWER POLICY

This Policy and procedures are for employees, volunteers, or board members to identify concerns about actual or suspected violations of legal and regulatory requirements regarding financial reporting and disclosure requirements, preparation of financial statements, accounting practices, internal accounting controls, financial audit matters, matters concerning fraud against USA Hockey, or inappropriate use of its resources. Failure to report a violation of this type may subject an employee, volunteer or board member to discipline.

A whistleblower as defined by this Policy is an employee, volunteer, or board member of USA Hockey who reports an activity that he or she considers to be addressed by this Policy. The whistleblower is not responsible for investigating the activity or for determining fault or corrective measures; appropriate officials of USA Hockey are responsible for such actions.

Examples of activities covered by this Policy are violations of federal, state or local laws; billing for services not preformed or for goods not delivered; and fraudulent financial reporting.

Submitting a Report

USA Hockey respects the legal rights of its employees, volunteers and board members to report the type of actual or suspected unlawful activity addressed
by this Policy directly to government agencies or USA Hockey management personnel. Alternately, the reporting process described below may be followed.

If an employee, volunteer or board member has knowledge of or a concern regarding activities addressed by this Policy, the individual should contact the President or Executive Director who is responsible for coordinating investigation and corrective action. An individual may also submit a written report anonymously to the President or Executive Director; however, that may make investigation more difficult. Reports should be factual and contain as much specific information as possible to allow a proper assessment. This is particularly critical if a report is submitted anonymously.

Anyone making a report concerning a violation or suspected violation must be acting in good faith and have reasonable grounds for believing the information disclosed indicates an actual or potential issues addressed by this Policy. Any allegations that prove not to be substantiated and which prove to have been made maliciously or knowingly to be false will be viewed as a serious disciplinary offense.

**Whistleblower Protections**

Whistleblower protections cover two important areas – confidentiality and retaliation. To the extent possible, the confidentiality of the whistleblower will be maintained. However, an individual’s identity may have to be disclosed to conduct a thorough investigation, to comply with law, or to provide accused individuals their legal rights of defense. USA Hockey, its employees, agents and representatives are prohibited from retaliating against a whistleblower. This includes, but is not limited to, protection from retaliation in the form of an adverse employment action such as termination, compensation decreases, or poor work assignments and threats of physical harm. Any whistleblower who believes he or she is being retaliated against must contact the President or Executive Director immediately. The right of the whistleblower to protection against retaliation does not include protection against any personal wrongdoing by an individual.

Employees or volunteers with any questions regarding this policy should contact the Executive Director or the President of the Board.

1. MEMBERSHIP IN USA HOCKEY

A. Membership
The membership of USA Hockey, Inc., (“USA Hockey”) shall be composed of the following members (each a “Member”):

(1) Registered Participant Member (Players and Coaches)
Any person who is a legal resident of the United States shall be eligible to become a “Registered Participant Member” of USA Hockey, upon compliance with all provisions of these Bylaws and the Applicable Rules. As used herein, “Applicable Rules” shall mean the rules and regulations, playing rules, core values and decisions of the Board of Directors of USA Hockey, and comparable bylaws, rules, documents and decisions of USA Hockey’s applicable region, District, Affiliate Association or special jurisdictional ice hockey association.

(2) Allied Membership
Any person or organization interested in or involved in the conduct of hockey competition within the United States shall be eligible to become an “Allied Member” of USA Hockey, upon compliance with all provisions of these Bylaws and the Applicable Rules. The current Allied Membership is specified in paragraph C of Bylaw 6.

B. Voting Rights
Registered Participant Members and certain Allied Members shall have certain voting rights in USA Hockey relating to the election of directors as provided in Bylaw 4; provided, however, that Registered Participant Members and Allied Members shall have no other voting rights in USA Hockey. Registered Participant Members voting rights for Directors shall be exercised by an authorized representative of their local association/member program. Proxy voting, if any, shall be described in writing and subject to the approval of the Executive Committee. All other registered Participant Member voting rights shall be governed by written Affiliate rules and regulations for a democratic election process subject to the approval of the Executive Committee.

C. Application For Membership
Registered Participant Membership or Allied Membership in USA Hockey may be acquired by application at usahockey.com or via an official paper registration form. Such forms are available through the principal office of USA Hockey or the appropriate registrar in the District where the prospective Registered Participant Member or Allied Member is located. In applying for membership, each prospective Registered Participant Member or Allied Member shall represent that it will comply with and adhere to these Bylaws and the Applicable Rules; provided, however, that any amateur sports organization (as defined in the Amateur Sports Act) which conducts amateur athletic competition, participation in which is restricted to a specific class of amateur athletes (such as high school students, college students, members of the Armed Forces, or similar groups or categories) (each such competition being referred to as an “Exclusive Amateur Hockey Organization Competition”), shall have exclusive jurisdiction over such competition notwithstanding any USA Hockey Bylaw or Applicable Rule to the contrary, to the extent set forth under the Amateur Sports Act and the USOPC Constitution.
D. **Registration Fees**
An annual registration fee shall be established by the Board of Directors of USA Hockey (the “Board of Directors” or the “Board”) for Registered Participant Membership or Allied Membership, and the amount of the fee shall be paid or forwarded by the applicant to the appropriate representative designated by USA Hockey along with the annual membership application.

E. **Dues**
In addition to the annual registration fee, certain Team Members or Allied Members may be required to pay dues to USA Hockey as established from time-to-time by the Board of Directors.

F. **Failure to Pay Dues**
Registered Participant Members or certain Teams or Allied Members failing to pay the established registration fee or dues at the time of registration or as assessed by the Board of Directors shall not be considered Members.

G. **Suspension or Forfeiture of Membership**
Members shall be subject to suspension or forfeiture in the event of a failure to comply with any of the requirements of these Bylaws or the Applicable Rules, under procedures set forth in Article 10 of these Bylaws.

H. **Competition Among Members**

1. In addition to complying with all other applicable provisions of these Bylaws and the Applicable Rules, in order to conduct a USA Hockey-sanctioned event, all participants, including players, coaches, and on-surface officials, shall be registered Members of USA Hockey and an Affiliate Association of USA Hockey or a properly sanctioned Junior league.

2. There shall be two (2) playing rule books used to cover USA Hockey sanctioned competition between ice hockey teams – one (1) rule book for junior and one (1) rule book for others. All Constituents must abide by the applicable USA Hockey playing rules book. The term “Constituent” as used herein includes all Registered Participant Members competing in the event, as well as the respective leagues in which those Participants are playing. No other playing rulebook will be allowed.

3. Any ice hockey playing rules changes must be submitted to and approved by the Playing Rules Committee of USA Hockey; provided, however, that the District Referee-in-Chief may approve “local rule deviations” so long as such deviations do not materially or adversely affect the competition or create an unsafe playing condition.

4. Notwithstanding anything to the contrary contained herein, no provision of this paragraph H shall be deemed to require any Member, when participating in an Exclusive Amateur Hockey Organization Competition, to abide by any rule or regulation that conflicts with any rules or regulations of such Exclusive Amateur Hockey Organization Competition, as and to the extent set forth under the Amateur Sports Act.
2. AUTHORIZATION AND COMMITMENTS

A. Amateur Sports Act
USA Hockey has been designated as the “national governing body” for the sport of ice hockey by the United States Olympic & Paralympic Committee (“USOPC”), pursuant to the Federal State Olympic and Amateur Sports Agreement, as amended (the “Amateur Sports Act”). As such, USA Hockey is obligated and committed to comply with all applicable provisions of the Amateur Sports Act, and has the power and authority specified therein.

B. USOPC Constitution
The Constitution of the United States Olympic & Paralympic Committee (the “USOPC Constitution”) also has several provisions applicable to national governing bodies, including grant of authority and continuing eligibility to act as a National Governing Body. USA Hockey is committed to comply with applicable provisions thereof.

(1) Binding Arbitration
USA Hockey agrees to submit to binding arbitration in any controversy involving (i) its recognition as a National Governing Body, as provided in Article VIII of the Constitution of the USOPC, upon demand of the USOPC or (ii) the opportunity of any amateur athlete, coach, trainer, manager, administrator or official to participate in amateur athletic competition, as provided for in Article IX of the Constitution of the USOPC, upon demand of the USOPC or any aggrieved amateur athlete, coach, trainer, manager, administrator or official, conducted with the Commercial Rules of the American Arbitration Association, as modified in accordance with the Ted Stevens Olympic and Amateur Sports Act.

(2) Equal Opportunity
USA Hockey will provide an equal opportunity to amateur athletes, coaches, trainers, managers, administrators, and officials to participate in amateur athletic competition without discrimination on the basis of race, color, religion, age, sex, or national origin, and with fair notice and opportunity for a hearing to any amateur athlete, coach, trainer, manager, administrator, or official as provided in Bylaw 10 herein, before declaring such individual ineligible to participate.

(3) USA Hockey will be governed by a Board of Directors whose members are selected without regard to race, color, religion, age, national origin or sex.

3. DISTRICT AND AFFILIATE ASSOCIATION JURISDICTION
Districts for supervision and operation of USA Hockey’s activities will be established by the Board of Directors at its Annual Congress, subject to review and modification by the Board, at the Board’s discretion, at its Annual Congress or at any of its Mid-Year Meetings or Special Meetings. Each District shall be composed of one [1] or more Affiliate Association designated as such by the Board of Directors. Districts may organize themselves as 501(c)(3) non-profit corporations, subject to the approval of the Board of Directors of USA
Hockey. Districts shall account for all funds collected by the District or its programs, which funds shall be held by the District in trust and used solely for hockey programs of USA Hockey or the District or Affiliates within the District. Districts shall provide an annual financial report of operations to the Executive Director of USA Hockey and to each Affiliate within the District.

A. USA Hockey shall recognize only one (1) Affiliate Association in each state or other geographical area designated by the Board of Directors.

B. Designation as an Affiliate Association will convey authority to conduct certain of the ice hockey programs of USA Hockey within the Affiliate Association’s area of jurisdiction, as specified in the respective Affiliate Agreement with such Affiliate Association (each an “Affiliate Agreement”) and in this Bylaw 3. Members of each Affiliate Association are required to be Registered Participant Members in good standing of USA Hockey. Except for Junior teams, and subject to the terms of its Affiliate Agreement, these Bylaws and the rules and regulations of USA Hockey, each Affiliate Association shall have the sole and exclusive power to determine the participation of its member teams, or other teams falling within its jurisdiction, in USA Hockey’s district playoffs and national championships.

C. If there is no existing state hockey association, USA Hockey’s Board of Directors may grant approval for the teams in that state to register with, and participate in the Affiliate Association of another state or affiliate area.

D. To be eligible for Affiliate Association designation, the association must be designated as a nonprofit organization under Internal Revenue Code §501(c)(3), have an elective system of internal government, which would include an elected President, at least one elected vice-president, an elected Secretary and an elected Treasurer (the positions of the Secretary and Treasurer may be combined), and a number of directors elected in a representative process. The actual method of election must be approved by USA Hockey’s Board of Directors. Proxy or Representative* voting may be permitted under rules subject to approval by USA Hockey’s Executive Committee unless prohibited by state law.

* Nothing contained herein is intended to abrogate the right of a Registered Participant Member to cast his/her vote through a representative, nor is this provision intended to grant to a League, Local Association or Affiliate the right to cast votes in behalf of Registered Participant Members without providing notice of an election and a reasonable and good faith opportunity to vote for the Director of its choice.

E. An Affiliate Association may have such other officers as may be decided under its own rules and procedures.

F. USA Hockey shall not register, or recognize in any way, a Registered Participant Member that does not hold membership in the respective Affiliate Association or which is registered on a Junior team.

G. An Affiliate Association may charge membership fees in addition to USA Hockey’s registration fees and dues, subject to paragraph M of this Bylaw 3 and subject to the terms of its Affiliate Agreement, provided
that Affiliates shall not charge any Affiliate membership fees for players 6 years old and younger.

H. An Affiliate Association, in order to support its functions, may establish reasonable fees for all paid gate tournaments and other paid gate events to which admission is charged, subject to the terms of its Affiliate Agreement.

I. An Affiliate Association may establish a travel permit fee for its member teams that desire to play games outside the jurisdiction of the Affiliate Association, subject to the terms of its Affiliate Agreement.

J. An Affiliate Association may establish a reasonable fee for programs to join the Affiliate Association, and such fees may be made a condition of eligibility for the Affiliate Association playoffs, subject to the terms of its Affiliate Agreement.

K. All teams of any Affiliate Association must abide by USA Hockey’s playing rules unless altered pursuant to the provisions of paragraph H of Bylaw 1. A team is that organization, established by a local program or Affiliate, composed entirely of Registered Participant Members.

L. All games hosted by an Affiliate Association’s teams in the United States must be officiated by properly registered USA Hockey officials. Exceptions to this requirement may only be granted by the District Referee-in-Chief of the district in which the game is to be played, and only under “emergency situations” or when using international officials.

M. The Affiliate Association may not alter or duplicate USA Hockey’s team, referee or other registration form without approval of USA Hockey’s Executive Committee.

4. BOARD OF DIRECTORS

A. Board of Directors

The affairs of USA Hockey shall be governed by a Board of Directors. The Board of Directors shall be constituted as follows:

(1) District Directors

[a] Directors selected under this paragraph [1] are referred to as “District Directors.” Each District of USA Hockey shall be represented by one [1] District Director who shall represent the Registered Members of their District. Districts registering more than 10,000 but less than 20,000 paid Registered Participant Members shall be entitled to a second District Director; Districts registering more than 20,000 but less than 28,000 Registered Participant Members shall be entitled to a third District Director. Districts registering more than 28,000 paid Registered Participant Members shall be entitled to a fourth District Director. No District shall be entitled to more than four [4] District Directors.

[b] For the purpose of determining the number of District Directors from each District who shall then be eligible to vote and represent their District during the one-year period commencing
with the conclusion of the upcoming Annual Congress of USA Hockey and continuing through the conclusion of the following Annual Congress, the number of paid Registered Participant Members of each District which are received by the USA Hockey’s national office for the most recent season ending April 30 shall be used. Each District shall have exclusive authority to determine which of its District Directors are seated in the event an audit results in a reduction of District Directors.

(c) The Executive Director shall notify each District of its paid Registered Participant Member count upon request of the District, but in no event later than November 1 of each year.

(2) Section Directors
Unless provided otherwise in section C of Bylaw 6, each section created by USA Hockey for representation of Allied Members shall be entitled to representation by one (1) director [or, with respect to National Amateur Hockey Organizations, more than one (1) director to the extent specified in paragraph C{6}[b] of Bylaw 6] upon attainment of the activity criteria established for the Section as provided in paragraph C of Bylaw 6. Each such director shall be referred to as a “Section Director.”

(3) Directors At-Large
There shall be at least six (6) “Directors At-Large,” as provided in these Bylaws. Directors At-Large shall not represent any one District. Directors At-Large shall act in the best interests of hockey without regard to geographical allegiance or concerns.

(4) Officer Directors
Each of the elected officers of USA Hockey shall be “Officer Directors” of USA Hockey by reason of their election as officers.

(5) Athlete Directors
Notwithstanding anything to the contrary contained in this Bylaw 4.A, and as specified in the Amateur Sports Act and the USOPC Bylaws, at least twenty percent (20%) of the membership and voting power of the Board of Directors [as well as the Finance and Investment Committee, Nominating Committee, and on committees for the selection of international, Olympic and Paralympic Team members including athletes, coaches, administrators and sports staff, as well as such other committees and councils of USA Hockey which may require 20% representation by athlete representatives under the Amateur Sports Act of 1978, as amended] shall be comprised of athletes, at least one-half of which shall have competed in hockey competition in the Olympic or Pan American Games and up to one-half of which may have competed in hockey competition in events recognized by the International Ice Hockey Federation or the Paralympic Games or an International Paralympic Committee-recognized World Championship in events on the Paralympics Games Program (each, an “Eligible Athlete”). Such “20% requirement” shall be accomplished at the Board of Directors level by ensuring that the election requirements set forth in Bylaw 4.B(4) are satisfied. The directors elected in conformance with the
foregoing are referred to herein as “Athlete Directors.” With respect to the number of such Athlete Directors in any given year, the Executive Director of USA Hockey shall inform the existing Athlete Directors of any increases in the number of other directors of USA Hockey, at the same time that he/she informs Districts of increases in their respective number of Registered Team Members. Thereafter, the Eligible Athletes shall hold the election specified in such Bylaw 4.B(4) to ensure conformance with the 20% requirement on the Board of Directors. The President of USA Hockey shall also appoint sufficient athletes from those elected to the Board of Directors to councils, committees, sections and task forces of USA Hockey, as may be required, to assure conformance with such 20% requirement. Any athletes that are not athlete directors who are appointed to a committee to comply with the 20% athlete representation requirement, shall be approved by the athlete directors.

(6) **Directors Emeritus**

Any director who has served at least fifteen (15) years on the Board of Directors and who has retired or is retiring is eligible for nomination as a “Director Emeritus” after his/her term of office as a director expires. A Director Emeritus shall hold office for life but will not have voting privileges and may not run for any other USA Hockey office while emeritus. USA Hockey will pay for the Director Emeritus to attend both the Winter Meeting and Annual Congress of USA Hockey.

Notwithstanding the foregoing provisions of this Bylaw 4.A, no person shall hold more than one (1) directorship.

**B. Election of Directors**

(1) **District Directors**

Each District Director will be elected by the Registered Participant Members of that District, for a term not to exceed three (3) years, subject to adjustments in District representation as may result from a membership audit provided for in paragraph A(1) of this Bylaw 4. The director’s election shall be in a representative democratic election process, which election process and any changes thereto shall be subject to the approval of the Board of Directors of USA Hockey. For the purpose of electing a District Director, each Registered Participant Member within such District shall be entitled to one (1) vote. A Registered Participant Member within a local association/member program shall cast his/her ballot through an authorized member of that local association/member program. However, no representative may cast ballots for more than one (1) local association/member program.

(2) **Section Directors**

Except as provided in this subsection (B)(2) of this Bylaw 4, and subject to Section C of Bylaw 6, each Director representing a Section of USA Hockey shall be elected by the Allied Members of that Section, for a term not to exceed three (3) years, in a representative democratic election process, which election process and any changes thereto, shall be subject to the approval of the Board of Directors of USA Hockey. Notwithstanding the preceding sentence, with
respect to the Registrars Section, the Officials Section and the Coaches Section, the Director representing such Section shall be elected by the Board of Directors of USA Hockey; provided, however, that the voting members of each such Section shall be entitled to nominate one (1) candidate to be considered by the Board of Directors for election as the respective Section Director. For the purposes of electing or nominating a Section Director, each voting member within such Section shall be entitled to one (1) vote. Notwithstanding the foregoing, the Professional Hockey Organizations Section shall appoint its Director(s) as its Section provides by rule or regulation.

(3) Directors At-Large
Each Director At-Large shall be elected by the Board of Directors. Nominations to run for the office of Director At-Large shall be submitted to the Nominating Committee no less than 30 days prior to the Board of Directors Meeting at which the election will be held. Nominations may only be made from the floor: [i] if no one has been nominated prior to 30 days before the Board Meeting, [ii] for elections held to fill a vacancy as Director At-Large, or [iii] upon approval of the nomination by a 2/3 vote. The Directors At-Large shall serve a term of three (3) years, which terms shall be staggered so that one third of the Directors At-Large shall be elected each year. In the event that a Director At-Large shall be unable, for any reason, to serve his/her full term, at the next meeting of the Board of Directors, the Board shall elect a Director At-Large to serve for the unexpired term of the Director At-Large being replaced, provided that nominations to fill an unexpired term as a Director At-Large shall not be required to be submitted 30 days in advance.

(4) Athlete Directors
(a) Each Athlete Director shall be elected by a representative democratic election held by Eligible Athletes. Each Athlete Director shall be elected to staggered three (3) year terms, except those elected to the Executive Committee who shall be elected by the Athlete Directors from Athlete Directors elected by the athletes to staggered three (3) year terms. In the event that an Athlete Director shall be unable, for any reason, to serve his/her full term, or an Athlete Director has not attended two (2) consecutive meetings of the Board of Directors, then the Athlete Directors may immediately appoint an Athlete Director from a list of alternate Eligible Athletes to serve for the unexpired term of the Athlete Director being replaced. An alternate Athlete Director is defined as any Eligible Athlete who was on the previous year’s election and will be selected in order of votes received.

(b) Election of Eligible Athletes from USA Hockey Board of Directors to the United States Olympic & Paralympic Committee (USOPC) Athletes Advisory Council (AAC).

1. Athlete Directors will elect: [i] an Athlete Director (“AAC Representative”) to represent USA Hockey on the Athletes’ Advisory Council (“AAC”) of the United States
Olympic & Paralympic Committee, and (ii) an Athlete Director to serve as the AAC Representative’s alternate ("AAC Alternate").

2. The AAC Representative and AAC Alternate shall be different genders and each position shall alternate genders at the end of the AAC Representative’s eligibility or service as the AAC Representative.

3. The AAC Representative shall serve at the minimum a full (or partial, if applicable) quad, and at the maximum, if re-elected pursuant to Section 1 above, two quads. For purposes of this section, “quad” shall mean the period between and including two consecutive Summer Olympic Games.

4. In the event the Athlete Directors are unable to elect an AAC Representative or AAC Alternate fulfilling the male/female requirement set forth in the AAC Bylaws, then the Athlete Directors shall appoint an athlete fulfilling such gender requirement from the pool of athletes eligible to serve as Athlete Directors.

(5) Eligibility for Election
District Registrars, Referees-in-Chief and Coaching Program Directors shall be ineligible to serve on the Board of Directors excluding those in office as of June 15, 1985, and those directors who have been elected as Section Directors.

(6) Limitation on Director’s Authority
Unless specifically authorized by the Board of Directors or the Executive Committee of USA Hockey, no director shall represent to other persons, leagues, associations or ice hockey federations that he/she is speaking on behalf of USA Hockey or that his/her opinion is the official position of USA Hockey.

(7) Expiration of Term
Each director’s term shall expire at the Annual Congress of the Board of Directors in the final year of such director’s term, upon completion of the election of directors by the Board of Directors at such Annual Congress.

(8) Directors Emeritus
Each Director Emeritus shall be elected by the other directors at the Annual Congress. Nominations for Director Emeritus shall be reported to the Board of Directors at each Annual Congress by the Nominating Committee, after recommendations to it from officers or Directors.

(9) Removal of a Director or Officer
Upon a reasonable belief that a director or officer of USA Hockey has violated the Bylaws, Rules & Regulations, Policies or other applicable rules of USA Hockey, or has otherwise engaged in conduct unsuitable for the sport of ice hockey, the USA Hockey Executive Committee may initiate the process set forth herein to determine whether the matter should be referred to the Board of
Directors for consideration of whether the director or officer should be removed from office under Bylaw 4.C.(4) or otherwise disciplined under Bylaw 4.C.(2).

(a) The President, with the approval of the Executive Committee, shall appoint a three to five person special hearing committee of reasonably disinterested and impartial persons, the majority of whom must be directors, and none of whom shall be members of the Executive Committee, to assess whether the subject director or officer should be removed from office. The special hearing committee shall conduct a hearing in accordance with the hearing procedures of Bylaw 10, except that rather than imposing discipline, the special hearing committee shall issue a written recommendation to the Executive Committee, which shall contain findings of facts and conclusions, as to whether the subject director or officer should be removed from office under Bylaw 4.C.(4) or otherwise disciplined under Bylaw 4.C.(2). The Executive Committee shall consider the recommendations of the special hearing committee at the next regularly scheduled Executive Committee meeting following receipt of the recommendation, or the Executive Committee may call a special meeting to consider the recommendation. In the event the Executive Committee determines to refer the matter to the Board of Directors for consideration of whether to remove the subject director or officer from office, then the Executive Committee may refer such matter either with or without a recommendation. Consideration of such matter by the Board of Directors shall occur at the next regularly scheduled meeting of the Board of Directors, or at the discretion of the Executive Committee, a special meeting of the Board of Directors may be called to consider the matter prior to the next regularly scheduled Board meeting.

(b) In the event the Executive Committee determines that the matter should not be referred to the Board of Directors, the Executive Committee may instead determine that the subject director or officer should be suspended or other disciplined and may impose such suspension or discipline in the Executive Committee’s discretion. Any such suspension or discipline would be appealable to the Board of Directors at the next regularly scheduled meeting of the Board of Directors.

C. Powers of Board
In addition to other powers stated herein and provided by law, the Board of Directors of USA Hockey shall have the power to:

(1) Formulate, prescribe, alter and amend these Bylaws or the Rules and Regulations of USA Hockey for the government of USA Hockey.

Notwithstanding that a hearing panel has up to thirty (30) days after its appointment to hold a hearing, a Party that has been issued a Summary Suspension or that may be suspended pursuant to an issued hearing notice may request an expedited hearing to challenge such suspension, and upon receipt of such request the hearing panel shall exercise reasonable effort to provide such expedited hearing.

(c) Hearing Notice
Not later than seven (7) days before the hearing date, the hearing panel shall provide written notice to all interested Parties of the time and place of the hearing, the manner in which the hearing will be conducted, the grounds for any proposed suspension, discipline or Administrative Action, the possible consequences of an adverse finding, and the issues to be resolved by the panel. Notwithstanding that a hearing panel must ordinarily provide at least seven (7) days notice before a hearing date, a Party that has been issued a Summary Suspension or that may be suspended pursuant to an issued hearing notice may waive such seven (7) day notice period in order to have a hearing on less notice.

(d) Hearing Location
Subject to the provisions of the following subsection (e), the hearing panel shall make every reasonable effort to convene the hearing in a location accessible to all the Parties.

(e) Conduct of Hearing
The hearing panel may in its discretion hold a formal or informal hearing, in person or by telephonic conference call or video conference, hear any evidence it believes is relevant to the issue(s) before it, place limits on time, evidence and documentation, have witnesses or written statements and establish other hearing rules so long as the Parties are informed of the established procedures, each Party has a reasonable opportunity to present its case and argument in accordance with the hearing panel’s rules, and each Party is treated in a substantially equal manner. The Rules of Evidence in judicial proceedings shall not apply in the hearing. The Parties may be represented by counsel of their choosing at their own expense, provided that the hearing panel may set rules for the involvement of counsel in the hearing. If the hearing panel has not made arrangements for a record of the proceedings, a Party may at its own expense create a stenographic or other record of the proceedings and must inform the hearing panel prior to the
hearing of any arrangements so made. A copy of any such record created by or for a Party shall be provided at such Party’s cost to the hearing panel. Other Parties will be permitted to secure a copy of the record in the normal course at their own expense.

(f) **Burden of Proof**

In order to impose a suspension or discipline, the hearing panel must make a finding supported by a preponderance of the evidence [i.e., more likely true than not true] that the Party violated an Applicable Rule. The Disciplinary Authority proposing the Discipline shall have the burden of proof and shall present evidence to support the suspension or discipline by a preponderance of the evidence. In the case of an Administrative Action, the burden of proof shall be on the Party challenging the Administrative Action to prove by a preponderance of the evidence that the Administrative Action was made in an arbitrary or capricious manner or was not supported by the facts. In a contest of an Administrative Action, only the evidence presented to or considered by the Party taking the Administrative Action shall be presented and considered by the hearing panel.

(g) **Decision**

The hearing panel shall use reasonable efforts to (i) render its decision within five (5) business days of the completion of the hearing or the closing of the record whichever is later, and (ii) prepare and deliver a written decision to the Parties within fifteen (15) business days of the completion of the hearing or the close of the record whichever is later. The written decision shall contain findings of material facts, conclusions, the order of the hearing panel and a statement of any right of appeal a Party may have as a result of the decision. Delivery of the decision to the Parties may be made by first class mail or other delivery service or electronic mail in the discretion of the hearing panel.

(h) **Scope of Hearing Panel Decision**

Unless explicitly excepted by another provision of these Bylaws, the decision of the hearing panel shall be (i) in effect only for the program governed by the Disciplinary Authority and (ii) subject to appeal as set out in Bylaw 10.E. and any further review provided for in the governing documents of USA Hockey or the appropriate Affiliate Association. If the Disciplinary Authority wishes to extend any suspension or discipline it ordered beyond its program, it must notify, as applicable, the state or Affiliate Association. If the suspension or discipline is imposed by a state or Affiliate Association, or if a local Disciplinary Authority’s decision is affirmed by a state or Affiliate Association, and the state or Affiliate Association wishes to extend the scope of the hearing panel’s decision beyond the state’s or Affiliate’s jurisdictional geographic area, it may only do so by submitting a written request to do so and a copy of the written Disciplinary Authority’s and/or Appeal Authority’s decision to the Executive Director of USA Hockey,
who shall advise all other Affiliate Associations and Junior Leagues of the suspension or Discipline and upon such notice the suspension or Discipline shall be in effect for all Affiliate Associations and all Junior Hockey. Notwithstanding any of the foregoing, any suspension imposed by USA Hockey or a USA Hockey Affiliate [i] for violation of the sexual misconduct policies of the USCSS or USA Hockey, or [ii] that is one year or more in length, shall automatically be considered a national suspension and shall be in effect across all USA Hockey sanctioned programs.

D. Exclusions from Unified Procedure

(1) General
As a matter of policy, law and practicality, there are matters that at least initially do not or should not be subject to the Unified Procedure. Any matter not specifically excluded from the Unified Procedure shall be covered by the Unified Procedure.

(2) Purpose
It is the purpose of this Bylaw 10.D. to distinguish those disputes and actions that do not require a hearing prior to imposing a suspension or discipline or that require different procedural handling and safeguards, and to set them out separately in order to highlight any uniqueness such disputes and actions may possess.

(3) Exclusions
(a) Summary Suspensions
A Summary Suspension may be imposed by any Disciplinary Authority only in those cases where a Party has been arrested for a crime alleged to have been committed, a Party has assaulted another or violated the USA Hockey SafeSport Policy, including such abuse between adults, or other violations of USA Hockey Policies set forth in the Annual Guide or comparable Policies of Affiliate Associations that are in writing and have been approved by USA Hockey.

Any such Summary Suspension must be in writing and given to the suspended Party and the writing shall inform the Party of his or her right to request a hearing. The suspended Party must submit a request for a hearing of a Summary Suspension within seven (7) days of the Party being notified of the suspension. Any hearing following a Summary Suspension shall be conducted according to the provisions of the Unified Procedure.

(b) Playing Rules Suspensions
Any Playing Rules Suspension does not require a hearing except that, in the event of the imposition of a match penalty as defined in the Playing Rules, a hearing must be offered to be held as set forth in the Playing Rules, and the terms and length of the Party’s suspension shall be as set forth in the Playing Rules unless modified or revoked by the hearing panel. Any hearing for a match penalty shall be conducted according to the Unified Procedure; provided that, in the case of a match penalty being imposed in a district or national championship tournament, the hearing will be conducted immediately after
the game in question by the on-site USA Hockey personnel. All applicable game scoresheets and referee reports must be presented to the hearing panel and made available to the Party subject to suspension. Any Playing Rule Suspension shall remain in force and effect and be final unless modified or revoked at a hearing, except that if the hearing is not held within 30 days of the incident together with a decision in accordance with the Unified Procedure, the suspended Party shall be automatically reinstated after the 30-day period. The failure to offer the hearing shall not prohibit the hearing body from conducting the hearing after the 30-day period and thereafter imposing further disciplinary action.

(c) Officiating Suspensions
The applicable state association or league or local supervisor of officials shall have the authority to suspend a referee up to ten (10) days without a prior hearing. The state association or Affiliate Association shall have the authority to suspend a referee after a hearing (held in accordance with the Unified Procedure) or in accordance with the Summary Suspension procedures.

Any official(s) who boycotts any game(s) due to any disciplinary action taken or not taken by a Disciplinary Authority shall subject said official(s) to Discipline in accordance with the Unified Procedure conducted by the organization subjected to said boycott.

USA Hockey does not recognize officials organizations. However, if any registered USA Hockey official is restricted or denied assignment eligibility for any USA Hockey game by an officials’ organization or group of officials (“Officials’ Organization”), except for good cause shown in accordance with the Officials’ Organization written rules and then only for a very limited duration without a hearing as provided herein, then said Officials’ Organization shall be subject to suspension or expulsion in accordance with the rules and regulations herein and that restriction or denied assignment shall have no effect.

A registered USA Hockey official that receives a match penalty while playing or coaching, shall also be suspended from officiating subject to a process for review as set forth below.

1. The official [a] shall not officiate any games pending the review, [b] shall be required to immediately notify his/her District Referee-in-Chief of the player’s or coach’s receipt of the match penalty, and [c] shall advise any assignors/schedulers of officials in order to be replaced in any scheduled games in the immediate future. The District Referee-in-Chief shall immediately investigate the incident (including by review of the scoresheet, game report and interview of the officials assessing the match penalty) and make a determination and supply a written determination as to whether the match penalty shall cause
the official to be suspended from officiating while the match penalty is in effect. The District Referee-in-Chief's determination shall be provided to the official in question, the Affiliate President, and the applicable assignors/schedulers. The District Referee-in-Chief may make a determination (1) that the official shall be ineligible to officiate pending the match penalty hearing (or expiration of 30 days period for the hearing), (2) that the official shall be eligible to officiate pending the match penalty hearing, or (3) such possible restrictions as may be appropriate for the official’s eligibility (e.g., the official is restricted from certain leagues or categories of games, etc.). The decision of the District Referee-in-Chief shall not be binding on the hearing panel reviewing the match penalty or any appeal therefrom.

Game assignors and schedulers shall appropriately schedule replacement officials for any previously scheduled games for which the suspended official is ineligible.

(d) Assault on Game Official
Assaults on Game Officials are violations of USA Hockey Playing Rules and as such are subject to the provisions for Playing Rules Suspensions. In the event of a match penalty for assault on a game official, the offending Party shall be immediately suspended from all USA Hockey sanctioned activity and if such penalty is affirmed after a hearing, the offending Party shall be suspended for not less than one calendar year with one year calendar year probation thereafter. In the cases of match penalties for assault on a game official, the governing state association or Affiliate Association, its designated hearing body, or the Junior Council sanctioned league shall exercise original jurisdiction in such matter. Suspensions for assault on a game official shall be immediately reported to the applicable Affiliate Association[s], and the appropriate registrar[s]. Any game official assessing said penalty shall file with his/her USA Hockey District Referee-in-Chief a written game report within forty-eight (48) hours of the incident. The District Referee-in-Chief shall immediately investigate the incident and promptly submit a written opinion, together with the game sheets and reports to the applicable Disciplinary Authority, indicating whether the incident is applicable under Rule 601(f)[1] or is more applicable under a different playing rule. A copy of the Referee-in-Chief’s written report and opinion shall be sent by the Disciplinary Authority to both the player, team official and game official involved. The Registrar may accept a registration subject to the terms of this suspension.

(e) High School, College Club Hockey or Other Members
A high school program or college club hockey program that is a member of USA Hockey but where membership and eligibility issues are determined pursuant to rules, regulations and dispute resolution procedures of a national, state or district interscholastic athletic organization, shall not be subject to the
Unified Procedure to the extent that such organization’s rules, regulations and dispute resolution procedures also address the matter.

(f) National Team, Protected Competition Participant
Any Party that may be subject to suspension, discipline or Administrative Action and who is a Protected Competition Participant including members of a national team such as players, coaches, managers and team leaders that is scheduled for international competition within thirty (30) days of the event that forms that basis for a possible suspension, discipline or Administrative Action, shall be subject to the jurisdiction of USA Hockey under the procedures in this subsection f.

Within twenty four (24) hours of the event that forms the basis of any proposed discipline or the proposed imposition of discipline whichever is later, either the Party proposing the discipline or the Protected Competition Participant shall inform the Executive Director of USA Hockey of the event and/or the proposed discipline. Upon referral of the matter to USA Hockey no further action shall be taken by any Party.

The Executive Director of USA Hockey shall, within twenty-four (24) hours of being notified by a Party relative to a Protected Competition Participant, initiate a preliminary review of the matter to determine whether there exists probable cause (i.e. evidence more likely than not) to believe that the Protected Competition Participant has engaged in conduct or committed acts, if proved to be true, that may warrant disciplinary action which would prevent the Protected Competition Participant from participating in Protected Competition.

The preliminary review shall be conducted by an impartial hearing officer appointed by the Executive Director in consultation with USA Hockey Legal Counsel within five (5) days of his/her appointment. He/she shall conduct a review informally in his/her sole discretion in a manner, time and place accessible to the Protected Competition Participant. The review may be in person or by telephonic conference call or video conference. The Rules of Evidence shall not apply but the Protected Competition Participant shall be given reasonable notice of the grounds of the proposed discipline, the opportunity to prepare and defend his/her case and to have assistance of counsel if so desired.

It is the purpose of this preliminary review to expedite the resolution of the matter. Any Party refusing to participate or who unreasonably delays the review shall waive any rights in the hearing or review process and shall not be entitled to appeal any adverse finding.

The hearing officer shall make his/her decision within five (5) days of completing the review. Upon a finding of probable cause by the hearing officer that the Protected Competition Participant has engaged in conduct that warrants disqualification
from Protected Competition, he/she shall verbally inform the Executive Director of USA Hockey and the Participant within twenty four (24) hours and reduce such findings to writing no later than five (5) days thereafter and such written decision shall specify the facts upon which the hearing officer has based the decision and inform the Protected Competition Participant of his/her right to request a full hearing on the matter.

In order to request a full hearing, the Protected Competition Participant must make a demand for a hearing to the Executive Director of USA Hockey within five (5) days of receiving the written decision. Notwithstanding the foregoing, the Protected Competition Participant shall also be entitled to exercise his/her rights under the current appropriate governing documents of the USOPC, which shall include at least the USOPC Bylaws. Failure by the Protected Competition Participant to demand a full hearing or to exercise rights under the appropriate governing documents of the USOPC shall entitle the Executive Director of USA Hockey in his/her discretion to exclude the Protected Competition Participant from Protected Competition or to end USA Hockey’s supervision of the matter and allow any Party to proceed with imposition of discipline.

A full hearing demanded by a Protected Competition Participant after a finding of probable cause shall be conducted in accordance with the provisions of the Unified Procedure except that the Unified Procedure will be supervised by the Executive Director of USA Hockey and the hearing panel shall include, at a minimum, a member of the Legal Council of USA Hockey, a member of the International Council of USA Hockey, an Athlete Director if an athlete is involved, a coach if a coach is involved, an official if an official is involved, and two disinterested and impartial individuals chosen by the Executive Director. The Protected Competition Participant or any other Party in interest may request an expedited hearing process and the hearing panel must attempt to comply with any such request.

**Doping, Protected Competition Participants**

All Protected Competition Participants and USA Hockey, Inc. shall be subject to the applicable provisions of the USOPC National Anti-Doping Policies, and the USOPC agreement with the USADA, and its enforcement of the USADA Protocol for Olympic Movement Testing, which procedures and policies have incorporated the provisions of the World Anti-Doping Code. Such Participants shall be further subject to doping guidelines as may be promulgated from time to time by the International Ice Hockey Federation (IIHF), and the International Olympic Committee (IOC) and any agreements between USA Hockey and these entities relative to doping.

No athlete or athlete support personnel shall be denied eligibility within the meaning of this subparagraph (g) without first being afforded the opportunity for a hearing pursuant
to the USADA Protocol for Olympic Movement Testing (“USADA Protocol”), or the hearing provisions of this Unified Procedure.

(h) Unified Procedures Not Applicable to Civil Matters
Disputes concerning liability or damages arising from personal injury claims, torts or other civil claims are not subject to the Unified Procedure.

(i) National Championships Eligibility Appeals
Any appeal of eligibility of a youth level, girls’/women’s or high school division team, coach or player(s) to participate in state/affiliate and/or district and national championships, or playoffs leading thereto, following a final decision of the applicable Affiliate and/or applicable Registrar, are not subject to Bylaw 10 and shall be referred to and decided by the National Championships Appeal Committee comprised of the Youth Council chair, the Registrar Section director and the National Championship chair, or their designees. Specific provisions may be found in the USA Hockey Rules & Regulations, Section IX, District Playoffs and National Championships, or in the USA Hockey State/Affiliate and/or District and National Championship Tournament Guidebook.

(j) Procedures Applicable To Participant Ineligibility Determinations Based on Financial Disputes

1. Decisions Internal to the Program
A local program may, pursuant to its internal procedures, determine that a player that is delinquent in dues or fees owed to the program is not eligible to continue participating in the program during such delinquency. Such determination shall only apply to eligibility within that program.

2. Disputed Claims and Extension of Ineligibility Determination to Other Programs
In the event a local program desires to cause a player to be ineligible to participate throughout the program’s applicable Affiliate based on a determination that the player that is delinquent in dues or fees owed to the program, such extension of the suspension or ineligibility must comply with the procedures of the applicable affiliate, which at a minimum shall include the following:

a. Notice Required
The local program must deliver a written notice to the player’s parents (or other person(s) responsible for payment) that, at a minimum: (i) describes the nature of the delinquent fees (e.g., membership dues, ice fees, equipment/uniform fees, etc.), (ii) states the amount due, (iii) advises that the family must notify the local program in writing within thirty (30) days if it disputes the financial obligation, and (iv) advises that, if the full amount is not paid within thirty (30) days of the parent’s receipt of the notice, the local program
may in its discretion seek to enforce the liability for the financial obligation and have the player deemed ineligible throughout the local program’s Affiliate Association.

b. **Discussion Period**
   During the thirty [30] day period, the parties may discuss the matter and seek to amicably resolve any disputed amounts and provisions for payment. The parties are encouraged to amicably resolve any disputed debts, and if at any time the local program and player enter into a written agreement to resolve the debt and also making provisions for payment, then the player shall become immediately eligible to participate in all USA Hockey programs.

c. **Financial Obligation Not Disputed**
   Upon expiration of the thirty [30] day period described above, if (i) the parties have not otherwise resolved the matter, (ii) the amount claimed in the local program’s notice has not been paid, and (iii) the local program has not received written notice from the player’s parents that it disputes the financial obligation, then the local program may request that the applicable Affiliate Association deem the player to be ineligible to participate in any program within the affiliate (which request shall include proof of compliance with A-C of this subsection). In this circumstance, the Affiliate Association may extend the ineligibility of the player throughout the affiliate in accordance with the affiliate’s procedures.

d. **Financial Obligation Disputed**
   If the amount of the financial obligation has not been paid or otherwise resolved, and the local program has received written notice from the player’s parents that it disputes the financial obligation, then the local program may seek extension of the ineligibility throughout the Affiliate in accordance with the Affiliate’s procedures, provided that, the local program shall take reasonable affirmative steps to enforce the obligation. The Affiliate may deny the local program’s request in the Affiliate’s discretion. Any determination by the Affiliate that the player is ineligible throughout the Affiliate shall not be a determination that the debt is owed or the amount of such debt, but only that the player is ineligible based on the existence of a disputed debt.

e. Any dispute about whether these procedures have been followed shall be decided in a hearing conducted by the Affiliate pursuant to the Unified Procedure, and shall be appealable to the Executive Committee pursuant to Bylaw 10.E. The hearing and appeal shall only address whether the procedures set forth
in this Bylaw 10.(j)(2) have been followed, and shall in no way address the liability for or amount of the financial obligations.

(k) Allegations Regarding Sexual Abuse or Misconduct

1. Reporting
In the event that any Participant under the jurisdiction of the U.S. Center for SafeSport ("USCSS") is alleged to have violated the USA Hockey SafeSport Policy prohibiting sexual abuse or misconduct (see current edition of USA Hockey SafeSport Program Handbook and USCSS Policies & Procedures), or in the event that USA Hockey, any USA Hockey Affiliate or local program or any adult Participant receives a report that is required by the USCSS Code to be referred to the USCSS, USA Hockey, its Affiliates, local programs and adult Participants shall immediately report and refer such matter to USCSS. The duty to report to USCSS and USCSS’s jurisdiction to investigate shall not supersede any local, state, or federal reporting requirements or jurisdiction, and shall not affect or impair the ability of any person that reports to the USCSS from also reporting to the appropriate local, state or federal authorities.

2. Investigation/Discipline/Adjudication
The USCSS shall have jurisdiction and authority to investigate allegations or reports that a Participant has engaged in conduct defined in the USCSS Code to be within the USCSS’s exclusive jurisdiction, including without limitation allegations or reports of sexual abuse or misconduct and of any allegations of violations of USA Hockey’s SafeSport Policies that are reasonably related to and accompany a report of allegations of sexual abuse or misconduct, to issue any interim suspension or measures pending conclusion of the investigation, to make recommendations of sanctions or disciplinary action as a result of such investigation, and to adjudicate such matter according to the USCSS procedures for adjudication. The USCSS shall also have discretionary authority and jurisdiction over other violations of the USCSS Code. Neither USA Hockey nor any USA Hockey Affiliate or program shall engage in its own investigation or disciplinary process related to any allegations or reports that are within the jurisdiction of USCSS. However, USA Hockey and its Affiliates and local programs may issue a Summary Suspension under Bylaw 10.D.(3)(a) which shall be effective until such time as USCSS has exercised jurisdiction over the matter and made a determination related to a person’s eligibility pending the investigation and adjudication process, and may issue other protective measures less than a suspension that are necessary or appropriate to address the safety of Participants in USA Hockey programs.
3. **Appeals**
   There shall be no appeals of any decisions adjudicated by USCSS except through arbitration with the applicable arbitration body in conformance with the USCSS Code or other applicable USCSS or USOPC governing documents in effect at such time.

4. **Enforcement of USCSS Sanctions**
   Upon the issuance by USCSS of any interim or permanent suspension, disciplinary action, sanction or other measures, after conclusion of the adjudicative process or by agreement with a Participant subject to suspension or other sanction, USA Hockey and its Affiliates and programs shall enforce such suspension, measures or other sanctions throughout USA Hockey programs. USA Hockey and its Affiliates and programs shall enforce any suspension or other sanction issued by the USCSS even if arising from allegations outside of USA Hockey programs.

5. **Related SafeSport Violations**
   The delegation of authority and jurisdiction to USCSS as set forth above, and the restriction on USA Hockey, Affiliates and local programs, shall also include the investigation and issuance of sanctions related to allegations of other violations of USA Hockey SafeSport Policies (e.g., physical abuse, emotional abuse, bullying, harassment and hazing) that are reasonably related to and which accompany an allegation that involves sexual abuse or misconduct, or matters that do not involve sexual abuse or misconduct which the USCSS has exercised jurisdiction over in its discretionary authority.

   ![Image](image.png)

   (l) **Background Screening Determinations**
   Determinations related to a person’s eligibility or ineligibility to participate in USA Hockey programs based on the results of a background screen shall be determined according to the procedure set forth in the USA Hockey SafeSport Program Handbook.

   E. **Appeals**
   (1) **Right to Appeal**
   Any Party that is suspended, otherwise disciplined or subject to an Administrative Action may, after a hearing or failure to have a hearing in accordance with the Unified Procedure, appeal such action as follows (it is recognized that rules of an Affiliate Association may also allow appeals within the Affiliate by other Parties to the matter):

   (a) **Suspensions**
   Playing Rule Suspensions or suspensions for violations of bylaw and/or rules of local, league or District organizations, or by a committee of a state association or an Affiliate Association shall be appealable to the Board of Directors of the state association or where no state organization exists to the Affiliate Association’s Board of Directors or the designated committee of such Board of Directors (the “Appeal Authority”).
Upon the written appeal of any Party whose suspension has been upheld by a state or Affiliate Association, the Executive Committee of USA Hockey shall allow an appeal of such suspension to be determined by it pursuant to the provisions of this appeal procedure, provided that the appealing party shall have the burden of production and of proving that the Appeal Authority committed a gross abuse of discretion. The Executive Committee may delegate or assign the matter to a sub-committee for a review and recommendation in the matter. The Executive Committee shall decide any appeal before it at its next regularly scheduled meeting and shall render its decision within a reasonable period thereafter.

(b) Appeals Not Involving Suspensions
Appeals of Administrative Actions or other disciplinary action which do not involve suspension shall be appealed to the Board of Directors of the state association or where no state organization exists to the Affiliate Association’s Board of Directors or the designated committee of such Board of Directors. Except for Administrative Actions by a USA Hockey Council, Committee or Section, which shall be appealable to the USA Hockey Executive Committee, there shall be no further appeals of Administrative Actions or other disciplinary actions not involving a suspension.

(c) Officials
Officials may appeal a suspension, other disciplinary action or an adverse Administrative Action if by an officials association, USA Hockey District Referee-in-Chief or local supervisor of officials to the applicable Affiliate Association. If the official has been disciplined by the Affiliate Association or if the Affiliate Association has affirmed the discipline previously imposed, or if an official has been disciplined by the USA Hockey Officiating Development Program, the official may appeal the discipline to a committee consisting of the National Referee-in-Chief, a District Director from the District to which the Affiliate belongs and a third impartial individual selected by those two. There shall be no further appeal of any decision by the said committee and the Discipline shall be final.

(d) District/National Championship Rules Appeals
District or national championship rules or special jurisdictional hockey association rules shall be appealable to the USA Hockey council or its designee having jurisdiction over the program. There shall be no further appeal of any decision by the said council and the decision shall be final.

(e) Council Decisions
Except as otherwise provided, any decision of a USA Hockey council shall be appealable to the USA Hockey Executive Committee whose decision shall be final.
(f) **Junior Appeals**

Any Junior participant, team or league that is suspended, otherwise disciplined or subject to an Administrative Action after a hearing or a failure to have a hearing, may appeal the discipline to the Junior Council. In the case of appeals of Playing Rule Suspensions or other Discipline, and Player Eligibility issues, the decision of the Junior Council shall be final. In the case of any other appeals under this subsection (f), the decision of the Junior Council shall be subject to appeal to the USA Hockey Executive Committee.

(2) **Appeal Procedure**

The appeal procedure for all appeals as described in Section E(1) above shall be as follows.

(a) **Statement of Appeal**

The appealing Party must submit a Statement of Appeal in writing to the appropriate Appeal Authority, with a copy to the Disciplinary Authority and the hearing panel, of the decision appealed from within fourteen (14) days of receipt of the decision appealed or of the date of the failure to hold a hearing, whichever is applicable. The Statement of Appeal shall include a statement of why the Discipline should be overturned or reversed, and should attach the record of the hearing panel, if any, and a copy of the decision. The Disciplinary Authority and any responding Party shall have fourteen (14) days from the receipt of the Statement of Appeal to file a reply and any reply must be served upon the Appeal Authority and the appealing Party. The Statement of Appeal and reply should be a complete and comprehensive document and include all materials the Party wishes to be considered. Letters and other documents not submitted by the Party him/herself as part of the Statement of Appeal need not be considered by the Appeal Authority. If a Statement of Appeal is not received by the appropriate Appeal Authority within the fourteen (14) day period, the discipline shall be final. The failure to respond by any Party will exclude that Party from further participation in the appeal proceedings.

If included in its governing documents addressing appeals, an Affiliate may require the submission of a reasonable fee not to exceed $250 as a condition of allowing an appeal.

The Statement of Appeal and any reply shall be no longer than ten (10) typed double spaced pages with a font size no smaller than twelve (12) point. Exhibits to support the Statement of Appeal and/or reply may also be attached, including any relevant governing documents the Party is relying upon to support its argument. Exhibits shall not be included in the ten (10) page limitation.

For purposes of this rule and when there is a written decision in the matter being appealed, the Disciplinary Authority and any responding Party may affirm and adopt the earlier written decision as its reply without the need for an additional reply.
(b) **Conduct of Appeal Hearing**

The Appeal Authority may in its discretion hold a hearing or consider the appeal on the written submissions of the Parties and establish other hearing rules so long as each Party is treated substantially equal. Notice of a hearing, if any, shall be given to all Parties, and any hearing may, in the discretion of the Appeal Authority, be held in person, telephonically or by video conference. If a hearing is held, it shall be held within thirty [30] days of the Appeal Authority’s receipt of submissions from all Parties, except as agreed by the Parties or in circumstances beyond the control of the Appeal Authority. Only the evidence and theories presented to the Disciplinary Authority or party taking the Administrative Action prior to rendering its decision shall be presented or considered on appeal.

(c) **Appeal Decision**

The Appeal Authority shall make every reasonable effort to issue a written decision that shall include statement finding of the facts that were proven at the hearing and the conclusions of the Appeal Authority within the later of (i) thirty [30] days of the receipt of a reply or expiration of the period for a reply, or (ii) fourteen [14] days of the hearing. The Appeal Authority may affirm, reverse or modify (including increase or decrease the term of a suspension) any decision in its sole discretion and as it deems proper under the circumstances.

(d) **Suspension or Discipline Remains in Effect**

Any suspension, discipline or Administrative Action appealed from shall remain in force and effect until it expires, is reversed or is modified by the Appeal Authority.

(3) **No Further Appeals**

There shall be no further appeal of any decision by the Executive Committee of USA Hockey in matters concerning Discipline and its decision shall be final as it is the final Appeal Authority in this appeal process.

F. **National Suspensions and Expulsions; Affiliate Disputes and Challenges to Affiliates**

(1) **Scope**

The procedures authorized by this Bylaw 10.F. shall be the exclusive mechanism for the resolution of the following matters:

- (a) National suspensions and expulsions of an Affiliate Association, or state or local association;
- (b) Disputes between USA Hockey and an Affiliate Association, including alleged breaches of the Affiliate Agreement between USA Hockey and an Affiliate Association; and
- (c) Challenges by a third party, other than USA Hockey, to an Affiliate Association’s status with USA Hockey.

Any suspension, expulsion or other discipline of an individual member of USA Hockey does not fall under this Bylaw 10.F. and shall be governed by the other applicable provisions of this Bylaw 10.
(2) **National Suspensions and Expulsions**

Violation of these Bylaws or the Applicable Rules, or conduct unsuitable for the sport of ice hockey, by any Affiliate Association or state or local association of USA Hockey, or breaches of the Affiliate Agreement between USA Hockey and an Affiliate Association, may subject such organization to suspension or expulsion from USA Hockey by the Executive Committee of USA Hockey.

(a) **Appointment and Recommendations of the Special Committee; Hearing by Executive Committee**

Upon receipt of written notice describing such violations, the Executive Committee shall appoint a special committee to investigate such matters and report to it in writing its findings of material facts, conclusions and recommendations to remedy the violations. If the recommendation of the special committee is suspension or expulsion of the offending party, the Executive Committee shall hold a hearing to allow the offending party to present such evidence as the offending party deems pertinent to the issues before the Executive Committee. If the recommendation of the special committee is not suspension or expulsion of an Affiliate Association (if an Affiliate Association is the offending party), then the dispute process shall be governed by Bylaw 10.F.(3) and the written recommendation of the special committee shall constitute the written notice of dispute required by Bylaw 10.F.(3)(a).

(b) **Action by Executive Committee**

Following the hearing, in closed session, the Executive Committee may take action to suspend or expel the organization from USA Hockey, or any of its activities, by a two-thirds majority vote. Any such suspended or expelled party shall have the right to appeal such decision to the Board of Directors of USA Hockey at its next regularly scheduled meeting. If the Executive Committee does not vote to suspend or expel the offending party, but instead, by majority vote, takes other action with respect to the offending party, such party shall have the right to appeal such decision to the Board of Directors of USA Hockey pursuant to Bylaw 10.F.(3)(d)-(f). The decision of the Executive Committee shall be in writing and contain findings of material facts, conclusions and the order of the Executive Committee.

(c) **Appeal to Board of Directors**

Pending the decision of the Board of Directors on such appeal, the suspension or expulsion shall be held in abeyance. To sustain the action of the Executive Committee or to take any other action to suspend or expel the offending party, a two-thirds majority vote of the Board of Directors shall be required. If the Board does not vote to suspend or expel the offending party, the Board may take such other action against the offending party as the Board determines by a majority vote of the Board of Directors.
(d) **Appointment of Trustee**

(2) **Scope**
Any party aggrieved by a final decision of a governing body as defined herein shall be entitled to demand that the dispute be subject to arbitration pursuant to the procedure set out in this Section 10.G.

This arbitration procedure may also be used to challenge the construction, interpretation and application of a governing body’s Bylaws, Rules and Regulations and the authority, relationship and arrangements by or among any governing body(jes) if a governing body has rendered a final decision relative to same.
A “final decision” shall mean the party requesting arbitration shall have exhausted all administrative remedies available to it, including without limitation shall have taken all steps, had hearings locally, and have received a final decision from the USA Hockey Affiliate organization. Failure to take all administrative steps necessary in order to demand arbitration is a jurisdictional requirement and shall be a bar to claiming arbitration.

The term “governing body” shall mean any board of directors, director, officer, employee, agent or other duly authorized representative or committee of USA Hockey, its registered team members, allied members, Affiliate associations, state associations and their local associations or leagues.

(3) Exceptions
The provisions of this Section 10.G. shall not apply to any decisions involving:

- (a) playing rules;
- (b) officiating;
- (c) doping and/or use of illegal substances;
- (d) national suspension or expulsion, disputes between USA Hockey and an Affiliate Association, and challenges to an Affiliate Association’s status, performance or function, which are governed by Bylaw 10.F. above;
- (e) any matter which may be or has been appealed to the Executive Committee of USA Hockey under the provisions of this Bylaw 10;
- (f) those decisions specifically excepted by any other provisions of these Bylaws;

The party initiating arbitration shall file a written Petition for Arbitration that contains the following information:

- (a) identifying the name of the petitioning party and the governing body and the decision being appealed;
- (b) the date of the said decision;
- (c) a description of all administrative steps taken and the exhaustion of all appeals processes;
- (d) a concise and specific statement of the issues to be arbitrated;
(e) a statement of reasons as to why the decision should be reversed or modified;

(f) the relief sought; and

(g) the required bond.

The Petition shall be no longer than ten (10) typed double-spaced pages with a font size no smaller than twelve (12) point. Exhibits to support the Petition may be attached and shall include a copy of the decision appealed from and any relevant governing documents.

The Petition shall be filed with USA Hockey’s Vice President, chair of the Legal Council (“Chair, Legal Council”) and USA Hockey’s business office in Colorado Springs, Colorado, and shall be served on all named parties, no later than fourteen (14) days from the date of the decision that is the subject of the Petition. Filing shall be deemed to have occurred upon receipt of the Petition by USA Hockey’s business office in Colorado Springs, Colorado. Filing, and responses, may be accomplished by surface mail, courier, electronic mail, or facsimile to the proper persons.

5. Response

Any responding party to the Petition shall file its response in the same manner and which shall meet the same requirements set out in Paragraph (4) above upon all other parties within fourteen (14) days of receipt of the Petition. Any named party not responding within the time period above shall continue to be a party to the arbitration, but shall have no further right to assert any rights, defenses or claims in the arbitration.

6. Selection of Arbitrators

An arbitration panel (“panel”) shall consist of three (3) arbitrators unless it is determined by the Arbitration Supervisor (defined below) that the number of parties and/or interests requires a different number of arbitrators as set out in Paragraph (8)(b)(5) below.

Within seven (7) days of the petitioning party and the responding party(ies) receiving notice from chair, Legal Council that the responding party(ies) responses have been received, each party shall identify its choice of arbitrator to the other parties. Neither the Petitioner(s) nor any other named parties may serve as an arbitrator(s). The arbitrators so chosen will between them identify the neutral arbitrator(s) from names submitted to each other no later than seven (7) days from the date of the submission of the neutral arbitrators’ names. In the event that the arbitrators selected by the parties are unable or unwilling to name the neutral arbitrator(s), the Arbitration Supervisor may choose the neutral arbitrator(s) from among the list of neutral arbitrators, or if no neutral arbitrators are proposed by the arbitrators appointed by the parties, then as such neutral arbitrator(s) may be selected by the Arbitration Supervisor.

Upon appointment of all arbitrators, the arbitrators shall inform the Arbitration Supervisor when the panel is formed. Prior to the forming of the panel, no party to the arbitration may file any temporary or preliminary motions or requests to the panel requesting interim relief.
A party’s refusal or failure to nominate or select any arbitrator within the time limits provided shall cause it to forfeit its right to such selection and the arbitration shall proceed with those arbitrators so chosen, except that in the case of the Petitioner’s refusal or failure to so nominate or select the Petition for Arbitration shall be dismissed by the Arbitration Supervisor.

(7) Qualification of Arbitrators
All arbitrators shall have experience and knowledge about the organization and administration of amateur ice hockey in the United States and the sport of ice hockey itself, specifically including present or former athletes who played the sport of ice hockey and those who have demonstrated experience and involvement with national, Affiliate, state, or local ice hockey organizations. All neutral arbitrators shall be independent and objective. Officers, directors or employees of USA Hockey may not serve as neutral arbitrators.

(8) Supervision of Arbitration

[a] The arbitration shall be supervised by the chair, Legal Council, or his/her designee (the “Arbitration Supervisor”), who shall be an individual identified in Section 8(d). The Arbitration Supervisor shall supervise, but not take part in the arbitration. The Arbitration Supervisor shall promptly review the parties’ submissions and determine if the matter is properly arbitratable under this Bylaw and may make any decision or ruling, or take any action that the Arbitration Supervisor determines in his/her sole discretion is necessary for the prompt and proper conduct of the arbitration.

Any decision of the Arbitration Supervisor, that the matter is not arbitratable, or in any other way terminates the entire proceeding, shall be immediately appealable to the Executive Committee as provided in Section 10.E.(1)(a) of this Bylaw 10.

[b] Except as noted above, all of the decisions and actions of the Arbitration Supervisor shall otherwise be final and non-appealable. Such decisions and actions shall include without limitation:

1. confirming the correct parties to the arbitration and adding, removing or realigning parties as appropriate and necessary within the exercise of his/her sole discretion;

2. determining that the issues as set out by the parties are appropriately subject to this arbitration procedure and that the initial submissions of the parties are complete and filed in a timely fashion;

3. informing the parties in writing that the arbitration has been initiated and that they should chose their arbitrators;

4. in the event the parties cannot agree on a neutral arbitrator, appoint a neutral arbitrator;
5. if there are more than two parties to the arbitration, determine the appropriate number of arbitrators for the panel, including the number of neutral arbitrators to ensure that no party, or combination of parties, to the dispute can control the decision in the absence of the vote of the neutral arbitrators;

6. confirm, restate, modify, delete or otherwise frame the issues to be arbitrated; and

7. inform the parties that the arbitration is ready to proceed.

(c) Failure to timely comply with the chair, Legal Council’s or the Arbitration Supervisor’s directions and/or to file an appeal with the Executive Committee shall terminate the arbitration procedure and the immediately preceding administrative decision shall be final and binding on all parties.

(d) When USA Hockey is named in the arbitration and is a real party in interest to the arbitration, the chair, Legal Council shall not serve as the Arbitration Supervisor and shall appoint as his/her designee to be the Arbitration Supervisor an independent and objective person with at least five (5) years experience in supervising or arbitrating commercial arbitrations. The appointed Arbitration Supervisor shall have the authority as set out in this section 8.

(9) **Hearing**

Once the panel has been formed and Arbitration Supervisor has been informed of that fact and confirmed that the arbitration is ready to begin, the arbitrators should conference in a manner of their choosing and determine how the panel will conduct the hearing on the arbitration. The panel will determine whether it will proceed upon the submission of documents, take testimony in person, place limits on time for submission of evidence, the rules of evidence to be applied and establish a procedural order for the hearing to be completed. The panel shall not conduct a de novo investigation or hearing but shall be limited to the record of the matter before it. The panel shall not entertain any theories or evidence that have not been decided or submitted to the body that decided the issue being arbitrated.

The panel shall render a written decision within twenty (20) days from the date of the completion of the hearing unless a majority of the panel determines this time frame should be extended. The decision shall be in writing and shall set forth findings of fact along with the reasoning and conclusion of the panel.

(10) **Burden of Proof**

The party that has filed the Petition for Arbitration shall have the burden of proof to present sufficient evidence and to persuade the panel by clear and convincing evidence to uphold its appeal. The panel may make inferences and presumptions from the evidence presented to it or from the failure to produce available evidence, materials or witnesses.
(11) **Standard for Determination**

In making its determination and deciding the matter before it, the panel shall be limited to deciding whether in the decision being appealed that:

(a) there was an abuse of discretion by the governing body; and
(b) the governing body acted in an arbitrary and capricious manner; and
(c) but for such actions, a different result would have resulted.

(12) **No Appeal**

The decision of the panel, and where called for in this Section 10(I), decisions of the chair, Legal Council and/or Arbitration Supervisor, shall be final and not subject to further appeal.

(13) **Bond/Expenses**

A bond in the form of a certified check in the amount of $1,000 (or such higher amount as may be determined by the chair, Legal Council), and in a form determined by chair, Legal Council, and made payable to USA Hockey, Inc., shall accompany the Petition for Arbitration. The chair, Legal Council or the Arbitration Supervisor may set any other bond requirements for the Petitioner and other parties in his/her sole discretion.

The panel may determine in its discretion to assess costs or attorney fees against the party that does not prevail. The prevailing party may petition the panel for such assessment of costs after the panel’s decision is rendered. Any costs so assessed may be deducted from the posted bond(s) by USA Hockey, Inc. and distributed according to the instructions of the panel.

H. **Exception to Internal Arbitration – AAA Arbitration – United States Olympic & Paralympic Committee and Protected Competition**

Notwithstanding anything to the contrary contained in Bylaw 10(I) or in USA Hockey’s Rules and Regulations:

(1) As provided by Bylaw 10.B.(1), USA Hockey agrees to submit to binding arbitration conducted in accordance with the commercial rules of the American Arbitration Association, any controversy involving its recognition as a national governing body, or involving the opportunity of any amateur athlete, coach, trainer, manager, administrator or official to participate in amateur athletic competition, as provided in the USOPC Constitution and the USOPC’s Bylaws, and

altering the prohibition against that recourse stated in these Bylaw, the following principles shall prevail:

(1) **Laws of Colorado Apply**
   The laws of the State of Colorado (except for any conflict of laws provision that may apply another state’s law) shall govern;

(2) **Deference to Governing Body Expertise**
   The constructions, interpretations, rulings, procedures, decision and opinions of the Governing Bodies, their directors, officers and other duly authorized personnel, and local sub-affiliates shall be deferred to as being the product of its experience and judgmental expertise in hockey and in the administration of that hockey. In the event of a conflict in construction, interpretations, rulings, decisions and opinions between Governing Bodies and/or sub-affiliates, they shall be given precedence in the following order: USA Hockey, Affiliate Association, regional, state sub-affiliates and then local, sub-affiliates, with USA Hockey being considered the highest authority;

(3) **Other Reasonable Inferences Not Controlling**
   The fact that another reasonable inference or interpretation could be made will not be grounds for overruling or modifying a decision of a Governing Body (including its duly authorized personnel);

(4) **Limitation on Evidence and Theories to Original Hearing**
   Only the evidence and theories explicitly presented to the original Governing Body or sub-affiliate for its consideration prior to the rendering of the initial decision by that Governing Body or sub-affiliate shall be presented or considered in court;

(5) **Burden of Proof**
   The burden of proof shall be on the party attempting to have any decision or action of a Governing Body (including its duly authorized personnel) and/or sub-affiliate reversed, modified or changed in any way, and that burden shall be the equivalent of the highest degree of proof required in any civil proceeding;

(6) **Governing Bodies/Volunteers/Costs**
   Given the fact that the Governing Bodies and sub-affiliates are not-for-profit organizations administered by volunteer effort, each party that is not successful in overturning in its entirety a procedure, ruling or other decision of a Governing Body, shall pay for any and all fees, expenses and other costs of the Governing Body (including its sub-affiliates) with respect to that matter (including, but not limited to: attorney’s fees, court, court reporter, transcript, document and exhibit costs; fees and expenses of consultants, experts, investigators and witnesses, and in obtaining or producing materials or evidence, transportation and other per diem and incidental expenses of each of the foregoing and of all volunteers; and, the value of each volunteer’s time, both in and out of court, as measured by that individual’s customary work position).

   Any USA Hockey Affiliate, league or local program may provide for or allow a non-checking category in any of the above age classifications. A youth or girls player may play on a team in an older classification only if the applicable Affiliate’s rules or decisions, and the applicable local program’s rules or decisions,
permit that player to do so. A youth or girls player residing in one Affiliate may not play on a team in an older classification in a different Affiliate unless both the Affiliate where the player resides and the Affiliate where the player desires to play have granted permission to play in an older classification. In the event a youth or girls player has been denied the permission to play in an older classification in an Affiliate other than the Affiliate where the player resides, the player may appeal such denial to the USA Hockey Player Development Committee (except that appeals of eligibility to play on a National Championship bound team shall be to the National Championship Appeal Committee).

**NOTE 1:** The 15-year-old age category shall be for the Tier I Youth level only and shall be limited to players age 15 (as defined in the age classification chart for the current season). Players that are not age 15 in the current season shall not be permitted to play at the 15-year-old age classification under any circumstances.

**NOTE 2:** The youth hockey age classifications are unrestricted as to gender.

**WOMEN**

Divided into A, B and C classifications (additional recreational classifications of Adult Women 30 and Over, 40 and Over, and 50 and Over will be organized under the Adult Council). All players must be 18 years of age or older by December 31 of the current playing year.

**Women’s Senior A:** This category is for elite teams and players. Restricted to legal U.S. residents.

**Women’s Senior B:** This category is for established teams and skilled players. Restricted to legal U.S. residents.

**Women’s Senior C:** This category is for established teams. In the case of national tournament-bound teams, players who are current or past Olympic or National Team players shall have a minimum of five (5) years separation from their last Olympic or National Team to be eligible to compete in Women’s Senior C. Teams are allowed to roster up to four (4) former NCAA Division I and up to five (5) former Division II or Division III college players. There is no restriction of NCAA college players that have a minimum of five (5) years separation from their last college game. Restricted to legal U.S. residents.

**NOTE:** Girls/Women who participate must comply with the age requirement of the classification in which they compete.

**HIGH SCHOOL**

Restricted to amateurs who are enrolled as full-time students (grades 9-12), and under 20 years of age on or before December 31 of the Playing Season. Eligibility
shall not exceed eight (8) consecutive semesters starting with the player’s freshman year (9th grade).

For home-schooled students, the term “attend” shall mean that the student is enrolled at a high school and is designated as carrying sufficient credits to be considered a full-time student for which credit toward high school graduation will be granted by the high school upon the student completing and passing the courses. The school which enrolls the student shall be exclusively responsible to verify the student’s compliance with all of the eligibility requirements.

**Clarification:** Those High School students graduating mid-year shall no longer be considered full-time students and, therefore, are no longer eligible to play High School hockey, effective on their last day of attending classes full-time as defined by the school.

The High School National Championship shall be divided into four (4) divisions; Division I (Pure), Division II (Combined), Prep School Division and Girls. All four (4) divisions will be played under the High School National Championship Tournament. Each division shall compete for its own National Championship. Following definitions for each division:

**Division I (Pure):** A community based academic high school where teams consist of players attending the same high school as full-time students who are eligible to play in sanctioned varsity sports at that school.

**Division II (Combined):** Community or non-community based academic high schools where teams consist of players representing more than one high school who are full-time students eligible to play sanctioned varsity sports at any one of the combined schools.

A High School player residing in one Affiliate may not play on a National Tournament bound Division II (Combined) High School team in a different Affiliate unless both the Affiliate where the player resides and the Affiliate where the player desires to play have granted permission. In the event that a High School player has been denied such permission to play on a Division II (Combined) High School team other than in the Affiliate where the player resides, the player may appeal such denial to the National Championship Appeal Committee.

**Prep School Division:** Boarding schools or Academies that house players in a school dormitory or with billet
families, and non-community based high schools consisting of full-time students attending the same school and non-community based online schools. All teams, players and coaches must register with USA Hockey prior to application for participation.

**Girls Division:** Pure, Combined, or prep school teams consisting of full-time, female students attending the same high school or prep school, attending more than one high school/prep school, or full-time students that are eligible to play sanctioned varsity sports at that school.

**NOTE:** High School teams shall compete in their appropriate division which shall be governed by eligibility requirements by the respective Affiliates before determining its representation. To encourage the growth of Division I (Pure), an Affiliate with Division I (Pure) teams must send a Division I team to the High School National Championship Tournament before applying for a spot in the Division II (combined) division. All High School Division teams must play a regular season schedule in a high school league as a team and shall not be an “all-star” team formed for the purpose of attending a High School National Championship Tournament.

Any Affiliate with a Division I (Pure) team that cannot be fielded for that tournament, for whatever reason, can petition the USA Hockey High School Section for a waiver of the Division I requirement. Waivers will be considered on an individual basis.

These classifications apply completely and without modification to all interleague and interstate or interdistrict series in USA Hockey regional playoffs and national championships.

(2) **Citizenship Eligibility**

(a) Only U.S. citizens are eligible to participate in the National Player Development Program.

(b) The classifications in Section C.(1) above are restricted to U.S. citizens, subject to the following exceptions:

1. Players who are citizens of another country and residing in the U.S. with a parent shall be considered eligible if the parent(s) holds one of the following legal documents: Alien Registration Receipt Card or Permanent Resident Card. The player shall also be considered eligible if the parent(s) hold one of the following non-immigrant temporary visas: A. Government Official; E. Treaty Trader or Investor; G. Representative to International Organization; H. Temporary Worker; I. Foreign Information Media Representative; J. Exchange Alien; L. Intra-Company Transferee; M. Non-Academic Student; O. Aliens of Extraordinary Ability; P. Athletes and Entertainers; Q. Cultural Exchange; R. Religious Workers; and TN. Professional.

2. For players who are citizens of another country and are residing in the U.S. without a parent, the player must hold
an Alien Registration Receipt Card or Permanent Resident Card or an F. Academic Student classification visa or J. Exchange Alien visa.

3. However, (a) all girls’ national championship-bound teams are restricted to only two (2) players, and (b) all youth national championship-bound teams shall be restricted to only four players, in either case who are non-U.S. citizens temporarily residing in the U.S. under any combination of the following immigration visa categories: F. Academic Students; J. Exchange Alien Visa; P. Athletes and Entertainers [excluding their spouses and children under visa category P-4]; Category M. Non-Academic Student and Q. International Cultural Exchange Program participants. This restriction does not apply to non-U.S. citizens temporarily residing in the U.S. under category P-4, referenced above, or other visa categories not referenced above, excluding category B. Temporary Visitor. This restriction does not apply to any High School division.

(c) Any team with a player on its roster who is a non-U.S. citizen should make immediate contact with its respective district registrar to review credentials and determine the player's eligibility. All players must provide the following documentation:

1. **Release**
   A release from the player’s home team/association authorizing the player to compete for the USA Hockey member team; and

2. **IIHF/Canadian Transfer**
   A youth written transfer form must be completed for all non-citizen players (male and female) under 18 years of age who register with a USA Hockey member program. An IIHF/Canadian transfer form must be completed for all non-citizen players (male or female) ages 18 and over.

(d) In addition, a person who is a citizen of another country and resides in the United States under political asylum, or a claim therefore, refusing to return to his/her home country for a bona-fide, non-hockey related reason, shall be eligible for competition in the USA Hockey domestic program after he/she has continuously resided in this country for a period of one (1) year, with one or more of his/her parents, and further, shall have secured the release and IIHF transfer required above. Copies of all forms necessary to complete this transfer shall be provided by the national office to the team, league and council involved.

C. **Disabled**

   (1) **Classifications**
   - Adult Sled (19 & Over)
   - Youth Sled (18 & Under)∗
• Special (all ages)
• Amputee/Standing (all ages)
• Deaf/Hard of Hearing (all ages)
• Blind/Visually Impaired (all ages)
• Warrior Hockey (veterans with a disability playing upright)

*Sled players over the age of 18 may be allowed to play on a youth sled team if their skill level and age prevent them from playing in the adult sled division upon approved waiver.

**In any Disabled Hockey classification, the local program, league, Affiliate or USA Hockey may require that players 18 and over complete a background screen in accordance with USA Hockey’s SafeSport Program prior to participation. Players may be prohibited from participating in disabled classifications based on a violation of the USA Hockey SafeSport Program policies through a summary suspension where appropriate, or following a hearing in accordance with USA Hockey Bylaw 10.

D. Additional Requirements
For additional requirements for National Championship bound teams, see Section IX: District Playoffs and National Championships.

III. TEAM MEMBERSHIP AND REGISTRATION
A. Membership
Except for Juniors, all teams of USA Hockey member programs must register with USA Hockey in a manner prescribed by the appropriate district registrar. All national championship bound teams shall be required to use the official USA Hockey roster registration form (1-T). Affiliates and leagues may also require the USA Hockey roster registration form (1-T) for specified teams. In some instances, a simple listing of players and coaches may comprise an approved roster. All applicants for team membership must be members in good standing of an Affiliate.

Junior registration for players, coaches, teams, leagues and referees shall be as provided in Section XI: Junior Hockey.

All players seventeen (17) years of age or older on or before December 31 of that playing season, and that play on a team in a classification that allows minor age players, shall be required to complete U.S. Center for SafeSport online training before being added to such team and prior to participation (on-ice or off-ice). This requirement shall apply to all teams in the Youth, Girls, High School, Junior Hockey, Flex Hockey and Disabled Hockey program classifications that allow both minor age and adult age players. Players required to complete the training shall complete the Core Center for SafeSport Training prior to being added to a team and shall complete the Refresher Course each subsequent season in which they are on a team in the above classifications.

B. Tryouts/Player Selection
Tryouts for all Tier I & II 14U-18U Youth and 14U-19U Girls Teams
No youth or girls Tier I or Tier II team may recruit or solicit players or offer hockey contracts to players for the following season, or hold development camps, tryouts, player selections or any activity that could be construed as a tryout/solicitation or recruitment for the following season, until 48 hours after the last game of Youth National Championships (both Tier I and Tier II Nationals must be completed). For example, if the
National Tournament ends at 4 pm on Monday, tryouts can begin after 4 pm on Wednesday. Any violation of this prohibition may subject the coach, team, program and/or responsible administrators to appropriate discipline, or ineligibility of the team or coach, as determined by the Affiliate.

Except for spring or summer season hockey, Affiliates are strongly encouraged to have rules for house, recreational and other youth and girls hockey teams that are not registered as Tier I or Tier II teams, prohibiting tryouts or player selection until after a certain date that is appropriate for such Affiliate.

C. Registration

The team roster registration form (1-T) shall be completed and forwarded to the official district registration office by the appropriate date as set forth in the USA Hockey Annual Guide of the current playing season for teams eligible for district playoffs and national championships.

The team roster registration form (1-T) shall not be effective until the date it is approved by the official District or Associate Registrar through the USA Hockey portal.

A limit of twenty (20) players at any one time may be registered per team except for high school, girls’ high school, college and women’s college which may roster 30 players and may dress 20 players and, adult and women’s teams which may roster 25 players and may dress 20 players (see Section XI: Junior Hockey for junior roster limits). Affiliates may allow their post-season (spring/summer) teams, formed to play between the end of the last USA Hockey Youth/Girls National Championship and August 31, to have a limit of twenty-five (25) players on a roster and may dress twenty (20) players per game. A player may be registered in only one (1) national ice hockey federation.

The regular season shall be September 1 through August 31. New members or those members who register on or after April 1 of any calendar year are eligible for participation from the date of their registration through August 31 of the following calendar year.

(1) A sanctioned USA Hockey Member Program, as determined by the applicable Affiliate, must register all of its teams in the USA Hockey Affiliate in which the greatest percentage of the Member Program’s players reside (as defined below). In addition, unless approved by the applicable Affiliates, all Teams registered within a Member Program must have the greatest percentage of team members that reside in the Affiliate where the Member Program is registered and shall comply with all applicable Affiliate Rules regarding Team Registration. An Affiliate may require that teams registered within its Affiliate have a minimum percentage of players that reside in the Affiliate (or similarly, an Affiliate may place a limitation on out-of-Affiliate or non-resident players).

(2) Teams that are not part of a sanctioned Member Program but which are approved by the Affiliate (an “Independent Team”), must register in the USA Hockey Affiliate in which the greatest percentage of its
players reside. Independent Teams must comply with all applicable Affiliate rules regarding Team Registration.

(3) In the event that a Member Program/Independent Team have equal percentages of players that reside in two or more Affiliates, the Affiliates involved shall promptly convene and decide as to where that Member Program/Independent Team shall register.

(4) Notwithstanding that application of the above rules would require that a Member Program or Independent Team register in a particular Affiliate, two neighboring Affiliates, with the Member Program’s or Independent Team’s consent, may agree that a particular Member Program or Independent Team may register through either of those two Affiliates.

(5) If there is a dispute between one or more Affiliates and a Member Program or Independent Team regarding the proper Affiliate in which a Member Program or Independent Team must register, then the Member Program, Independent Team and any affected Affiliate shall seek resolution of such dispute through an appeal to the USA Hockey Youth Council.

(6) For the purposes of determining where a player resides under paragraphs 1 and 2 above, absent specific Affiliate rules regarding residency, the residency status of a minor age player shall be the same as at least one of the minor’s parents or legal guardians. Should a player not be residing with a parent or legal guardian but rather residing and attending school elsewhere, the location of the school shall be considered the player’s residence. Any dispute under this section regarding where a minor age player resides shall be resolved by the appropriate USA Hockey Registrar(s), in consultation with the Assistant Executive Director of Member Services of USA Hockey. There shall be no appeal following such determination. The residency determination for the purposes of this rule does not affect the player’s residency for the purposes of representation at player development camps.

D. National Championship-Bound Teams
A player may not register on more than one team that participates in games leading towards a national championship except for players on High School division teams, who may also play on a Youth or Girls’/Women’s national championship-bound team. Player changes to the official team roster form (1-T) for youth Tier I and Tier II teams and girls’/women’s (except Women’s A) national championship-bound teams will not be accepted after December 31. Refer to Rules and Regulations Section IX: District Playoffs and National Championships, for additional requirements for national championship-bound teams.

No player may play in more than one State, Affiliate or District Championship or playoffs leading thereto. However, a player rostered on both a High School division team and a Youth or Girls’/Women’s national championship-bound team may play in both of their teams’ State, Affiliate or District Championship or playoffs leading thereto.
In the event a player is registered on more than one team that participates in games leading towards a national championship, the appropriate registrar shall have the final authority to certify the eligibility of any such player solely on the basis of the date on which the effective date of the earliest team roster registration form, as provided above, is received.

Girls may dual roster on a youth and girls’ team if the Affiliate rules permit dual registration for females. Dual-rostered females playing on youth and girls’/women’s teams may continue playing on both teams until the end of the regular season. However, the player must declare in writing to her appropriate registrar, or his/her designee, by December 31 on which national championship-bound team she wishes to be eligible to advance to the district, state, regional and national championship. If the player does not indicate on which team she wishes to be eligible for district, state, regional and national tournaments, the appropriate registrar shall have the final authority to certify the eligibility of any such player solely on the basis of the date of the earliest team roster registration form, as provided above, is received.

Except for players playing in Tier I or Tier II Junior hockey pursuant to the Youth/Junior Affiliated Player Policy, any youth player (male or female) rostered on a Tier I or Tier II youth or girls’/women’s team and a Junior Program team as of December 31, can only play for one team after December 31. Except for players playing in Tier I or Tier II Junior hockey pursuant to the Youth/Junior Affiliate Player Policy, if the player plays in a Junior game after December 31, he/she loses all eligibility on his/her youth or girls’/women’s team for the remainder of the season, regardless of how many games are played at the Junior level. Disputes regarding this rule should be resolved by the appropriate registrar.

E. Youth Tier I Standards and Criteria

USA Hockey recognizes Youth Tier I programs/teams only at the 14U, 15 Only, 16U and 18U age levels. The following criteria must be met for any team to be classified as a Tier I team in any Affiliate:

- Tryouts for Tier I teams must be published and advertised. No youth Tier I or II team may recruit or solicit players or offer hockey contracts to players for the following season, or hold development camps, tryouts, player selections or any activity that could be construed as a tryout/solicitation or recruitment for the following season, until 48 hours after the last game of Youth National Championships (both Tier I and Tier II Nationals must be completed). For example, if the National Tournament ends at 4 pm on Monday, tryouts can begin after 4 pm on Wednesday. Any violation of this prohibition may subject the coach, team, program and/or responsible administrators to appropriate discipline, or ineligibility of the team or coach, as determined by the Affiliate.

- The number of Tier I teams in each Affiliate in each age classification shall be limited by the number of players registered in that Affiliate in that age classification. In each age classification, the Tier I teams shall not exceed fifteen percent (15%) of the total players registered in that age classification in that Affiliate two seasons prior (i.e., the player registration
numbers in USA Hockey’s Final Registration Report for 2017-18 would be used to determine the number of teams permitted in the 2019-20 season, and similar calculations would be made in subsequent seasons. Each Affiliate’s player registration numbers for the preceding season shall be provided on or before September 1 each year. For the purposes of this calculation, each team shall be presumed to have twenty (20) players. For example, the total number of players in that age classification shall be multiplied by 15%, and the product shall then be divided by 20 players, which shall determine the number of Tier I teams permitted in the Affiliate. If an Affiliate has 360 players in an age classification in the 2017-18 season, then 15% of that number would equal 54 players. In order to have teams of 20 players, the Affiliate would be limited to two Tier I teams at that age classification in the 2019-20 season. In Affiliates that allow programs to have multiple Tier I teams in an age classification (e.g., Major/Minor, National/American), then only the teams that are national tournament bound shall count against the limitations on Tier I teams in this paragraph. Notwithstanding the limitations in this paragraph on the number of Tier I teams permitted in an Affiliate based on the number of players registered, subject to Affiliate approval and satisfaction of all other requirements of this Section E, each Affiliate shall be permitted to have at least one team per age classification.

- Notwithstanding the use of 20 players per team in the calculation of the number of teams that may be registered in an Affiliate at the Tier I level, all teams at 14U, 15 Only, 16U and 18U classifications must have a minimum of 15 players (including goalkeepers).

- In order for any team to be eligible for National Tournament play, the program/association must have been in existence and registered with the applicable Affiliate for a minimum of three (3) prior consecutive years.

- The Association/Program must have at least two (2) National Tournament Bound teams from the 14U, 15 Only, 16U or 18U age categories in either the Tier I or Tier II categories, each of which must have a minimum of 15 players per team.

- It is recommended that each player on the team have on-ice and off-ice practices consistent with the ADM recommendations for that age group (which practices may include practices on other teams).

- Notwithstanding anything to the contrary in this Section E, each Affiliate shall be permitted to “grandfather” any Tier I team(s) that were in existence in the 2016-17 season, and in the Affiliate’s discretion may allow such team(s) to continue to be classified as Tier I so long as such programs continue to register team(s) in that age classification. If an Affiliate chooses to reduce the number of Tier I teams beyond those permitted in this Section E, then the Affiliate may do so through the
Affiliate’s rules or decisions. The Youth Council recommends that each Affiliate’s teams do not exceed a maximum of 15% of the total players registered in that age classification in that Affiliate two seasons prior.

- Any exceptions to the above limitations on teams may be granted by the Youth Council.

F. **Girls Tier I Standards and Criteria**

USA Hockey recognizes Girls Tier I programs/teams only at the 14U, 16U and 19U age levels. The following criteria must be met for any team to be classified as a Tier I team in any Affiliate:

- Tryouts for Tier I teams must be published and advertised. No girls Tier I or II team may recruit or solicit players or offer hockey contracts to players for the following season, or hold development camps, tryouts, player selections or any activity that could be construed as a tryout/solicitation or recruitment for the following season, until 48 hours after the last game of Girls National Championships (both Tier I and Tier II Nationals must be completed). For example, if the National Tournament ends at 4 pm on Monday, tryouts can begin after 4 pm on Wednesday. Any violation of this prohibition may subject the coach, team, program and/or responsible administrators to appropriate discipline, or ineligibility of the team or coach, as determined by the Affiliate.

- The number of Tier I teams in each Affiliate in each age classification shall be limited by the number of players registered in that Affiliate in that age classification. In each age classification, the Tier I teams shall not exceed twenty percent (20%) of the total players registered in that age classification in that Affiliate two seasons prior (i.e., the player registration numbers in USA Hockey’s Final Registration Report for 2017-18 would be used to determine the number of teams permitted in the 2019-20 season, and similar calculations would be made in subsequent seasons). Each Affiliate’s player registration numbers for the preceding season shall be provided on or before September 1 each year. For the purposes of this calculation, each team shall be presumed to have eighteen (18) players. For example, the total number of players in that age classification shall be multiplied by 20%, and the product shall then be divided by 18 players, which shall determine the number of Tier I teams permitted in the Affiliate. If an Affiliate has 350 players in an age classification in the 2017-18 season, then 20% of that number would equal 70 players. In order to have teams of 18 players, the Affiliate would be limited to three Tier I teams at that age classification in the 2019-20 season. In Affiliates that allow programs to have multiple Tier I teams in an age classification (e.g., Major/Minor, National/American), then only the teams that are national tournament bound shall count against the limitations on Tier I teams in this paragraph. Notwithstanding the limitations in this paragraph on the number of Tier I teams permitted in an Affiliate based on the
number of players registered, subject to Affiliate approval and satisfaction of all other requirements of this Section E, each Affiliate shall be permitted to have at least one team per age classification.

- Notwithstanding the use of 18 players per team in the calculation of the number of teams that may be registered in an Affiliate at the Tier I level, all teams at 14U, 16U and 19U classifications must have a minimum of 15 players (including goalkeepers).

- In order for any team to be eligible for National Tournament play, the program/association must have been in existence and have registered Girls team(s) with the applicable Affiliate for a minimum of three (3) prior consecutive years.

- It is recommended that each player on the team have on-ice and off-ice practices consistent with the ADM recommendations for that age group (which practices may include practices on other teams).

- Notwithstanding anything to the contrary in this Section F, each Affiliate shall be permitted to “grandfather” any Tier I team(s) that were in existence in the 2016-17 season, and in the Affiliate's discretion may allow such team(s) to continue to be classified as Tier I so long as such programs continue to register team(s) in that age classification. If an Affiliate chooses to reduce the number of Tier I teams beyond those permitted in this Section F, then the Affiliate may do so through the Affiliate’s rules or decisions. The Girls'/Women’s Section recommends that each Affiliate’s teams do not exceed a maximum of 20% of the total players registered in that age classification in that Affiliate two seasons prior.

- Any exceptions to the above limitations on teams may be granted by the Youth Council.

IV. OFFICIALS REGISTRATION

A. Procedure

All on-ice officials must register directly with USA Hockey online at usahockey.com by completing the online registration process and paying the proper fee. Those on-ice officials who are unable to submit their application online may obtain an Official Registration form from their district referee-in-chief.

Previously registered ice hockey officials will receive notification with their specific registration information from the national office prior to the start of the registration season. When the application has been completed online or submitted to the national office with the proper fee, the official will be provided:

- An email confirmation of receipt of their application with additional USA Hockey officiating membership information and resource materials
• The current *Official Rules and Casebook of Ice Hockey* [if not previously received]
• Information on completing the online rules examination (open book) and online seminar curriculum

All non-tenured on-ice officials are required to complete an officiating seminar program which will include both classroom and online components. Level 2, Level 3 and Level 4 officials will complete a closed book examination during the classroom seminar they attend. Level 1, Level 2 and Level 4 (for completion of the level 4 on-ice skating examination) officials will also be required to participate in an on-ice session as part of the classroom seminar they attend. It is strongly recommended that all first-year Level 3 officials attend an on-ice session while it is recommended all returning Level 3 officials attend an on-ice session as part of their seminar requirement.

All officials that will be 17 years old as of December 31 of that registration year will be required to complete the U.S. Center for SafeSport online training every season and fulfill their USA Hockey background screening requirements once every two seasons.

The MINIMUM requirement for each seminar component for each level is as follows:

• Level 1 – Minimum of 5 hours of classroom time plus designated online education
• Level 2 – Minimum of 4 hours of classroom time plus designated online education
• Level 3 – Minimum of 3 hours of classroom time plus designated online education
• Level 4 – Minimum of 5 hours of classroom time plus designated online education

Starting with the 2019-20 season, there will be Level 3 tenured and Level 4 tenured registration classifications. Officials that have been completely registered at either Level 3 or Level 4 for three consecutive seasons will be eligible to attend the USA Hockey Officiating Symposium to obtain their “tenured” status. Once tenured status is achieved, those officials will complete the following registration requirements each season to maintain their tenured status for as long as they continue to register with USA Hockey as an official:

• Submit USA Hockey online application and appropriate fee
• Complete open book exam
• Complete abbreviated online seminar curriculum
• Complete online SafeSport training every season and fulfill USA Hockey Screening Requirements every two seasons

Once the open/closed book exam requirements, SafeSport and seminar components have been successfully completed and the appropriate information forwarded to the national office, the applicant shall be sent:

• A registration card for the proper classification based on requirements met
• A sweater crest for the current season
• Additional information regarding insurance coverage and other officiating program resources available to them

When the referee application has been approved and is received with the appropriate fees in the USA Hockey national office, the referee record will be created and/or updated upon completion of all registration requirements in the USA Hockey database. The district records are available to the referee-in-chief, or his designee, so that local assigners will know who is eligible to officiate.

Registration cards are not transferable and must be renewed annually through the national office.

B. Classifications

There shall be five classes of ice hockey referees as follows (USA Hockey’s officiating program assignment guidelines which outline recommended officiating levels for each category of play can be viewed on usahockey.com):

• Level 4 – annual fee - $90 (including tenured)
• Level 3 – annual fee - $90 (including tenured)
• Level 2 – annual fee - $90
• Level 1 – annual fee - $45
• Affiliated – Those who do not actively officiate on the ice - annual fee - $30

Level 3 and 4 officials, including tenured, must be completely registered (card and crest issued) on or before December 31 to be eligible to officiate in any state, district or regional playoff or national championship. Only Level 4 officials may referee national championships, except as permitted by the Officiating Program Director, the national referee-in-chief, and the National Tournament chair.

Registration as a USA Hockey on-ice official is not a guarantee of assignment. All USA Hockey officials shall be considered independent contractors.

V. COACHING EDUCATION PROGRAM

A. Coach Registration

All ice hockey coaches as well as instructors of USA Hockey programs shall be registered annually as individual Participants of USA Hockey for the current season (before the start of the season) in order to be eligible to coach/instruct in any regular-season activities (practices, clinics, games, tournaments, try-outs, etc.), state, district, regional playoff, national championships or in the USA Hockey Player Development programs. There will be an annual fee to register the coaches (head and assistants) and instructors. Coaches who also play on a USA Hockey registered team are required to pay this registration fee only once per year. Coaches may register as participants online at usahockey.com or through a local association/member program (refer to Section I Participant Registration).

NOTE 1: All USA Hockey Coaching Education Program Instructors and National Player Development Camp coaches will be exempt from the annual participant registration fee, but must complete the participant registration process.
NOTE 2: The head coach of each disabled hockey team must complete the required CEP registration (including attending a Level 1 clinic) and complete the online disabled hockey module(s). Assistant coaches and student coaches of each disabled hockey team must register as a coach with USA Hockey, and are strongly encouraged, but not required, to attend a Level 1 coaching clinic and take the online disabled module(s). Those volunteers or employees who assist with helping disabled hockey teams on-ice (i.e. interpreters, pushers, on-ice mentors, etc.) must be properly registered with USA Hockey as volunteers but are not required to attend a CEP clinic and otherwise comply with these rules and regulations. It shall be permissible to allow an interpreter that has registered with USA Hockey as a volunteer and completed applicable background screens and SafeSport training to assist deaf/hard of hearing players or coaches on ice in practices and on the bench during games, without requiring such person complete any CEP requirements.

All ice hockey coaches and instructors of registered USA Hockey Youth 18 & Under and below, high school, girls’/women’s 19 & under and below, and disabled programs must properly wear an approved ice hockey helmet during all on-ice sessions, including practices, controlled scrimmages and all Coaching Education Program clinics and/or workshops. Failure to comply will result in a 30 day suspension from all activities involving USA Hockey registered programs.

B. Coaching Education Program Requirements

(1) Required Coaching Education Program Levels for Ice Hockey

All coaches must have the required certification level by January 1 of the current season, unless earlier deadlines are established by the district and/or affiliate.

All coaches must complete the online age-specific modules PRIOR to participating with their team.

(a) All coaches must enter USA Hockey’s Coaching Education Program at Level 1, and must continue their education with a coaching clinic each year until, at a minimum, they achieve Level 3, except that coaches of only 8U or younger players may remain at Level 1 or other certification level, even if expired, until such time as they are coaching any older age level of play.

A coach may attend only one (1) certification clinic per year.

Once Level 3 is achieved, periodic renewal [as outlined in Paragraph (c) below] is required for coaches who have not achieved Level 4. Coaches of national tournament bound teams (Tier I 14U, 15-year-olds only, 16U and 18/19U and Tier II 16U and 18/19U) must complete Level 4 in their first season of eligibility, regardless of expiration date. Coaches who attain Level 4 certification are not required to attend any further certification clinics but must adhere to the age-specific requirement as outlined in Paragraph (b) below.

(b) In addition to the training in paragraph (a) above, coaches must also complete online age-specific training modules specific to the level of play they are coaching, if they have not already taken that module. This requirement applies to all coaches at all levels, 1 through 5. Coaches may complete more than one age-specific module in any given season.

(c) Coaching certification at Level 3 is valid for one (1) season, as indicated by the expiration date.
A coach whose Level 3 is due to expire must take the online Level 3 Recertification Track 1 curriculum or they may move up to Level 4.

A coach whose Track 1 Level 3 recertification is due to expire must take the online Level 3 Recertification Track 2 curriculum or move up to Level 4.

Coaches whose Track 2 Level 3 Recertification is due to expire must attend a Level 4 clinic prior to the expiration of their Level 3 Recertification.

(d) Previous/Expired Certifications

Coaches with any expired certification will retain their previous certification levels provided the certification can be verified. Coaches will enter the certification system at that previous level and be subject to the certification guidelines as outlined above.

This chart outlines the progression for a new coach. Coaches with pre-existing certifications will enter the new program at their current certification level and must adhere to paragraphs 1. (a) and (b) above.

The requirements below take effect for the 2021-22 hockey season, beginning in September 2021.

1. **Required Coaching Education Program Levels for Ice Hockey**
   - All coaches must have the required certification level by January 1 of the current season, unless earlier deadlines are established by the district and/or affiliate.
   - All coaches must complete the online age-specific modules PRIOR to participating with their team.

   a. All coaches must enter USA Hockey’s Coaching Education Program at Level 1, and must continue their education with a coaching clinic each year until, at a minimum, they achieve Level 4. Coaches of only 8 and Under players should remain at Level 1 until such time as they are coaching any older age level of play.

   A coach may attend only one (1) certification clinic per year.

   Once Level 4 is achieved, coaches will need to complete 5 credit hours of continuing education within each subsequent three-year period [as outlined in Paragraph [c] below].

   b. In addition to the training in paragraph [a] above, coaches must also complete online age-specific training modules specific to the level of play they are coaching, if they have not already taken that module. This requirement applies to all coaches at all levels, 1 through 5. Coaches may complete more than one age-specific module in any given season.

   c. Effective in the 2021-22 season, coaching certification at Levels 4 and 5 is valid for three (3) seasons, as indicated by the expiration date. Before the expiration of their level, coaches must accumulate 5 credit hours of continuing education by either taking Level 5, or by attending other USA Hockey continuing education clinics. The USA Hockey clinic listings will indicate all continuing education offerings and the credit value of each. The Coaching Education Program retains the responsibility for defining continuing education credit values, including clinic or online course work.
(d) Grandfather Clause
For those coaches who received Level 4 or Level 5 PRIOR TO January 1, 2021, only coaches of Tier I and Tier II teams are required to do continuing education as required in (c) above.

(e) Previous/Expired Certifications
Coaches with any expired certification will retain their previous certification levels provided the certification can be verified. Coaches may re-enter the certification system at that previous level and be subject to the certification guidelines in (a) through (c) above.

2021-22 CEP PROGRESSION GUIDELINES

(2) Evidence of Level
It is the responsibility of the local association to identify those coaches who do not meet the certification requirements. All coaches have until December 31 of the current season, or earlier date as established by the district and/or affiliate, to attend a USA Hockey coaching clinic. All coaches must complete the online age-specific modules PRIOR to participating with their team.

Prior to the start of all games throughout the season all coaches are required to indicate their current certification status on the scoresheet, regardless of their certification level. All coaches
(except for juniors) must legibly print their USA Hockey Coaching Education Program (CEP) card number, their CEP level (levels 1-5), their online age-specific playing level module and the year their CEP level expires.

Beginning January 1 of the current season, prior to the start of each game, all coaches present are required to sign the designated area of the scoresheet in order to verify the accuracy of the playing roster, as it appears on the scoresheet, for that game.

(3) **Penalty and Enforcement**

Any coach not in possession of these certification requirements will be ineligible to coach for the remainder of the season. Districts and/or affiliates are required to uphold this penalty. It will be the responsibility of the local association registering the team to enforce the national policy.

C. **Under-Age Coaches**

(1) **Student Coach**

A player age 13 through 17 who is currently properly registered with USA Hockey may serve as a Student Coach.

(2) **Qualifications**

- Must attend a training session conducted by the local hockey association or audit a Level 1 clinic (not required to pay nor will they receive certification credit).
- Must always be under the supervision of a carded, screened adult coach during all practices, clinics, try-outs and in the locker room.

- The organization that is using the STUDENT COACH must provide a form indicating on the team on which he/she is participating as a STUDENT COACH, and, if applicable, what team he/she is properly registered/rostered as a player. A model form is available on the usahockey.com website.
- Upon reaching the age of 18, the STUDENT COACH must comply with the USA Hockey Screening Program and meet the USA Hockey Coaching Education Program requirements which will qualify him/her to act as an assistant or head coach.
D. **SafeSport and Screening Policy**
All USA Hockey coaches and instructors will complete the U.S. Center for SafeSport online training and background check in accordance with USA Hockey SafeSport Policies. Failure to comply with the SafeSport and Screening Policies will result in the forfeiture of coaching privileges in programs, at sites, or events under USA Hockey’s governance.

E. **Coaching Ethics Code**
All USA Hockey ice hockey coaches (head and assistant) and instructors must abide by the USA Hockey Coaching Ethics Code, and understand that violations may result in full or partial forfeiture of coaching privileges in programs, at sites or events under USA Hockey’s governance.

All coaches have an obligation to be familiar with USA Hockey’s Coaching Ethics Code. Lack of awareness or misunderstanding of an ethical standard is not itself a defense to a charge of unethical conduct. The USA Hockey Coaching Ethics Code can be found online at usahockey.com under Coaches.

VI. **TEAM MANAGER**

It is recommended that Youth and Girls’/Women’s registered ice hockey teams have a team manager. All Youth and Girls’/Women’s national championship bound teams are required to have a team manager. A coach who also serves as team manager would register only as a coach. Managers are covered under USA Hockey insurance policies. A team manager who is not registered as a coach may not participate in on-ice activities or be on the bench during games.

The team manager shall be the custodian of all documents necessary for credential review prior to participation in invitational tournaments and district, regional and national championships. See Section IX: District Playoffs and National Championships, Subsection P. for complete listing.

VII. **PLAYING RULES**

USA Hockey will publish two official playing rules books – one that will pertain to all teams and leagues registered in the Youth, Adult and Girls’/Women’s ice hockey classifications and one that will pertain to all teams and leagues registered in the Junior classifications. In addition, USA Hockey shall make available on the USA Hockey website, on or before August 1 of the current membership season, the Official Rules of Sled Hockey, which shall contain all sled hockey specific rules that are not covered in the Official Rules of Ice Hockey. All constituent members must abide by the appropriate rulebook. Constituent members include all teams registered with USA Hockey as well as the leagues in which these teams are playing. No other playing rules book will be allowed.

Except for Juniors, any minor ice hockey playing rules changes must be approved by the respective district referee-in-chief.

Changes to the above policy can be made from time to time by the Executive Committee.
VIII. GAMES, EXHIBITION GAMES, INVITATIONAL TOURNAMENTS, SANCTIONED LEAGUES AND SANCTIONED EVENTS

In order to be eligible to be awarded USA Hockey district/affiliate tournaments, national tournaments or coaching/officiating clinics, the host facility must be a United States Ice Rink Association member and register all of its ice hockey programs/leagues with USA Hockey. Exceptions can be granted with the approval of the appropriate council.

A. Definition of a Game: An ice hockey game is a contest played against another team which is registered with USA Hockey or a member organization of the IIHF. USA Hockey playing rules or approved modification thereof shall apply.

1. The age appropriate standard playing surface at 8 & Under is cross-ice or half-ice.

2. Subject to limited exceptions as are approved by the USA Hockey Player Development Committee, all games and scrimmages at the 8U age level shall be played either cross-ice or half-ice, or on a surface that is equal to or less than the dimensions of cross-ice or half-ice. Each Affiliate shall enact applicable rules and regulations to address the governance, implementation and transition for this rule to become effective within the Affiliate. To the extent an Affiliate desires to seek exceptions for a limited number of full ice games or scrimmages for its teams at the 8U level, the Affiliate shall submit a plan by January 31 each year detailing such request to the USA Hockey Player Development Committee. The Affiliate’s plan is subject to the annual approval of the Player Development Committee which will give final determination by March 31 of the same year.

B. Registered USA Hockey ice hockey teams shall not participate in games against nonregistered teams without prior written approval of the appropriate registrar. The district risk manager and district referee-in-chief shall receive a copy of such written approval. Violation of this rule shall subject the team to suspension by the appropriate Affiliate.

C. Definition of a Tournament: Ice hockey competition, other than normally scheduled league or exhibition games, where three or more legally-registered teams compete within a specified time frame for the purpose of declaring a champion. This shall include gatherings consisting of more than three (3) teams, except Association Exchanges (limited to two (2) Associations), even though there are no winners declared.

D. All invitational ice hockey tournaments that involve USA Hockey registered teams and/or another amateur hockey federation or association must receive the sanction of the appropriate registrar for the district where the tournament will be held.

1. Written application on the official USA Hockey invitational tournament application form must be submitted to the appropriate registrar for the district where the tournament will be held.
(2) The appropriate registrar, with the approval of the applicant's Affiliate association, may issue a sanction where no exceptions to USA Hockey rules and regulations are involved.

(3) Applications must be accompanied by a copy of the full rules, regulations, and the complete procedures of the tournament. (7) Invitational tournaments shall be prohibited from being held within 100 miles of, and on the same weekend as a USA Hockey national championship.

(8) The Tournament Director, as identified on the Invitational Tournament Application, is required to verify that all participating teams are properly registered with USA Hockey. A USA Hockey player roster form (1-T) approved by the District or Associate Registrar shall be proof of proper registration and individual player age. Invitational Tournaments shall not require player birth certificates for review. Travel permits are required for all non-USA Hockey teams, and any team from an Affiliate requiring travel permits.

F. Any ice hockey tournament which is conducted for profit, by an organization whose primary purpose is not to support amateur hockey or an amateur hockey team, shall also, as a condition of sanction, provide a copy of a tournament budget, or accounting of the proceeds of the tournament; and the fact that the tournament is conducted “for profit” shall be prominently displayed on all literature distributed for promotion of said tournament. The USA Hockey sanction fee for such tournaments shall be set by the Board of Directors or Executive Committee.

H. Violation of any of the above rules and procedures will be considered grounds for suspension from USA Hockey of the individuals and/or bodies responsible for such violations.

I. USA Hockey ice hockey teams traveling to Canada to play games against Hockey Canada teams must obtain a Canadian/USA Hockey Travel Permit. This permit is available from your appropriate registrar or his/her designee.
J. Except as stated in Section VIII: Games, Exhibition Games, Invitational Tournaments and Sanctioned Events., for an event to be sanctioned, all players, coaches, on-ice officials and team(s) must be properly registered with USA Hockey. All practices are sanctioned and all games and scrimmages are sanctioned provided both teams are properly registered. Early season clinics and tryouts leading toward team selection do not require rosters, however, all coaches and players must be individually registered.

Invitational tournament games are considered sanctioned events providing the tournament has received USA Hockey sanctioning. Other on-ice activities may be approved by the District Registrar or his/her designee as sanctioned events. Certain other activities conducted by teams/programs may be considered sanctioned events (for example, bingo games, pancake breakfasts, etc.). Contact your district risk manager or appropriate registrar for details.

All national tournament-bound teams and players (except Women’s Senior A) must be registered with USA Hockey and must be a member in good standing of an Affiliate association on or before December 31 of the
playing season. [Women’s Senior A teams must be registered with USA Hockey and be a member in good standing of an Affiliate association by the third Monday in March]. The Discipline Committee will refer the non-compliance back to the appropriate Affiliate to implement the suspension. Pre-tournament refers to any on-ice sessions, practices, or scrimmages that a coach participates in at any tournament venue or in the tournament city up to 2-days prior to the start of the state/affiliate and/or district and national championships (i.e. Tuesday or Wednesday prior to the tournament).

Tier I – any youth or girls’ team that is properly registered with USA Hockey as a Tier I national championship bound team.

Tier II – any youth or girls’ team that is certified Tier II by an Affiliate organization which has jurisdiction over the team. Tier II certification will be based on criteria set up by the Affiliate and approved by the Youth Council.

HIGH SCHOOL DIVISIONS – Any high school team that is properly registered with USA Hockey as a High School national championship bound team in one of the four divisions (Division I, Division II, Prep School Division or Girls Division). Representation from each state will be determined by the state Affiliate participating in the tournament.

Upon payment by the player to the billet family for any expenses, [e.g., phone bills, internet charges, repairs or maintenance necessitated by the player’s use, damage done by the player during occupancy, etc.], over and above room and board, incurred while the player is residing with the family, and a fair apportionment of the final month’s billet fee, the player shall be released from any further obligation to the billet family.
(d) Adjustment of Tuition
Any player who fails to satisfy his reasonable financial obligations to their billet family or the team on whose protected list he currently appears, may be suspended until such time as those financial obligations shall have been fully paid and mutual releases executed. Any player who is being transferred to another USA Hockey member team, dropped by a USA Hockey member team, or leaves a USA Hockey member team, without tampering involved, shall be entitled to a refund applying the following refund schedule of any tuition monies paid in advance for any portion of the season which remains after his departure. The general rule to be applied to determine the reasonable amount of the tuition refund due the player or, in the alternative, the amount of tuition yet due the team shall be as follows:

1. Player Action (without tampering)
   a. From Date of Signing to October 31
      From the tuition for the full season, an amount up to 50% thereof shall be refunded (deducting for recruitment and related expenses).
   b. From November 1 to December 31
      From the tuition for the full season, an amount up to 30% thereof shall be refunded.
   c. From January 1 to End of Team's League Season
      From the tuition for the full season, there shall be no refund due.

A player cannot be traded or dropped if the calculation results in a tuition payment due from the player plus any additional obligations owed to the team and/or his billet family.

2. Player Action (with tampering)
If the departing player violated the USA Hockey Tampering Policy, the player shall forfeit any refund that may be due or pay any amounts due in addition to a penalty in an additional amount equal to the calculated amount of tuition due.

3. Team Action
   a. If the separation between the player and the team is initiated by the team's action (e.g. trades, drops, etc.) and the player does not appear on the team's initial protected list, the player must be notified in writing by the team and shall be entitled to a full refund of tuition paid less $500 for training and other associated expenses borne by the team.
   b. If the separation between the player and the team is initiated by the team's action (e.g. trades, drops, etc.) without tampering being involved, the player must be notified in writing by the team and shall be entitled
to a refund or reduction in tuition due based on (1) the difference between number of games for which the player was on the roster divided by the total number of games on the team’s regular season schedule, (2) multiplied by the amount of tuition paid, (3) less any obligations owed to the team and/or his billet family upon the execution of a mutual release with the team to memorialize the settlement. If the team action is based on disciplinary action in regard to organizational team rules, no refund or reduction shall be due under this paragraph.

4. Cutoff Deadline – January 1
Any player movement initiated by the player after January 1 of the playing season shall result in a forfeiture of any refund claim unless the team is able to secure a paying replacement for the player before the February 10 deadline. Any player dropped, cut, traded or moved to inactive status by a team after January 1 shall be entitled to a full refund of a pro-rata portion of the season’s tuition as a condition of the team’s action.

5. Player must have all fiscal responsibility satisfied before he can be added to another USA Hockey program. A team must release said player immediately once the player has satisfied the financial responsibility. Any player using the Player Rights, Rules and Responsibilities to separate from a program shall be required to wait 28 days prior to being added to another team roster. A trade can be worked out with another team, or the player can pay a fee of $1,500, to permit the player to play sooner.

(e) Mutual Release
Upon the final adjustment of the pro-rated portions due the respective parties, each shall join in a mutual and reciprocal release in which the dispute, if any, is fully and finally resolved and the parties are respectively released from any and all claims, to date.

(6) Disputes/Disciplinary Action
(a) Disputes Regarding Player Rights, Rules and Responsibilities
In the event of a dispute between a player and a team or team official related to the Player Rights, Rules and Responsibilities, the player or the team may request by written notice to the other that the dispute be resolved pursuant to a hearing under Bylaw 10.C. conducted by the league in which the team plays. Any determination made at such hearing shall be subject to appeal to the Junior Council per Bylaw 10.E.1(f).

(b) Against the Player
Following a hearing held by the league in which the team plays, which hearing shall be held in accordance with Bylaw 10.C., and shall be subject to appeal to the Junior Council, a player that fails or refuses to comply with the contents of this policy, in any respect, may be disciplined or suspended from further
competition/participation in any and all programs under the jurisdiction of USA Hockey.

(c) Against the Team/League
Following a hearing held by the league in which the team plays, which hearing shall be held in accordance with Bylaw 10.C., and shall be subject to appeal to the Junior Council, any team/league that fails or refuses to comply with the contents of this policy, in any respect, may be placed upon probation, suspended, and/or penalized financially.

E. Regulations Governing Player Movement at All Junior Levels

(1) Additions/Deletions From a Team’s Protected List
Players added/deleted must be completed by each team using its USA Hockey Junior Registry. Players may be moved between teams by filing an official USA Hockey Trade Form with the USA Hockey national office. This trade must be approved by USA Hockey and then player movements will be entered into the Junior Registry. Players traded are immediately eligible to compete. However, no junior player can compete for more than one (1) junior team on any calendar day. Players who have been deleted may be added by more than one (1) other team, depending upon league rules. The deleted player shall be properly rostered on only one team following the date on which he plays in a regular season game for a team on whose protected list he appears. When this occurs, the USA Hockey Junior Registry shall delete the dual rostered player’s name from all other team rosters.

(2) Proper Rostering
Subject to the payment of compensation, as hereinafter provided, “proper rostering” occurs when a player is properly registered with the USA Hockey Junior Registry, properly rostered on a team’s protected list, and plays in a regular-season game for the team on whose protected list he appears, after September 1.

(3) Procedure for Tier I
The following dates with respect to player movement are established for Tier I:

(a) Tier I End of Season to Proper Rostering
All veteran players (players who played in ten (10) or more league games) who have remaining junior eligibility and were included on the February 10 protected list of the team, shall be included on and comprise the protected list for the next season. There will be unrestricted player movement from the end of the national championships until proper rostering or September 15 of the next playing season, whichever shall first occur. This movement shall, however, be subject to payment of compensation, as hereinafter provided. Publication date is September 1.

(b) From Proper Rostering to February 6
From proper rostering to February 6, only “consensual” movement or trade between registered teams in the certified league(s) will be allowed. “Consensual” player movement
is described as movement which is agreed to by both teams involved. Before a non-tendered player who is being moved from one team's protected list to another is eligible to compete for the new team, an official USA Hockey trade form must be completed, signed by both teams, and forwarded to the USA Hockey national office. When this trade has been approved, the teams will receive an email after which the player movement will be entered into the USA Hockey Junior Registry.

(c) February 10
From February 10 to the end of the Tier I season the rosters will be frozen. No player movement is allowed.

(4) Procedure for Tier II and Tier III
With respect to player movement, the following dates are established for Tier II and Tier III.

(a) Post National Championship Protected list
All veteran players (players who played in ten (10) or more league games during the previous season) who have remaining Junior eligibility and were included on the February 10 protected list of the team, shall be included on this protected list. There will be unrestricted player movement from the end of the national championships until proper rostering or September 15 of the next playing season, whichever shall first occur. This movement shall, however, be subject to payment of compensation, as hereinafter provided. This protected list is just used to determine the team that would sign the player release for any veteran players going to Hockey Canada for next season.

(b) Initial Protected list
Any player who attends a tryout camp for the next season will be required to be registered with USA Hockey online. Any player that signs a commitment-to-play form (Tier III) or signs a team contract, must be added to the team's protected list immediately. Publication date will remain September 1.

(c) From Proper Rostering/September 15 to February 8
From proper rostering, or September 15, whichever shall last occur, to February 8, only “consensual” player movement between registered teams in certified leagues will be allowed. “Consensual” player movement is described as movement which is agreed to by both teams involved. Before a protected list player who is being moved from one team's protected list to another is eligible to compete for the new team, an official USA Hockey trade form must be completed, signed by both teams, and forwarded to the USA Hockey national office. When this trade has been approved the teams will receive an email after which the player movement will be entered into the USA Hockey Junior Registry. Before a non-protected list player is eligible to compete for any team, the team must send in a drop/add using the team's Junior Registry. All player movements must be approved by USA Hockey before a player
can play for his new team. A traded player shall be immediately eligible to compete upon the filing of the USA Hockey trade form. A player deleted by a team shall be ineligible to compete for a period of twenty-four (24) hours from and after the official drop is approved within the USA Hockey Junior Registry.

(d) **From February 9 to February 10**
From February 9 to February 10, no player movement will be allowed of any domestic or junior players to or among any U.S. junior teams in the same classification or below. Teams may still add junior-aged players who were not rostered on any junior team on February 8 of the same classification or below. (For example, Tier II to Tier II or Tier III to Tier III – prohibited; Tier II to Tier III permitted). A player deleted by a team shall be ineligible for a period of twenty-four (24) hours after the official USA Hockey drop is approved within the USA Hockey Junior Registry.

(e) **From February 11 to end of National Championships**
The protected list of each junior team shall be frozen throughout the remainder of the season. The final protected list/active protected list of each junior team shall include no more than twenty-five (25) players.

(5) **Emergency Goaltender**
From and after the commencement of the regular-season league competition, member teams whose goaltender suffers a disabling injury/sickness may apply for an emergency replacement goaltender for use for a period of up to fifteen (15) days from date of discovery of the disabling event. The emergency replacement goaltender may not play in a game unless the remaining goalie is unable to participate due to disability or suspension. After February 10th the period of use may be for the duration of the disability up to the remainder of the season. However, if the disability continues past the fifteen (15) day period, then the replacement shall be eligible for use as a regularly rostered goaltender. The application for permission to use an emergency goaltender shall be first submitted to the team’s league commissioner and subject to USA Hockey approval.

G. **Tampering Policy**
USA Hockey recognizes the following competing principles:

- The right of the amateur player, and his/her family to self-determination regarding the player’s competitive future;
- The benefit of balanced competition within a league structure, as determined by that league;
- The need for protection from in-season, inter-league protected list-raiding and the resultant disruption to the player(s)/team(s) involved as well as the entire junior program of USA Hockey.

To assist in the orderly resolution of these competing interests, the following USA Hockey Tampering Policy is adopted.
(1) Non-Recognition/Ineligibility
Neither USA Hockey, nor any USA Hockey sanctioned/registered league(s) or team(s), shall recognize the active participation by any player for or on behalf of any junior team, (including the NTDP) or the results achieved by that team during that player’s participation, where the participation of that player is established, following a hearing and a determination under paragraph (5) below, to be the result of tampering, as defined herein.

(2) Tampering Defined
“Tampering,” as that term is used herein, shall mean the unauthorized contact (e.g. phone, in person, fax, correspondence, internet chat room, email, etc.), by a team representative (e.g. owner, manager, coach, scout, trainer, clerical person, public relations people, marketing people, and/or any other person compensated by the team on a salary or commission basis) directly or indirectly, (by themselves, or through another acting on their behalf) with a properly rostered member of another junior team after September 15 or the first league game played by the player for his/her team, whichever shall last occur until the conclusion of the player’s team’s current season.

(3) Permission
A team may avoid tampering by securing written permission, in advance of any contact with a player, from the team on whose active protected list the player currently appears. Dual-rostered players, may, however, be contacted by any team on whose active protected list the player properly appears.

(4) Complaints
Complaints regarding any alleged violation of this policy shall be forwarded to the USA Hockey Vice President and Junior Council chair within five (5) days following the discovery of the tampering. If not timely filed, the right to file shall be deemed waived. The complaining team shall file its complaint on an official USA Hockey junior complaint form, which shall be provided for that purpose. The completed form shall contain the following information:

(a) The player’s name, current address, and current phone number;
(b) That player’s parents’ names, current address, and current phone number;
(c) A brief resume of the facts to the extent known by the complaining team;
(d) The name, address and phone number of the team and team representative who allegedly committed the tampering violation.

(5) Investigation and Decision
An investigation shall be conducted into the allegations contained in the complaint. The investigator shall be appointed by the USA Hockey Vice President and Junior Council chair from the membership of the Junior Council. The investigator may make inquiries of the player, the player’s parents, the coaches or team
representatives of the junior team(s) involved and may also request that certain business records, including telephonic, fax and/or internet records be produced from any witness, including the player, the player’s parents, the teams, and/or any team representative. The investigator shall reduce their findings/impressions to a written report and forward the written report to the Vice President of USA Hockey and Junior Council chair within ten (10) days of the date on which the complaint was filed. The Vice President of USA Hockey and Junior Council chair shall, thereafter, within five (5) days from his receipt of the written investigative report, provide notice to the parties involved whether he will convene a hearing under Bylaw 10.C. to determine whether tampering has occurred, and if a hearing will be held, the vice president shall appoint a hearing committee composed of three (3) members of the Junior Council who are not involved in competition at the level(s) involved in the dispute. The procedures under Bylaw 10.C. shall apply to the hearing and decision made by the hearing committee.

(6) Appeal
The hearing committee decision shall be subject to appeal to the full membership of the Junior Council by any party affected by it as provided under Bylaw 10.G. If an appeal is filed, the Junior Council shall consider the appeal within fifteen (15) days after the submission of the Statement of Appeal and any response to the Statement of Appeal. The decision of the Junior Council shall be final.

**XIV. DISABLED HOCKEY**

**A. Sled Hockey**

(1) **Minimum Disability Requirements**

Sled hockey is played by a wide range of players with a variety of mobility and cognitive limitations which include, but are not limited to: amputees, spinal cord injuries, spina bifida, cerebral palsy along with anyone who has a permanent disability that limits participation in stand up hockey. Cognitive limitations are permitted and meet the minimum disability requirement as long as the disability prohibits participation in typical stand up hockey.

In order to meet the minimum disability requirement, an athlete must have a lasting disability that consistently prohibits that individual from playing typical stand up hockey as quantified by standard medical examination and/or testing. A doctor’s signed diagnoses and support of play in sled hockey is required.

For participants in sled hockey with disabilities that may be perceived as not meeting the Minimum Disability Requirements will need to complete the Minimum Disability Form. If a player's disability is in question, the player, the player’s family, or team coach/manager must provide a doctor’s signed documentation along with their Minimum Disability Form completed. These must be provided at any time during competition. The Minimum Disability Form can be found online at usahockey.com/sledrules.
Youth Sled Hockey Age Guidelines and Age Waivers

The youth sled hockey division is for players 17 years of age and under as of December 31 of the current playing season. In addition, players that are 18 years old on December 31 of the current season, can play on youth sled hockey team if you have never played on any adult team in a USA Hockey sanctioned game.

Players that older than 17 years of age as of December 31 of the current playing season and have participated in any USA Hockey sanctioned adult sled game and players older than 18 years of age as of December 31 of the current playing season, may be allowed to play in the youth sled hockey division if a waiver request is submitted and approved by the Sled Hockey Age Waiver Committee.

All USA Hockey National Sled Hockey Teams are considered adult teams. Any player that has played with a USA Hockey National Sled Hockey Team, including the U.S. Women’s Development Sled Hockey Team, will not be allowed to play on their youth team in sanctioned games and tournaments.

The purpose of this waiver is to allow players with more severe disabilities to play in the youth division where it is less physical and a slower pace. The determination on approved waivers is based on many factors, but the major consideration will be based on the on-ice ability of the player.

The Sled Hockey Age Waiver Committee will consist of at least two people appointed by the chair of the Disabled Hockey Section. A team manager, coach, or player must submit a waiver request each playing season. Waiver requests may be submitted whether the previous season waiver was approved or not.

Approved Sled Hockey Age Waivers are valid for the entire USA Hockey membership season. If the waiver request is approved, players will be permitted to play in any USA Hockey sanctioned game or tournament. Players with approved waivers are permitted to be dual rostered on a youth sled hockey team and an adult sled hockey team.

Sled hockey age waiver requests must be submitted by November 15 of the current playing season and must be submitted and approved prior to the player being allowed to play in the youth sled hockey division.

The process and guidelines for submitting a sled hockey age waiver will be determined by the Disabled Hockey Section and posted online at usahockey.com/sledrules no later than August 1 each year.

If a sled hockey age waiver request is denied, a player or team manager may appeal by submitting all supporting documentation to the chair of the USA Hockey Disabled Hockey Section within seven (7) days of the original denial. A committee of six (6) members (not including the original members) including the disabled section chair will review the appeal. A team manager, coach, or player that submits a waiver request appeal will receive a return email with a determination within ten (10) days of the waiver request.
(3) **Sled Hockey Roster Eligibility**

Without an approved sled hockey waiver, sled hockey players must be rostered and play with the sled team/program closest to them and have their primary current residence within a geographical area of a 100 miles driving distance of their sled hockey team’s main practice facility (home rink). The player’s closest sled team/program is determined by the distance in driving miles from the player’s primary residence to the sled team’s main practice facility (home rink).

Players cannot be dual rostered on two youth teams or two adult teams, but are permitted to be dual rostered on a youth team and adult team. Players will only be allowed to play and be rostered on one team at the USA Hockey Disabled Hockey Festival.

Players under the age of 17 may play in the Adult Division, however, significant consideration should be given whether a younger player is ready and able to play in the adult division.

Any deviation from the sled hockey roster eligibility rules, including players who do not reside within 100 miles driving distance or who wish to be dual rostered (i.e. league team and tournament team), must submit a Sled Hockey Waiver Request and be approved by the Sled Hockey Waiver Committee.

The process and guidelines for submitting a Sled Hockey Waiver will be determined by the Disabled Hockey Section and posted online at usahockey.com/sledrules no later than August 1 each year.

Teams intending to participate in the Adult National Sled Championship or the Sled Hockey Classic, must follow the respective roster rules as published in the Disabled Hockey Tournament/Event Guidebook which will be posted online at usahockey.com/sledrules by August 1 each year.

(4) **Able-Bodied Players**

Able-bodied players are not allowed to play in the youth sled hockey division for any USA Hockey sanctioned game involving two sled hockey teams. Able-bodied players are permitted to practice with a youth sled hockey team and are permitted to play in a game involving a sled hockey team versus an able-bodied team as long as the able-bodied players all are playing in sleds.

Adult sled hockey teams are permitted to dress and play three (3) able-bodied players in any given game and must be marked on the scoresheet with an “AB.” Able-bodied players may not play the goalkeeper position.
B. Disabled Hockey National Tournaments and Events

Each season, USA Hockey shall conduct a Sled National Championship, Disabled Hockey Festival and Sled Classic, and may in its discretion conduct national championships or other events and tournaments in other disabled hockey disciplines. The rules and regulations governing eligibility and qualification as well as tournament-specific rules shall be published in the Disabled Hockey Tournament/Event Guidebook(s), which shall be published and available on the USA Hockey website on or before September 1 of the current playing season. The Disabled Hockey Section will approve all such rules and regulations at the USA Hockey annual meetings, just prior to the applicable playing season. Any changes to the Disabled Hockey Tournament/Event Guidebook(s) must be submitted to the chair of the Disabled Hockey Section by April 1 to be considered by the Disabled Hockey Section. Except as set forth herein, to the extent of any contrary information in the USA Hockey Annual Guide, the Disabled Hockey Tournament/Event Guidebook(s) shall be the binding authority for the requirements, rules, regulations, operation and procedures of Sled Hockey National Championships, Disabled Hockey Festival, Sled Classic and other applicable events. Any appeal of eligibility of a team, coach or player to participate in the Sled National Championship, Disabled Hockey Festival and Sled Classic or other national championship events conducted by USA Hockey, following a final decision by the applicable registrar or eligibility committee appointed by the Disabled Hockey Section, are not subject to Bylaw 10 and shall be referred to and decided by the National Championships Appeal Committee as set forth in Bylaw 10.D.[3][i].

Jim Smith was named just the fifth president of USA Hockey on June 6, 2015, and unanimously re-elected to a second three-year term on June 8, 2018.

He has a long history in the sport, spanning six decades as a player, coach, referee and administrator.

His first involvement with USA Hockey came in 1985 as a member of the Player Development Committee, where he served for 30 years, including his last nine as chair (2006-2015). During his involvement, Smith helped expand opportunities for boys, girls and sled players offered through USA Hockey’s summer player development camps, including implementation of international competition for selected players.

Smith was elected to the USA Hockey Board of Directors in 1987 and that year became the organization’s first-ever high school section director. It was in ’87 that Smith began a 28-year run as a member of the Youth Council where he helped influence the enhancement of USA Hockey’s national championships and also advance efforts related to growth, safety and development.

Smith became the youngest member of USA Hockey’s executive committee in 1995 when he was elected secretary of the organization. His ascension continued in 2003, when he became treasurer of USA Hockey, a position he held for 12 years before being named president.

Smith has been involved in various committees during his tenure with USA Hockey, including as chair of the Finance and Investment Committee from 2003-2015, as a part of the Membership Services Committee (2003-07) and as chair of the Nominating Committee (1999-2015). He has also served as an officer of the USA Hockey Foundation for two-plus decades as well as secretary of HARP, USA Hockey’s captive insurance company.

Smith has also been instrumental in the development of USA Hockey’s block grant program, which provides funds to Affiliates to conduct affairs within their respective areas.

A native of Park Ridge, Illinois, Smith played defense and forward at the University of Illinois at Chicago from 1973-76. He has coached at many levels, from learn-to-skate through high school. He is also widely engaged in disabled hockey and today serves as coach for the Hornets youth sled hockey team in Chicago and also the Chicago Blackhawks Warriors hockey team for injured veterans.

Smith, who resides in Mount Prospect, Illinois, has been a registered official with USA Hockey since 1983 and has worked some 2,500 games, from youth hockey to the collegiate level.

A former president of the Amateur Hockey Association of Illinois (1985-88), Smith is co-owner of Allegra Marketing in Elk Grove Village, Illinois. Smith, who also serves as president of The USA Hockey Foundation, has nine brothers and two sisters.
EXECUTIVE DIRECTOR
Pat Kelleher

Pat Kelleher took over as executive director of USA Hockey and The USA Hockey Foundation on June 10, 2017, and has led significant advancements on multiple fronts, including player safety, diversity and inclusion, information technology, and fundraising.

Under his leadership, USA Hockey is recognized as one of the most influential and innovative organizations in amateur sports and has reached record heights in participation. The Hockey News lists the Belmont, Mass., native 17th in its latest rankings of the Top 100 People of Power and Influence in the sport.

Kelleher helped start a new department at USA Hockey in 2008 focused on increasing participation across the country, particularly at the entry level. As assistant executive director for membership development, he established and led implementation of several new initiatives that resulted in increased retention and also advanced the number of players at the 8U level by some 20% in the nine seasons.

In 2011, Kelleher took on added responsibilities overseeing The USA Hockey Foundation and championed efforts that resulted in donations to the Foundation’s Circle of Champions increasing five-fold over a five-year span. He also established a Trustee program to more actively engage high net-worth donors in supporting USA Hockey’s mission, in addition to creating the “It Starts With A Stick” campaign to connect USA Hockey’s membership to the Foundation’s philanthropic mission through raising funds to provide 12,000 hockey sticks to new participants each year.

Prior to coming to USA Hockey, Kelleher was recruited to help launch Serving the American Rinks (STAR) in April 2000 and served as its chief operating office through June 2008. A joint initiative of USA Hockey and U.S. Figure Skating and housed at USA Hockey’s national headquarters in Colorado Springs, STAR (now called United States Ice Rink Association) is a non-profit membership organization focused on advancing the ice rink industry through world-class education and training programs.

Kelleher has been involved in hockey during his entire professional career, including serving as the director of hockey for the Wilmette [Ill.] Hockey Association from 1998-2000 and as director of hockey for the Twin Rinks Ice Pavillion in Buffalo Grove, Ill., in 1997-98.

He also spent time as the hockey director at the Ice Centre of San Jose from 1994-96 and following graduation from Brown University was an assistant hockey coach at the University of Massachusetts-Boston for one season (1993-94).

Kelleher, a USA Hockey Level 5 certified coach, has been a youth hockey coach for most of the last 25 seasons, including since 2009 with the Colorado Springs Amateur Hockey Association. He served on the IIHF Facilities Committee from 2002-2010 and was also a member of the board of directors of the OneGoal Association from 2006-12.

A 1992 graduate from Brown University where he was a four-year member of the Bears men’s ice hockey program, Kelleher earned a bachelor of arts degree in business economics and has also received both the Olympic Sport Leadership Certification and Non-Profit Finance Certification from the Kellogg School of Management at Northwestern University.

Kelleher, who serves on the U.S. Hockey Hall of Fame Selection Committee, and his wife Allyson, reside in Colorado Springs, Colo., and have two daughters, Abbey and Darby, and a son, Matty.
CHAIRMAN OF THE BOARD
Ron DeGregorio

Ron DeGregorio was elected to his current position as chair of the USA Hockey Board of Directors on June 6, 2015, after a successful 12-year run as president of the organization.

DeGregorio has helped advance USA Hockey in nearly every aspect over his 40-plus years of involvement, including championing the USA Hockey SafeSport Program and helping fuel national support for passage of the organization's Progressive Checking Skill Development Program.

His ingenuity is evident throughout the organization, but perhaps nothing as visible as USA Hockey’s National Team Development Program. A lightning rod for criticism in the U.S. when it was established in 1996, the NTDP has evolved into a revered program and has significantly influenced U.S. success in international competition.

His first appointment with USA Hockey came in 1973 when he was named registrar for the New England District. As registrar, DeGregorio oversaw the reorganization of the district into several smaller, more manageable Affiliates. He was also the first registrar to appoint associate registrars, which helped increase USA Hockey’s efficiency and visibility at the local level.

DeGregorio was first elected to the USA Hockey Board of Directors in 1975 and was the organization’s first vice president of youth hockey. In the 1980s, he served as treasurer of USA Hockey. In 1995, he was elected as a vice president and the international council chair, positions he held until being named president.

He has represented the USA at countless events during his tenure with USA Hockey. His first official role came as team leader of Team East at the 1979 United States Olympic Festival, from which the 1980 “Miracle On Ice” U.S. Olympic Ice Hockey Team was chosen.

DeGregorio also served as team leader for the 1994 U.S. Olympic Ice Hockey Team that competed in Lillehammer, Norway. DeGregorio has represented USA Hockey at the 1998, 2002, 2006, 2010 and 2014 Olympic Winter Games and at numerous International Ice Hockey Federation World Junior Championships, IIHF Men’s World Championships and IIHF Women’s World Championships. He has also been a member of the United States delegation at IIHF meetings and conferences as international council chair.

The former Middlebury (Vt.) College goaltender is known throughout Massachusetts as the originator of the “Mini One-on-One,” a youth hockey competition that is broadcast through the Boston Bruins’ television network. DeGregorio was distinguished with the NHL’s Lester Patrick Trophy in 2002 in recognition of his outstanding service to ice hockey in the United States and enshrined into the U.S. Hockey Hall of Fame in 2015.

DeGregorio, who was elected to the IIHF Council on May 19, 2016, is also on the Board of Directors of the Hockey Hall of Fame and the selection committee of the U.S. Hockey Hall of Fame. He has previously served on the Board of Directors of the United States Olympic & Paralympic Committee's Pan-American and Olympic Captive Insurance Program and also on both the IIHF insurance and legal committees. In addition, DeGregorio was involved in professional hockey as one of three principal owners of the former American Hockey League Kentucky Thoroughblades.

DeGregorio is president of the PenFacs Group, an investment and insurance firm specializing in the design, administration and funding of executive benefit plans. He has four grown children and seven grandchildren and resides in Salem, N.H., with his wife Susan.

The Bob O’Connor Education and Resource Center, located in USA Hockey’s national headquarters in Colorado Springs, Colorado, is the proud home of the Bob O’Connor collection.

O’Connor, who passed away at age 80 on November 12, 2015, served as USA Hockey’s Coach-in-Chief from 1994-2006 and was one of the game’s legendary figures. He grew up in Rhode Island before moving to Minnesota after marrying his wife, Alice.

His lifetime was consumed by hockey and to fuel his knowledge of the sport, he collected everything he could find about the game, from books and magazines to videos and paintings.

Not only did O’Connor’s collection outgrow the basement of his home, but he also yearned to share the material with others passionate about the sport he cared so deeply about.

Enter USA Hockey and its national headquarters. With the addition of O’Connor’s material, the Bob O’Connor Education and Resource Center contains more than 8,000-plus books, DVDs, CDs, videos and tapes as well as 82 pieces of artwork. It’s a hockey information utopia.

There are materials covering topics from anatomy and sports medicine to conditioning and the history of hockey. There are drill books for various age levels and books on Russian hockey basics and Czech defensive strategies. And that’s just a small taste of the depth of material available.

The Bob O’Connor Education and Resource Center is available to visit by appointment.
