- 6. When possible, the league will supply an umpire to call balls and strikes. These umpires are new to their role and will not make calls in the field, just balls and strikes. If an umpire is not available for a game, the Manager or coach (“Coach Pitcher”) of the offensive team shall serve as the umpire and stand behind the player pitcher. The Coach Pitcher shall call balls and strikes whether or not the batter swings.**
- 7. Player pitcher will pitch to each batter until:
 - a) the ball is batted into play**
 - b) the batter strikes out, or**
 - c) the player pitcher throws 4 balls to the batter.****
- 8. After the player pitcher throws 4 balls, the Coach Pitcher shall pitch to the batter. If the player pitcher had two strikes on the batter at the point of the Coach Pitcher’s entry, the count reverts to “1 strike”. If the player pitcher had 1 or 0 strikes on the batter at the point of the Coach Pitcher’s entry, the strike count remains the same.**
- 9. Player pitchers who hit 2 batters must be removed from pitching that game. A batter hit with a pitch will continue as batter – no base awarded.**
- 10. Players must play different positions each inning and alternate between outfield and infield; players should not sit out 2 innings until all other players have sat out at least once.**
- 11. Defense may use up to 10 players in the field. The 10th player must be placed in the outfield (4 outfielders).**
- 12. The league will utilize a liberal strike zone to encourage the players to swing at close pitches. The strike zone will be from the top of the shoulders to**
