

Miss Hockey Summary for Ellie Woodman

Ellie Woodman is an awesome hockey player, student, and person. In her four years playing for Team Wisconsin, she has averaged .31 PPG. During that same time span, she has average 1.43 PPG. This year she has 41 total points. Her stats are truly impressive since she is a defenseman. Ellie is a pass first player. She looks to make her fellow players better. The only statistic Ellie cares about is wins and losses. Due to this unselfish play, she has been voted captain 3 years in a row. She has been a captain of Team Wisconsin. She is the first player to volunteer to sit out when we have a large lead and the first to shake her opponent's hand. She is the epitome of what we look for in a hockey player.
