

CELEBRATING 10 YEARS AS THE LEADING LACROSSE DEVELOPMENT
PROGRAM AND TRAVEL TEAM IN NORTHERN CALIFORNIA

2018 PROGRAM OVERVIEW

OVER HALF OF THE US LACROSSE NAMED HS ALL AMERICANS AND ACADEMIC ALL AMERICANS FROM 2013-2017 ARE TEAM NORCAL ALUMNI. TEAM NORCAL ALUMNI PLAYED IN THE NCAA D1, D2, D3, AND MCLA CHAMPIONSHIP GAMES IN BOTH 2015 AND 2016.

Team NorCal is a year round development program which helps build great lacrosse players and even better student-athletes. We have a philosophy that is unique in today's youth sports and travel team climate. **We do not allow parents to coach or manage any of our teams.**

We select our boys and girls teams based on competitive tryouts every year. Our players are from throughout the Bay area – from San Francisco to Monterey, from Sacramento to Napa. We have done this for 10 years, and our track record speaks for itself. **We have won tournaments all over the country – from Vail, Colorado to Maryland to Texas to right back here in our own backyard in California.**

Over 2,500 players have passed through our program since 2007, when we were the first travel team to sponsor a year round travel program for kids from youth to high school in Northern California.

Several of them are now captains of their college teams. Other TNC alumni can say that they played an important role on teams that won an NCAA Lacrosse Championship – at D1, D2, D3 and MCLA levels.

We are most proud of what great people they have become. There are no million dollar contracts in the sport of lacrosse for professionals. There are, though, a world of rewards for those who challenge themselves and their teammates to excel at this sport. Life-long friendships, learning how to work effectively in teams, the importance of hard work and sacrifice in pursuit of goals, and **knowing how to win and lose are valuable life lessons we hope to teach through our program.** And vital skills they can use to succeed in college and beyond.

PROGRAM COSTS

Youth sports are too expensive. Team NorCal is an affordable travel program. While many other travel teams now charge up front annual fees of \$3-5K or more, Team NorCal's annual team fee is always below \$1,000 for a full year round program. You are NOT required to pay in advance for all the years tournaments, whether or not you can attend them, nor are you pressured or required to attend camps or skill evaluations which often have hefty fees associated with them. We offer significant scholarship support to help families in need.

FAMILY FRIENDLY

Building the Team NorCal family and community is very important to us. Given the investment in time and money made by most families in helping their children pursue a sport they love, we do our best to make our program and our events family friendly. We provide travel and logistics support to families so we can all stay together where possible. We sponsor many family activities at our tournaments, so families can get to know each other and enjoy the tournaments beyond just the time at the field. Tournaments can be great family vacations – and we pick great locations to visit. Our Hospitality Tent has a well deserved national reputation - everywhere we go, everyone wants to eat in our tent!

A COMPLETE PROGRAM

Team NorCal is much more than just a travel team. We offer year round programs to help improve our players – including Summer Day and Bear Valley Overnight Camp, Fall Ball, SummerBall, and Specialty Clinics. Many of our counselors and coaches at these programs are former Team NorCal alumni now playing in college.
