Player Transfer Form & Guest Player Form

Players will select the form they wish to complete and then log into their GotSoccer Player Account to complete the form. **It is the player's responsibility to email their Club President & Registrar to let the club know you have submitted a Player Transfer or Guest Player form.** Clubs have up to 48 hours to respond to the form. This 48 hour window does not start until you have emailed your current Primary Club. Please do not wait until the last minute to complete your form or you may not be able to attend an event with your new club or attend a tournament.

Releasing Clubs – On your Club Tab, Management page you will see a list of players who are requesting releases (to and from your club). Click on the Player's name or the Form name to review the submission. After reviewing the submission you will then click approve.

Accepting Clubs – On your Club Tab, Management page you will also see a list of players who are requesting releases (to and from your club). Click on the Player's name or the Form name to review the submission. After reviewing the submission you will then click approve.

The SRI office will review all form submissions and approve. Once SRI has approved the release the Accepting Club will then need to print the "Approved" release to add the player to the roster.

For Player Transfers only: The releasing club will then print the SRI Approved Player Transfer form and submit to SRI with the revised roster and player's pass to remove the player from your roster.

A player cannot be removed from a league roster until SRI has both the completed Player Transfer from AND the Player's Pass.

A player cannot be added to the New league roster until SRI has both the completed Player Transfer from AND the Player's Pass.
