**RE: MHSА/MONTANA ARMY NATIONAL GUARD ACADEMIC ALL TEAM**

The Montana Army National Guard is committed to recognizing academic achievements by our student activity participants on the team level. The MHSА has been very pleased with the opportunity for schools to be recognized for all their student activities participants' academic achievement through the NorthWestern Energy's Academic Excellence Awards. Also, the Montana Coaches Association recognizes individual academic achievement through their Academic All State Program. The MTARNG Academic All-Team Program recognizes teams for their academic achievement.

The Montana High School Association is proud to be partnered with the Montana Army National Guard to provide this valuable program for our 181 member schools. With Montana Army National Guard's support and dedication, members of high school teams will be recognized for their academic achievements. The MHSА is dedicated to making sure academics are a priority, and the Montana Army National Guard helps sponsor those efforts.

The MTARNG/MHSА partnership has been well-established, and the academic recognitions will continue, but the format has been revised to help renew an emphasis on this unique program. Because of the low percentage of teams previously nominated in swimming, golf, tennis and spirit, MTARNG started focusing on the following sports beginning in 2014-2015 and will select a varsity team champion in each classification: football, volleyball, girls' and boys' cross country, girls' and boys' soccer, girls' and boys' basketball, wrestling, softball and girls' and boys' track/field.

Attached is information regarding the program, including G.P.A. Guidelines, Participant Criteria, Reporting Requirements and the Winter Activity Season Reporting Form. To participate in this program please complete the enclosed reporting form. If you have any questions please call or email Kip Ryan at the MHSА office: 442-6010 or [kryan@mhsa.org](mailto:kryan@mhsa.org). **There is no cost to participating schools for this program.** After the top teams with the highest grade point averages are identified, the Montana Army National Guard will contact your school to offer assistance in presenting an award to the winning teams in the scenario each school would prefer, such as at games, assemblies, banquets etc.

I know that your job is a busy one but I also hope you will be able to make time to submit the reporting form for teams that are exhibiting academic excellence at your school.
