

ARCHER ATHLETICS CORPORATE SPONSORSHIP PROGRAM

Archer Athletics

In just 6 short years the Archer school district has created a true Archer community. Between the Archer Athletic Association, each of the local cluster schools, the AHS student organizations and the AHS athletics programs, Archer is one of the most sought out school districts in Gwinnett County. With over 2,400 students at the high school, 1 feeder middle school and 3 feeder elementary schools, Archer's infrastructure and support is incredible.

The athletics accomplishments have been unprecedented; however, a lack of community businesses is preventing some necessary growth in facilities and equipment. With your support, the Archer Athletic Department would like to continue to run a first class organization and provide for our students and coaches a world class experience on and off the field.

Accomplishments

- Football State Runner-Up/Region Champs
- Team State Wrestling Champions
- State Softball Champions
- 3 State Champion Swimmers
- 14 State Champion Wrestlers
