

Dear Volleyball Friends,

I hope this note finds you well as we enter the holiday season. Our Maryland Volleyball family wishes you the very best as we bring 2015 to a close.

I wanted to drop you a line and outline a few programs we have available in the New Year.

First, our **New Year's Clinics** are offered from Noon to 2pm on January 2<sup>nd</sup> and 3<sup>rd</sup>. It is a wonderful way for young athletes to get a jump on the New Year and get them off the couch after the holidays! We are expecting this clinic to fill up quickly. I think it is a great present or stocking stuffer and we know that your athlete and friends will be excited to work out with us at XFINITY!

The second program is one that I am really excited about. Our **Winter League** helps introduce young players into the world of weekly practice and training. Our 6 week "League" begins January 12<sup>th</sup> and will give the players opportunity to develop all their skills: Serving, Passing, Setting, Attacking, Defense and Blocking. The format will feature 45 minutes of drill work and 45 minutes of real game play. This short term season will give athletes access to all the best of club and AAU style volleyball, for a fraction of the cost and commitment. We will field several teams and pair them with current Maryland Volleyball Players and Coaches to work through the shortened "season". As a bonus, we are including a t-shirt and a pair of Under Armour Maryland Pride Kneepads! We have already had several players sign up and we believe this program will sell out quickly as well.

Volleyball in our community continues to grow and so does the energy and excitement around Maryland Volleyball. This year at Maryland we set multiple attendance records and had over 20,000 people attend our matches. Our goal is to create a winning tradition, host events and help young people fall in love with the sport.

Please consider signing up for one of our programs and pass the information on to those who might enjoy! As always, information and registration can be found

Hope to see you soon!
