Misc.

The coach discussed the need for a *youth* football booster club in order to share the work needed at the youth level. He will work with youth football on this.

Ron Derrick, a member of the NR Community Foundation, suggested the head coach submit a funding request to the foundation for specific items he needs/wants to purchase for the football program.

It was suggested that requests for volunteers be a little firmer and status updates be emailed until all work has been covered by volunteers.

April 13th is our next meeting
