# Gfeller-Waller NCHSAA Student-Athlete & Parent/Legal Custodian Concussion Information Sheet

**What is a concussion?** A concussion is an injury to the brain caused by a direct or indirect blow to the head. It results in your brain not working as it should. It may or may not cause you to black out or pass out. It can happen to you from a fall, a hit to the head, or a hit to the body that causes your head and your brain to move quickly back and forth.

**How do I know if I have a concussion?** There are many signs and symptoms that you may have following a concussion. A concussion can affect your thinking, the way your body feels, your mood, or your sleep. Here is what to look for:

| Thinking/Remembering                   | Physical                            | Emotional/Mood                             | Slee                     |
|--|-------------------------------------|--|--------------------------|
| Difficulty thinking clearly            | Headache                            | Irritability-things bother you more easily | Sleeping more than usual |
| Taking longer to figure things out     | Fuzzy or blurry vision              | Sadness                                    | Sleeping less than usual |
| Difficulty concentrating               | Feeling sick to your stomach/queasy | Being more moody                           | Trouble falling asleep   |
| Difficulty remembering new information | Vomiting/throwing up                | Feeling nervous or worried                 | Feeling tired            |
|  | Dizziness                           | Crying more                                |                          |
|  | Balance problems                    |  |                          |
|  | Sensitivity to noise or light       |  |                          |

*Table is adapted from the Centers for Disease Control and Prevention (<http://www.cdc.gov/concussion/>)*

**What should I do if I think I have a concussion?** If you are having any of the signs or symptoms listed above, you should tell your parents, coach, athletic trainer or school nurse so they can get you the help you need. If a parent notices these symptoms, they should inform the school nurse or athletic trainer.

**When should I be particularly concerned?** If you have a headache that gets worse over time, you are unable to control your body, you throw up repeatedly or feel more and more sick to your stomach, or your words are coming out funny/slurred, you should let an adult like your parent or coach or teacher know right away, so they can get you the help you need before things get any worse.

**What are some of the problems that may affect me after a concussion?** You may have trouble in some of your classes at school or even with activities at home. If you continue to play or return to play too early with a concussion, you may have long term trouble remembering things or paying attention, headaches may last a long time, or personality changes can occur. Once you have a concussion, you are more likely to have another concussion.

**How do I know when it's ok to return to physical activity and my sport after a concussion?** After telling your coach, your parents, and any medical personnel around that you think you have a concussion, you will probably be seen by a doctor trained in helping people with concussions. Your school and your parents can help you decide who is best to treat you and help to make the decision on when you should return to activity/play or practice. Your school will have a policy in place for how to treat concussions. You should not return to play or practice on the same day as your suspected concussion.

***You should not have any symptoms at rest or during/after activity when you return to play, as this is a sign your brain has not recovered from the injury.***

This form is approved by the North Carolina High School Athletic Association Sports Medicine Advisory Committee and the NCHSAA Board of Directors. This form is current as of April 2017

**Hazing:** According to WCPSS Board Policy 6420.2, hazing is prohibited. No group or individual shall require a student to wear abnormal dress, play abusive or ridiculous tricks on him/her, frighten, scold, beat, harass, or subject him/her to personal indignity.

*The Board of Education is required to expel any student convicted of hazing under NC Criminal Statute §14-35.*

**Code of Sportsmanship:** It is recognized that public school interscholastic athletic events should be conducted in such a manner that good sportsmanship prevails at all times. Every effort should be made to promote a climate of wholesome competition. Unsportsmanlike acts will not be tolerated. A player is under the coach's control from the time he/she arrives at the athletic field until he/she leaves the field. The penalties listed in the North Carolina High School Athletic Association Handbook will be adhered to for any athlete ejected from an athletic contest.

**NCHSAA Regulations Student Athlete Pledge**— As a student athlete, I am a role model. I understand the spirit of fair play while playing hard. I will refrain from engaging in all types of disrespectful behavior, including inappropriate language, taunting, trash talking, and unnecessary physical contact. I know the behavior expectations of my school, my conference, and the NCHSAA and hereby accept the responsibility and privilege of representing this school and community as a student athlete.

**Parent Pledge**— As a parent, I acknowledge that I am a role model. I will remember that school athletics is an extension of the classroom, offering learning experiences for the students. I must show respect for all players, coaches, spectators, and support groups. I will participate in cheers that support, encourage, and uplift the teams involved. I understand the spirit of fair play and the good sportsmanship expected by our school, our conference and the NCHSAA. I hereby accept my responsibility to be a model of good sportsmanship that comes with being the parent of a student athlete.

**Football**—Student athletes who are members of the school football team must read, review with parent/guardian, and sign an extra form entitled Safety List for Football Players. This form emphasizes specifics of tackling, blocking, running the ball, basic hitting (contact) position, fundamental technique, and fitting/use of equipment. This form will be available from your football coach and must be completed prior to practicing with pads.

**NCHSAA Sportsmanship/Ejection Policy**—We acknowledge that we, both the student and parent whose names appear below, have read and understand the NCHSAA Sportsmanship/Ejection Policy. We understand that the following types of behavior will result in an ejection from an athletic contest: fighting, taunting or baiting, profanity directed toward an official or an opponent, obscene gestures, disrespectfully addressing an official, flagrant contact.

1<sup>st</sup> ejection: 2 game suspension in all sports *except* 1 game for football (fighting is a four game suspension in all sports *except* 2 games for football).

2<sup>nd</sup> ejection: Suspended for remainder of sport season.

3<sup>rd</sup> ejection: Suspended from ALL athletic competition for 365 days from date of 3<sup>rd</sup> ejection.

**Transportation for Athletic Events**—If student transportation is by a Wake County system-owned vehicle, the school system vehicle liability coverage is applicable to any vehicular accident. If student transportation is by private vehicle, the vehicle owner's liability coverage is applicable to any vehicular accident. Parent or adult drivers should be aware that they may be held responsible for injuries to any individuals they are transporting and must certify that any private vehicle used is covered by at least the North Carolina state required insurance coverage. All student athletes who travel with a team to an away athletic event must return to the school with the team. The only exception to this policy is when both the coach and parent/legal custodian agree that it is beneficial for the student athlete to ride home with the parent/legal custodian. Student athletes are not to ride home from athletic events with any other person.

**Medical Authorization**—As the parent or legal custodian of this student athlete, I grant permission for treatment deemed necessary for a condition arising during or affecting participation in sports, including medical or surgical treatment recommended by a medical doctor. I understand that every effort will be made to contact me prior to treatment. Also, permission is granted to release medical information to the school and athletic trainer or first responder.

**Risk of Injury** – We acknowledge and understand that there is a risk of injury involved in athletic participation. We understand that the student-athlete will be under the supervision and direction of a WCPSS athletic coach. We agree to follow the rules of the sport and the instructions of the coach in order to reduce the risk of injury to the student and other athletes. However, we acknowledge and understand that neither the coach nor WCPSS nor Heads Up Football LLC (if applicable) can eliminate the risk of injury in sports. Injuries may and do occur. Sports injuries can be severe and in some cases may result in permanent disability or even death. We freely, knowingly, and willfully accept and assume the risk of injury that might occur from participation in athletics, including (if applicable) participation in Heads Up Football activities.

**Residency Requirements** – The NCHSAA residency requirements state, “the residence of any student shall be deemed to be that of his or her parents or sole surviving parent. In the event the parents are separated or divorced, the residence of the student shall be that of the parent to whom custody has been awarded by a court of competent jurisdiction....No non-parental guardianship will be recognized where a student has a living parent....Any student proposed for a contest is eligible at the school to which the local board of education assigns him or her within the unit of residence of a parent or legal custodian within this state.” According to WCPSS Board Policy 6201 a “legal custodian” is a person or agency awarded legal custody of a child by a court of law. The athletic director of the school must be notified of any student not living with a parent or legal custodian. No person other than a parent or legal custodian may sign off on this document.

We, the undersigned student and parent/legal custodian, certify that the home address shown on this document is our sole, bona fide domicile as provided to the Wake County Public School System Office of Growth Management. We also agree that we will notify the high school principal immediately of any change in domicile, since such a move may alter eligibility status.

We have read the eligibility rules and this document and understand all of the requirements for athletic participation. We agree to comply with the requirements set forth in the eligibility rules and this document. All information contained in this document is accurate and correct.

*Providing false information on this form may cause the student athlete to lose athletic eligibility.*

|                             | If I think a teammate has a concussion, I should tell my coach(es), parent(s)/ legal custodian(s) or medical professional about the concussion.  | Not<br>Applicable                        |
|                             | I, or my child, will not return to play in a game or practice if a hit to my, or my child's, head or body causes any concussion-related symptoms.  |  |
|                             | I, or my child, will need written permission from a medical professional trained in concussion management to return to play or practice after a concussion.  |  |
|                             | Based on the latest data, most concussions take days or weeks to get better. A concussion may not go away, right away. I realize that resolution from a concussion is a process that may require more than one medical visit.          |  |
|                             | I realize that ER/Urgent Care physicians will not provide clearance to return to play or practice, if seen immediately or shortly after the injury.  |  |
|                             | After a concussion, the brain needs time to heal. I understand that I or my child is much more likely to have another concussion or more serious brain injury if return to play or practice occurs before concussion symptoms go away. |  |
|                             | Sometimes, repeat concussions can cause serious and long-lasting problems.   |  |
|                             | I have read the concussion symptoms listed on the Student-Athlete/ Parent Legal Custodian Concussion Information Sheet.  |  |
|                             | I have asked an adult and/or medical professional to explain any information contained in the Student-Athlete & Parent Concussion Statement Form or Information Sheet that I do not understand.  |  |

**2017-2018 NCHSAA ELIGIBILITY, CONSENT TO PARTICIPATE AND RELEASE FORM**

**THIS DOCUMENT MUST BE SIGNED BY THE STUDENT-ATHLETE OF AN NCHSAA MEMBER SCHOOL AND BY THE STUDENT'S PARENT OR LEGAL CUSTODIAN BEFORE PARTICIPATION. STUDENTS MAY NOT PARTICIPATE WITHOUT THE STUDENT'S AND PARENT'S/LEGAL CUSTODIAN'S SIGNATURE.**

I have read, understand and acknowledge receipt of the North Carolina High School Athletic Association's Eligibility Rules. I understand that a copy of the NCHSAA Handbook is on file with the member school's principal and/or Athletic Director, and that I may review it, in its entirety if I so choose. I know my school is a member of the NCHSAA and must adhere to all regulations that govern interscholastic athletic programs, including, but not limited to, Federal and State laws, local regulations and those imposed by the NCHSAA. I understand that local rules may be more stringent than the NCHSAA and agree to follow the rules of my school and the NCHSAA and to abide by their decisions. I acknowledge and understand that participation in interscholastic athletics is a privilege, not a right. I understand that classroom performance, dropping a class or taking coursework through other educational options could affect eligibility and compliance with NCHSAA academic standards.

**STUDENT CODE OF RESPONSIBILITY**

As a student athlete, I **understand and accept** the following responsibilities:

- I will **respect the rights and beliefs** of others and will treat others with courtesy and consideration.
- I will be **fully responsible** for my own actions and the consequences of my actions.
- I will **respect the property** of others.
- I will **respect and obey the rules** of my school and laws of my community, state and country.
- I will **show respect to those who are responsible for enforcing the rules** of my school and the laws of my community, state and country.
- I **understand that a student whose character or conduct violates** the school's Athletic Code or School Code of Responsibility could be deemed ineligible for a period of time as determined by the principal or school system Administration

**PARENTS, LEGAL CUSTODIANS OR STUDENTS WHO DO NOT WISH TO ACCEPT THE RISK DESCRIBED IN THIS WARNING SHOULD NOT SIGN THIS FORM.** The student and parent/legal custodian recognize that participation in interscholastic athletics involves some inherent risks for potentially severe injuries including, but not limited to, serious neck, head and spinal injuries, serious injury to virtually all bones, joints, ligaments, muscles, tendons, and other aspects of the musculoskeletal system, serious injury or impairment to other aspects of the body, or effects to the general health and well-being of the child, and in rare cases death. Although serious injuries are not common in supervised school athletic programs, it is impossible to eliminate all risk. Because of these inherent risks, the student and their parent/legal custodian have a responsibility to help reduce that risk. Participants must obey all safety rules, report all physical and hygiene problems to their coaches, follow a proper conditioning program, and inspect their own equipment daily.

I authorize medical treatment should the need arise for such treatment while I or my child/ward ("student-athlete") is under the supervision of the member school. I **consent to medical treatment** for the student-athlete following an injury or illness suffered during practice and/or a contest. I understand that in the case of **injury or illness requiring treatment by medical personnel and transportation to a health care facility**, that a reasonable attempt will be made to contact the parent/legal custodian in the case of the student-athlete being a minor, but that, if necessary, the student-athlete will be treated and transported via ambulance to the nearest hospital. I further authorize the use or disclosure of my student-athlete's personally identifiable health information should treatment for illness or injury become necessary.

I **understand all concussions are potentially serious** and may result in complications including prolonged brain damage and death if not recognized and managed properly. Further, I understand that if my student is removed from a practice or competition due to a suspected concussion, he or she will be unable to return to participation that day. After that day, written authorization from a physician (M.D. or D.O.) or an athletic trainer working under the supervision of a physician will be required before the student is allowed to return to participation. I also acknowledge that I **have received, read and signed the Gfeller-Waller Concussion Information Sheet.**

I **consent to the NCHSAA's use of the herein named student's name**, likeness, and athletic-related information in reports of contests, promotional literature of the Association and other materials and releases related to interscholastic athletics and grant the NCHSAA the right to photograph and/or videotape the participant and further to use the participant's face, likeness, voice and appearance in connection with exhibitions, publicity, advertising, promotional and commercial materials without reservation or limitation. The NCHSAA, however, is under no obligation to exercise said rights herein. I further consent to the disclosure, by the member school, to the NCHSAA, upon its request, of all records relevant to the student-athlete's athletic eligibility including, but not limited to, their records relating to enrollment, attendance, academic standing, age, discipline, finances, residence and physical fitness. The student and parent/legal custodian individually and on behalf of the student, hereby irrevocably, and unconditionally release, acquit, and discharge, without limitation, the NCHSAA its officers, agents, attorneys, representatives and employees (collectively, the "Releasees") from any and all losses, claims, demands, actions and causes of action, obligations, damages, and costs or expenses of any nature (including attorney's fees) that the student and/or legal custodian incur or sustain to person, property or both, which arise out of, result from, occur during or are otherwise connected with the student's participation in interscholastic athletics if due to the ordinary negligence of the Releasees.

**By signing this document, we acknowledge that we have read the above information and that we consent to the herein named student's participation. We understand that the authorizations and rights granted herein are voluntary and that we may revoke any or all of them at any time by submitting said revocation in writing to the participant's member school. By doing so, however, we understand that the participant will no longer be eligible for participation in interscholastic athletics.**
