

FOX VALLEY HURRICANES AMATEUR HOCKEY ASSOCIATION

POLICY: Hurricanes CUHL House Team Priority Placement

Priority placement of players on Hurricanes CUHL House Teams will be given to players based on their date of registration. So, in situations when Hurricanes CUHL House Teams are full, as determined by the Fox Valley Hurricanes Amateur Hockey Association (FVHAHA), the determining factor as to whether or not a player is placed on a Hurricanes CUHL House Teams or is cut, will be the date of registration for Hurricanes fall hockey.

Additionally, FVHAHA policy is that in instances where a returning Hurricanes player (which is defined as a player who was registered and played the previous Fall hockey season with the FVHAHA, and who is registered for the upcoming Fall season as a Travel (Hurricanes CUHL Travel) player and who is cut after Travel tryouts will be granted priority placement on Hurricanes CUHL House Teams over a "new" Hurricanes CUHL House player (defined as a player who was not registered and did not play the previous Fall season with the Hurricanes) and who is registered for the upcoming Fall season, regardless of when each player registered.

In situations where there is a returning Hurricanes player who is registered for the upcoming Fall season as a Travel player and who is cut after Travel tryouts and a returning Hurricanes player who is registered for the upcoming Fall season as a Hurricanes CUHL House player, priority placement on Hurricanes CUHL House Teams will be given to players based on their registration date.

In situations where there is a "new" Hurricanes player who has registered for the upcoming Fall season as a Travel player and gets cut from Travel tryouts and a "new" Hurricanes player who has registered for the upcoming Fall season as a Hurricanes CUHL House Teams player, priority placement on Hurricanes CUHL House Teams will be given to players based on their registration date.

In situations where there is a "new" Hurricanes player who has registered for the upcoming Fall season as a Travel player and gets cut after Travel tryouts and a returning Hurricanes player who has registered for the upcoming Fall season as a Hurricanes CUHL House player, priority placement on Hurricanes CUHL House Teams will be given to the returning Hurricanes player.
