

Tier 1 Report Fall Meeting September 16 - 18th (Grand Rapids, MN)

Tier 1 Feedback:

- ✓ The feedback through the first couple of weekends has been positive. The parents have enjoyed the rotating venues for the games. Limiting the overnight stay each weekend has been a plus for each team and the arenas are a hit with the players. The volunteers from each district have been prompt and accommodating to the request of the committee.
- ✓ There will always be parents that scour the statistics to make sure their kids are getting credit (rightfully or wrongfully) for the goals/assists. The stats are a nice touch but not instrumental at this age group going forward.
