

## Automatic Calendar Updates – Arbiter Sports

- Arbiter uses an iCal feed/Subscription calendar to automatically update every time that you accept a game on arbiter.
- In order to activate this, you will need to get the link to the calendar. First, click on the tab that says MOBILE at the top portion of the page:

- Next, click on the “Email me my Calendar Feed” Icon:

- An email will be sent to you with the required information. Follow the directions provided in the email. They will give you device-specific instructions.
