

## **PETITION FOR EXCEPTION TO CYO ELIGIBILITY FOR A CHILD IN A PARISH WITHOUT A CYO PROGRAM**

The CYO Office can grant permission for a Catholic child in a parish or Catholic school without a CYO program to play for a CYO program in another parish. Not all CYO leagues allow this exception.

### **REQUIREMENTS:**

- The parish or school is not currently hosting that CYO sport at that grade level. (Note: It may be required for a child to play on a combined grade team in their own parish/school rather than granting an exception to play in another CYO program. If in the future, there is a team in the child's own parish/school, they must return to play for their own parish/school.)
- The child must be a Roman Catholic member of a parish. Exceptions are not granted to non-Catholic children.
