We don't want teams just picking up players just to win games.

A player can only play on one team in the youth league, 3rd through 8th per division. You can play up in other divisions too.

Only one team per league unless cleared by NTBL.

You can have a player on your team that is playing up a grade level but not down.

The league may make exceptions to what division a team plays in if they are not at the skill level needed as long as it is in the best interest of all the teams.

For example, a player can play up in the 7th grade if they are a 6th grader but not down in the 5th grade.

If your team is late to a game the clock will start at game time.

If you can make it before half time the game will start when you show and play at the time that is left.

If you don't make it before half time it is a forfeit.

Coaches must sign code of conduct. Players and coaches will be held to the highest standard.

Failure to follow the agreement will mean disciplinary action taken against you and your players.
