

## Weather Policy

First If it is cold, windy & raining we will continue as normal, all players of all ages will continue their games or sessions even if rain is present. Just be sure to wrap the players up warm.

But if there is an increase in extreme weather conditions i.e. snow storm, thunder, lightning etc. The club policy is that players go to their cars for cover for a duration of 30 minutes. In the case of the 3-7 year olds as we only have a 1 hour time slot and a 45 minute game come Saturday. If the thunderstorm hits we will cancel that time slot. For example the 9am Little Bolts session, if a thunderstorm hits at 9:20am then we will cancel all that session. We won't cancel the 10am slots unless it is severe weather.

**If we decide to cancel, we will update Michigan Thunder Facebook page and Dexter Community Ed Facebook page. So please Like & Join both pages so you can get the earliest and most advance update on session/game that day.**

<https://www.facebook.com/DexterCommEd/>

I hope that this makes sense and answers your questions. Although weather reports may suggest chance of thunderstorms, we don't want to cancel in advance as there is always a chance of it being clear with only small amounts of rain (you know this Michigan weather).
