COLORADO HIGH SCHOOL COACHES ASSOCIATION COACHES NOMINATE PLAYERS FOR THE FRED STEINMARK AWARD

2012 Steinmark Award Nominations

Nominations for the 2012 Fred Steinmark High School Student/Athlete of the Year Award are due by May 7, 2012. The Fred Steinmark Award is sponsored by the Colorado High School Coaches Association after being sponsored for many years by *The Rocky Mountain News* and *Colorado Sidelines*. Any member of the Colorado High School Coaches Association can nominate an athlete from any school.

There are four requirements for a student/athlete to gain a nomination. The student/athlete must:

1. be a senior,
2. have carried at least a 3.0 grade-point average through his/her high school career,
3. have played a minimum of two sports each year,
4. have been selected all-state in one sport and at least all-league in another.

Please submit a short letter or email stating that the student/athlete has met or will meet the above requirements by the end of the 2012 spring season. The format for the award application will be sent to the nominating coach after the student/athlete's nomination is received. Email nominations to Scott Stocker: sidelines1971@gmail.com.

Please include the words “Steinmark Award Nomination” in the subject line of the email. Members of the Colorado High School Coaches Association will be asked to be on the Steinmark Award selection committee. Members from schools submitting nominees are not eligible to be on the selection committee.

The Steinmark Award honors Fred Steinmark, who excelled in football, basketball and baseball while attending Wheat Ridge High School in the late 1960s. Steinmark also was an outstanding student and was active in several school and community-oriented endeavors before attending the University of Texas, where he helped the Longhorns to the national football title in 1969. Steinmark died from cancer in 1971 at age 22.

Eight finalists and the final winner of the award will be selected by a committee of athletic directors, coaches, and former Steinmark Award winners. The winners will be honored at the Colorado High School Coaches Association All-State Games Banquet to be held on June 10, 2012 on the campus of Adams State College in Alamosa, Colorado.
Greetings Coaches:

I am excited to be your CHSCA President for this year. It is an honor to take on this position to serve an organization that provides so many opportunities for our Colorado athletes and coaches. There are a variety of awards that you as members can nominate dedicated coaches to receive. As a member you can be honored to coach in All-State Games, attend excellent clinics, and nominate students for a number of scholarships. Being a member of CHSCA means you have liability insurance, hospitality at state events, and admission to CHSAA playoff games. I urge all members to make an effort to contact any coaches that are not members and make them aware of your organization and why they should become members of Colorado High School Coaches Association. Your support is greatly appreciated by the Executive Board and current members. Currently, we are looking for new directors that will volunteer the time to attend six meetings and provide input to the CHSCA. New blood in the meetings would be great. If any of you are interested please contact me or a board member.

Coaches, as you are looking forward to and preparing for the upcoming year, remind yourself of how lucky you are to be a member of the coaching fraternity. You have a special talent and responsibility to the student athletes that you are entrusted with. Take the time to appreciate the opportunity, as this year will happen only once. Make the most of it and have FUN!!! I always looked forward to the new year as a new challenge and adventure, a rebirth so to speak. Each and every team I had the privilege to coach had their own unique personality, which made every year rewarding no matter the outcome.

As a coach of 40 years, I always reminded myself, my staff, and players that this is their game. In today's world there is a tendency to over-emphasize winning. Remember it is a game and there is always a winner and a loser. There are so many other things that we do in the big scheme that are more important. Some of my best memories are relationships with players, the laughs and smiles when they make a big play, the counseling that we are able to give because we get to know them on a different level, the laughs from crazy plays, excuses, unique personalities and finally the positive feedback we receive years later.

As I was thinking about the content of this message, I thought back 40 years, when I got my first job at Iliff High School in northeastern Colorado. My principal Jack Leicester had a little heart-to-heart talk with me to remind me that I was a teacher first and coach second. He also wanted to impress on me that as a coach I was going to emphasize teamwork when I coached, but I was also a member of several teams. I was a member of a team of teachers who need to work together to provide the best education for our students. Next, I was member of a team of coaches. Even though we coached different sports and have different goals, we were to support and help the other coaches in order to make every program as successful as possible.

In today's world where the emphasis is on specialization rather than participation in a variety of activities students may miss out on having as rewarding a high school experience as they should. You know the old saying "variety is the spice of life." It is a good philosophy to live by.

In closing, I wish you all a rewarding and satisfying season. I always reminded my players and coaches after a loss that the sun comes up tomorrow, and we have to get ready for the next game. As you prepare for the upcoming year have a POSITIVE ATTITUDE and most of all HAVE FUN! Remember the saying, "I have never had a bad day, just some days are better than others."

THANK YOU FOR THE JOB YOU DO TODAY and for the passion you have to make a difference in the lives of our student athletes.

THE PRESIDENT

We are fortunate to have Coach Ed Eastin as our Colorado High School Coaches Association (CHSCA) President. He is a forty-year veteran of coaching high school sports in Colorado. He has coached both girls and boys, coached in several sports, and coached in three different Colorado high schools. He has appeared in many state championship games. He has worked many years on the Board of Directors of the CHSCA, serving as the president-elect last year.
COACHES NEED PROTECTION

John Burke, Executive Director

The high school coaching profession continues to be an enigma as we begin another school year. The prep coach, for all he or she does for our young people, the school and the community, often times is left barren and afloat when it comes to liability insurance needs.

Wade McLain, an assistant high school football coach in Texas, died this summer while coaching and while the names of Montel Williams (15), Donteria Searcy (16) and Forest Jones (16) are not known to many in Colorado, all three are young football players who died of heat stroke before playing in one high school game this fall. Unfortunately for the coaches who instructed these young men virtually all research indicates heat stroke deaths are entirely preventable. In today’s litigious society we can all guess who is going to be blamed for these tragic deaths – that’s correct, the high school coach.

While I certainly do not profess to know the details of these specific tragedies I am sure of one fact and that is each coach in our state should be protected with a liability insurance policy. To not have this policy in effect is beyond comprehension and begs to have the question answered – “Why are YOU not protected?” Each coach that belongs to the Colorado High School Coaches Association is protected with a one million dollar liability insurance policy as part of his/her membership fee and whether the coach pays to belong to the CHSCA or his/her school pays, we all need this protection. This liability policy is good from August 1 to July 31 of each year and is a small price to pay for protection.

Things have changed for the coaching profession. The advent of concussion-related injuries in all sports has risen to the top of liability issues and as a coach you should be very concerned with your methods of teaching and coaching and you should also be sure you have the liability insurance you so desperately need. The CHSCA yearly membership fee is a small price to pay the peace of mind it provides and is an insignificant amount when you compare it to the price of other organizations. Most of our school administrators belong to the Colorado Association of School Executives (CASE) and the cost to belong is considerably more than membership to the CHSCA. A Colorado school administrator making between $19,000 and $40,000 pays $285 to belong to CASE and how many administrators do you know who only make $40,000? Those making between $60,000 and $65,000 are required to pay $460 per year and those making over $80,000 must pay $630 per year. And perhaps you weren’t aware of it, but most of the dues for professional organizations are paid by the school and/or district – not by the school administrator. Why is this benefit not also passed on to the coaches?

It is only right and fair that our coaches are protected and this protection is provided by the Colorado High School Coaches Association and whether you as a coach pay the nominal ($70) yearly fee or your school or district pays it, it has to get done. It will take only one tragic episode and the resulting lawsuit for all of us to realize coaches need proper protection. Either join yourself or convince your school and/or district, but get it done!

EXTRA POINTS

A CRICKET IS A NOISY BUG

By Herman A. Motz

We were in London for four days in July. The hotel placed a copy of the number-one newspaper in England outside our door every morning. I wanted to see how our Rockies were doing after the All-Star Break. I was sure this great newspaper would have, at least, the major league baseball standings from the U.S.A. I was wrong. They are still holding a grudge from 1776. They did have four pages about their cricket teams though.

I read the newspaper articles about cricket. That was a mistake. The pitch is not, evidently, throwing the ball but a place in the center of the field where the base-runners run, but there are no bases. At each end of the pitch they have no plate, no rubber nor bases. They have three wooden stumps in a straight line surmounted by two wooden cross-pieces called bails. They call this small structure the wicket, a cricket wicket. It is evidently something good for the defense and the pitcher to throw at and hit. The pitcher, standing at the end of the pitch is not called a pitcher but a bowler. Innings can be quite long because the fielding team must put out all eleven players of the batting team, but it is not called an out. They say the player is dismissed. We didn’t get to see a cricket game, thank you.

London is over 2000 years old. It was one of the outpost cities of the Roman Empire for over 400 years, until about 410 A.D. when the Roman soldiers were recalled to Rome to repel the barbarian invasion. In their time in London the Romans had built a magnificent coliseum with seats for many thousands of spectators. When the Romans left, it fell into ruin and was buried. We visited the partially-excavated remains of the coliseum. It was the scene of some interesting sporting events. It was a glorious, though dangerous, time for the athletes. Not many lived to retire. The coliseum was gradually buried. Only a small part of the old arena has been excavated. The Latin signs make interesting reading. The excavators seemed very surprised to find a complex drainage system in this old arena that was excellent in removing the sewage, blood and smaller body parts left over from some of the contests.

When civilization returned to London with the Renaissance, sports became much more civilized, so they say. Even the king engaged in sports like fishing, hunting and jousting ... Jousting against the king was interesting. The king had to win, and the loser could gallop into his after-life as an excellent example of sportsmanship. The headlines would read something like this. “Knight Mortally Wounded in Friendly Joust with the King!”

The Tower of London was an interesting place. It was primarily a jail, but not one where the prisoners lolled lazily in cells. They were tortured. They have on display a magnificent array of the torture equipment that they used in the old days. It was great. It reduced the boredom of prison life. A prisoner rejoiced when his or her execution day arrived. No more torture! There were some private towers for more royal or distinguished prisoners. Henry VIII put the towers on the map. Starting a new religion produces a great number of prisoners that would not otherwise exist. There are always a number of stubborn people who do not want to give up their religion. They have to be dealt with severely. And then there were the royal wives. Something had to be done with the surplus. This is when the sport of head-rolling reached its peak. Anne Boleyn, Henry’s second wife hit the top of the charts when she was beheaded. Catherine Howard, Henry’s fifth wife, met the same fate, but it was old-hat by that time.

London Bridge may have fallen down, but now there is a bridge across the River Thames about every-other block.

London’s a nice place to visit, but I wouldn’t want to live there.
On behalf of the CHSAA staff and Board of Directors, welcome to the 2011-12 school year, we want to wish you great success in the upcoming school year and want you to know how much we appreciate what you do for kids. And, a quick note of congratulations to all the spring state championship coaches. It was a great spring for our students and you all play such a crucial role. Take a moment to bask in the glory of past achievements. Now, time to get busy for this year!

To start this section off, please take this note to heart:

*It is the responsibility of each coach to understand the CHSAA rules and sport playing rules that affect a student’s eligibility.*

The CHSAA Transfer Rule is number 1800 (page 60 in the Constitution and By-laws). There are many facets to the rule and there have been significant changes in the CHSAA transfer rule that coaches need to be aware of and understand thoroughly. The two will be rigorously pursued if a violation occurs.

The first is the so-called “non-school coach transfer.” A non-school coach in this sense is any coach from a non-school team or program. The high school coach could be the director of a non-school organization with a number of teams in that non-school organization, but the rule will still apply on the transfers.

**EXCEPTION 2:** A student transferring, moving or for any reason to a new school where the student’s non-school coach is also a coach of the school team, is considered to be attending for athletic purposes. The student, as a result of this transfer, will be ineligible for varsity competition for one calendar year from the date of the transfer in any sport(s) they participated in during the twelve months prior to the transfer.

As used in this Rule, the term “coach” includes any person who coaches, volunteers (regardless of compensation) or assists in any capacity with the coaching or training of the school or non-school team.

This means that after starting at one school, a player who transfers to another school where a coach who is a part of the coaching staff for the student’s non-school program is coaching, then that student will be ineligible for varsity competition in that sport.

The second is the “athletic transfer” rule enforcement.

1800.3 -- Except as specifically provided in by-laws 1800.31 through 1800.36, 1800.4 and 1800.44, any student who transfers schools after the beginning of the school year will not have varsity eligibility at the receiving school for the remainder of that school year and is subject to the provisions of by-law 1800.21 for the following school year for up to one calendar year after the school transfer. Any transfer substantially motivated by athletic considerations will cause the student to be ineligible for one calendar year.

This is NOT a rule change, but rather a point of emphasis on the fact that athletic transfers are illegal and the student who makes such a transfer will have no eligibility in that sport for a calendar year.

Please be aware of the transfer rule and that you know how your student athletes got to your team. Help your athletic director spot those students who may have transferred since the end of last season. *It is the responsibility of each coach to understand this rule and its implications as well as any other rule that affects a student’s eligibility.* If a student played at a school other than yours last year, they need to be checked for the circumstances of their appearance on your roster. If you have a student out for your team that you do not remember from last year, find out if they transferred in and make sure your AD knows.

The CHSAA Office assignments are:
Paul Angelico, Commissioner (Classification and League Organization Committee, Board of Directors, Board of Control,
The CHSAA staff would like to remind you that the following need to be in place before allowing a student to participate in a game:
1. Student must have a current physical on file with the school.
2. Student has participated in nine days of practice.
3. Student must have taken and/or passed the required number of classes last spring.
4. Student must be currently enrolled in the proper number of classes and passing, if a grade check has been performed.
5. Transfers have been verified as bona fide moves or otherwise able to participate.
6. If summer school make-up is being required to gain eligibility, make sure that work been completed and turned in by Thursday.
7. Student is of appropriate age.
8. Student has not participated for more than 8 semesters.

While there are many other factors to consider, the 8 listed above are the most frequently asked questions.

Remember that playing an ineligible student will result in a game forfeiture. If you have questions feel free to give us a call.

Another question that comes up is regarding coaching registration and who needs to be registered. Under CHSAA by-laws a coach who is alone with students for any amount of time has to be:

- a certified (licensed) teacher or administrator holding a current certificate issued by CHD
- a coach registered with CHSAA
- a retired educator/coach

Bylaw 1630 – Assistant Coaches – The CHSAA recommends that assistants become registered coaches

If you are a coach and do not meet any of the criteria above, you need to talk with your athletic director. This by-law is applicable to all coaches (including volunteer).

Please remember to participate in the CHSAA’s online officials’ evaluation program. The lead official in all sporting contests has been instructed to provide you and the opposing head coach with a business card with the names of each of the game officials. Please make a part of your post game ritual the evaluation of the game officials. Then at the conclusion of the regular season, you will be asked to select those officials you feel in your opinion were the best.

The time it takes to access the forms on our website and then fill them out will take no more than five minutes. Your participation in this evaluation program is essential to making officials accountable during the regular season and then helps us find the best officials for our post season officiating assignments.

Go to coaches’ corner on www.chsaa.org and click on the Officials’ Rating Evaluation Card.
cycle. There are likely to be numerous changes in leagues and classifications, so the committees will be reviewing that prior to developing those formats. If you have any suggestions, please contact the Chair of the committee or the CHSAA staff liaison:

This is the time of the year that the CHSAA office compiles its nominations, in conjunction with the CHSCA, for the NFHS coach of the year in each sport. Please make sure you get your nominations in to your sport president right away.

Remember to count your games. If your team plays too many games, it will immediately become ineligible for playoffs. There is NO APPEAL to this by-law so your team will not play in the playoffs if you violate the game limits in your sport.

Coaches often ask how they can affect the CHSAA committee process related to their sport. The key to being involved is to be aware of:

1. Know when your sport’s advisory committee meets;
2. Make contact with your sport’s CHSAA staff liaison and discuss your concerns or suggestions with that person;
3. Know the Board of Control dates where your sport’s committee report will be reviewed and voted on; and,
4. Talk with your sport’s classification committee member prior to the committee meeting if you have some issues that need to be addressed.

You are always welcome to attend your sport’s committee meeting. Please contact the committee chair or CHSAA staff liaison to let them know that you will be in attendance.

Although committee report can be amended at the Board of Control, the most effective manner in which to make your concerns known is to communicate those ideas prior to the committee developing its final report.

A great source of sports specific information is the CHSAA’s website, [www.chsaa.org](http://www.chsaa.org), which is loaded with all the administrative information you need for the season. On this site, you will find bulletins, CHSAA Constitution and By-laws, playoff information and much more.

Bert Borgmann
Assistant Commissioner, CHSAA
Colorado High School Activities Association
(303) 344-5050 (office),
(303) 367-4101 (fax),
(720) 581-8103 (cell)
I hope your summer was productive for you personally and for your team development. Schools are back in session and I know each of you is gearing up for your season. I wanted to comment on the two big items for the CHSCA over the summer.

First, the All-State games were held June 10-11 at Adams State College in Alamosa. This is the first time the games were held there and overall were successful at showcasing some of the state’s best basketball talent. ASC’s staff were very supportive and accommodating of the games. Also they used their facilities to both show off the campus and the players in the games. After the banquet on the 10th, the players took part in a “parade of champions” around the football stadium. Then the Steinmark Award was given and ASC hosted an ice cream social and dance for the athletes. The games were well-played with the Blue Team coached by Jeff Kloster of Longmont and Chris Valdez of Ignacio taking the championship.

One drawback to the games was the facilities. We were forced to practice on Friday with all four teams in the main gym at Alamosa High School at the same time. On Saturday, some of the games had to take place in the middle school. I expressed my concerns with facilities to the rest of the CHSCA Board. John Burke, our executive director, is working with ASC to improve this and other areas. At the last Board meeting, we discussed how the games went and whether we want to continue to have them at ASC. We voted to return to Adams State for one more year with several changes being made to improve the games, then vote again next year to either stay with ASC or move the games to another site. I don’t want to emphasize the negative. Again, considering all factors, it was a positive experience for the young people that took part and will continue to improve.

The second big event for the association was our Multi-Sport Clinic July 29th and 30th. We had an outstanding lineup of clinicians and I heard numerous comments about the quality of the clinic. All five state championship coaches presented, Ken Shaw-Regis Jesuit, Mike Holloway-Sterling, Andrew Hasz-Faith Christian, Ryan Bredow-Denver Lutheran, Randy Kirkwood-Caliche. Additionally, Kevin Boley of Legend High School gave a great presentation on his program. The clinicians all focused on why their programs are successful. Not one X or O was drawn in the two days, but I find it more interesting to see how great coaches run their programs. We had a variety of coaches from schools of all sizes; public and private. The key is making your program work for you, and finding the strengths in your situation. Additionally, our keynote speaker was Don Meyer (retired) of Northern State. I’ve heard Coach Meyer speak many times, but I learn something new each time. Steve Smiley of Sheridan Junior College, and a former player of Coach Meyer’s, wrapped up the clinic with a session on evaluating games. Attendance at the clinic was great and I thank all those that attended.

I’ve finished my term as president of the Boys’ Basketball Coaches, and enjoyed the opportunity to help our profession, our coaches, and our young men. Ryan Voehringer of Valley High School is our new president. He’s an outstanding young coach and I know you will be well represented.
Greetings!
It is that wonderful time of year where the leaves are changing, the days are cooling down, and the volleyball season has begun. I hope for all of you that the season is starting off with great kids, great parents, and lots of excitement. I want to take a moment to thank Sally Moos from Cherry Creek for being the volleyball president of CHSCA for the last two years. She did a tremendous job preparing coaching clinics, making sure the All-State games went well for our athletes, and researching the history of volleyball in the organization so wonderful individuals in volleyball from our past get recognized. If you see her, please take a moment to thank her for all her efforts to promote volleyball, to help coaches improve, and to benefit youth in Colorado during her CHSCA presidency. She was a great leader and will be hard to replace.

Thank you to all that attended the Multi-Sport Clinic in July. We had excellent speakers that provided valuable information covering everything from dealing with parents, to motivating athletes, how to run different offensive attacks, and ideas to greatly improve defense and ball control. Hopefully all of you that attended left with new drills, new ideas, and new insights that will make your team better and your life as a coach more fulfilling. We live in such a neat state where so many talented and gifted coaches are willing to share what they do to make their teams so great. Thanks to all the excellent speakers for sharing a little of what makes them so successful.

This year, for the first time, the All-State Games were held in Alamosa at Adams State College. Tremendous volleyball players from all classifications and all over the state converged for some high level competition. The teams were pretty even and the matches were fast and exciting. Thanks to head coaches T.R Ellis, Chaparral, Jolene Dodge, Byers, Lori McCoin, Calhan, and Audrey Bauer, Wiley and assistant coaches Patrick Patterson, Chaparral, Trena Walker, Cortez, Jim McCoin, Calhan, and Bob Ulrich, Colorado Academy, for putting in so much time and effort to make the games such a fun experience for those graduating seniors that participated. A special thanks needs to go out to Sandy Beasley for all she does to organize and put on such an enriching opportunity for athletes from Colorado. Voting for athletes to participate in the 2012 All-State Summer Games will take place on Sunday, Nov. 13, following the State Championships at Shaw Heights Middle School in Westminster. The meeting is expected to start at 10:30 a.m. At that meeting we will also be looking for coaches. As a coach that has had an opportunity to coach these games in the past, I can tell you it is a wonderful experience. You get to work with some of the best players in the state and spend the weekend building friendships with other coaches from Colorado. Deadlines for the All-State ballot are due the first week in November. The ballot is located in the Colorado High School Activities Association volleyball bulletin. Please make sure your league's deserving athletes and interested coaches are submitted with the ballot so they get a chance to participate in this event.

In mid-September you will be asked to vote for two awards. You will be sent an e-mail with coaches' bios and will be asked to vote for the Horizon Award and Pioneer Award. These awards recognize up and coming coaches and coaches that have been leaders and an inspiration to their peers for a long time. More information about those awards will come out with the e-mail. Please take the time to vote for the candidates.

I wish you the best of luck this season and please let me know if there is anything I can do to help you this year. You can contact me at herberts@dishmail.net. When the season gets started sometimes we get so busy and preoccupied that we don't take enough time for ourselves. Because of this, I would like to leave you with one of my favorite quotes from Jim Valvano. "I just got one last thing. I urge all of you, all of you, to enjoy your life, the precious moments you have, to spend each day with some laughter and some thought to get your emotions going."

Have a wonderful fall and volleyball season. Take care.
I would like to congratulate our award winners this year in girls' basketball. George Debus, longtime successful girls basketball coach at Caliche, was the recipient of the Ceal Barry Award. His many accomplishments were detailed in the spring *Colorado Coach* as he was also inducted into the CHSCA Hall of Fame. Blake Canty, the head girls basketball coach at Sanford High School, was selected as the Coach of the Year. Sanford won the Class 2A state championship this past year.

We continue to have good attendance at our multi-sport clinic. We had many excellent speakers as well as provided the required concussion training and rules clinic. I hope you will plan on attending next year. Also, as part of the clinic we always get an update on issues facing girls’ basketball in the state of Colorado from Bert Borgmann. I am always looking for speakers. If you would like to speak or if you have heard a good speaker lately please let me know.

The CHSCA all-state games were a success at Adams St. College. It was great to see the talent from across the state and allow them one last chance to compete at the high school level. The all-state coaches did an excellent job of preparing their players. Congratulations to the all-state coaches: Rebecca Tomlin-Elbert, Kelley Stewart-Pine Creek, Kyle Spencer-Rye, Wes Lewis-Pagosa Springs and Len Gates-Buena Vista. If one of your players is selected to participate in the all-state games I encourage you as coaches to attend the games and support your player, but also make sure they get all their paperwork and fees sent in a timely manner.

Thanks to all the coaches that forwarded me all-state ballots last March. The process continues to improve each year. I had some coaches contact me after the selection was over. Make sure your league is sending in the nominations before the deadline. I will e-mail ballots this fall and then again in February, 2012, before your conference meetings at the end of the season.

Again I would like to encourage you to schedule a “breast cancer” game. All three of our teams wear white t-shirts with pink numbers. We have a speaker at half-time each year and have our cheerleaders go through the crowd and solicit donations. Many schools also have auctions to raise money. I donate all the money to the Susan G. Komen Foundation. You can schedule the game at any time during the season. If you wear special uniforms or t-shirts for the game you must have a number on both the front and back. Your athletic director must request permission by e-mailing Bert Borgmann at the CHSAA.

If you have not heard yet the CHSAA has adopted MaxPreps as the source they will use for seeding purposes. For the next several years you will only need to report your scores to MaxPreps. I encourage you to use them to keep your stats. Check out their website as they have many other features that you can take advantage of.

Good luck this season.

It is the first week of September and tennis is in full swing. We are beyond those first matches, running a million challenges, ordering shirts, finalizing line ups, ordering busses, organizing parent meetings, photo shots for the yearbook, and yet somehow, we reach deep down, finding the strength to know this is only the beginning. If you are at all like me, you drag yourself in at the end of some days, emotionally drained from coaching through the fence, to athletes who don’t see how they can beat their opponent and looks to you for inspiration and wisdom. You give them a few pointers, but not too many, and then the speech that you know they can do this and watch as they run back out on the court with renewed hope. This is coaching; this is what we do.

Not many know that before this all began we were running camps, attending meetings, taking concussion clinics, CHSAA coaching tests and meeting with trainers. We were learning how to hydrate our athletes as they played on tennis courts, which could compare to a frying pan on medium high. Yet we continue to show up, day after day, because the reward for us is the smile on our athletes’ faces when they make a great shot. That’s right . . .one great shot. That’s all it takes for the high fives, chest bumps, fist pumps and cheers from the crowds. It takes little to please us.

I’m writing this with a suggestion in mind. When you meet for a tennis match, stop and speak with the opposing coach to find out what has been working and what has not for them as far as practices, drills, ladder building; anything. Let me share one of my favorites with you. Choose a match three-fourths of the way through your schedule. Hand out letterhead from your school and an envelope (Bring pencils.), and ask the kids when the last time was they thanked the person or persons who got them into this sport. Talk about the price of racquets, shoes, stringing, lessons, gas to and from practice and matches, athletic fees, uniforms. . .then just let it sink in. Ask them to write a letter and dedicate a predetermined match to that person. (Don’t be surprised if it is you!) Then tell the kids to leave the letter where their honored person will find it; perhaps on a pillow, kitchen counter, under the windshield wiper, etc. It is amazing to watch them play that match. They are now playing it for someone else, not themselves, teammates, or the school.

Finally, do something really nice for yourself; come to one of our winter clinics and become renewed! In the meantime, if there is anything I can do to help you, I’m just a phone call or e-mail away. See you soon and best of luck with your season!

720-8341-7230
dianewolv@msn.com

Spirit Coaches, as the new school year begins, so does the new cheer season. I would like to wish each and every one of you and your teams the best this year. You should also start thinking about the different skills that your teams are learning and the fact that most of you do not have any insurance. Insurance is important in that it will protect you in the event that one of your team members suffers an injury during a game or practice. It will cover the more serious injuries other than the normal sprain, strain or bruise.

As we all experienced in June, we have an awesome Spirit Association in Colorado that brings us the best speakers and ideas to help make our teams more successful. I would also like to encourage all of you to become members of the Colorado High School Coaches Association which along with its membership provides insurance that will cover us in the event of a very serious injury. That is not to say that we do not need to remain vigilant during games and practices, but we know that the many new skills that we are teaching can be very difficult and could result in injury. Peace of mind could be very advantageous.
This summer I heard the old Beatles song “Getting Better” on the radio as I was driving around Miramar, FL and I thought to myself how fortunate I was at that moment. I was on my way to the 2011 Paralympic Track and Field Nationals and would be attending this track meet in a dual capacity—as both a coach and a very interested spectator. My interest in this meet went beyond watching many of the Paralympic athletes I have met over the past few years. My interest went to a more personal level in watching a local athlete compete and sharing this moment with her coaches. My interest was in watching Lacey Henderson compete in the 100 meter dash that evening.

Many of you may know Lacey’s story growing up in Denver, CO, and that 12 years ago she lost her right leg, above the knee, to cancer as a 9-year old girl. She didn’t let that stop her as she tried to keep up with her brother, Trax, and doing all the things growing kids like to do. With the support of her wonderful family, friends, and doctors, she grew up playing soccer, cheerleading, rock climbing, snowboarding, and advocating for people with physical challenges.

Two sports she did not actively participate in as a growing child were track and cross country, even though she is the daughter of TJ Henderson, one of Colorado’s outstanding high school track and cross country coaches. She was probably too busy with all her other endeavors to have time to do much else! But earlier this year, as she prepared to graduate from the University of Denver, Lacey started to find more free time and responded to a dare from her father that she couldn’t pole vault. Well, those quickly became fighting words to Lacey, who went to DU on a full-ride cheerleading scholarship and knew a thing or two about challenges.

Lacey started to train for the pole vault using a pretty basic prosthetic leg. She began training with Mike Mattivi, a long-time family friend and very successful high school pole vault coach. The first sessions were a lot of trial and error as coach, athlete, and Dad, worked on how to make adaptations to normal running and pole vault biomechanics for an athlete with only one full leg. One pole vault drill even had Lacey’s prosthetic leg fly off in mid-air! Not your typical day at the track!

Hard work and dedication soon led to Lacey becoming a pretty good novice pole vaulter and she was courageous enough to enter as a competitor in a track meet earlier this spring at the Air Force Academy. After clearing opening height, Lacey reverted back to her cheerleading days and let out a yell and did a little skip jump that were both reminiscent of her days cheering for her beloved DU Pioneers! Lacey finished the meet with a clearance of 6’ 6” and continued to vault through the season to end with a personal best of 8’ 4”. Not bad for a rookie! That mark is thought to be an unofficial Paralympic world record, since pole vaulting is not a sanctioned event in Paralympic track and field. But knowing Lacey, she will convince other Paralympic athletes to give pole vaulting a try and will advocate for it to be included as an event in the future!

Lacey’s training for the pole vault included lots of speed work, so Lacey also began to compete in the short sprints at track meets. She had a couple 60 meter races under her belt before she came to the Colorado High School State Track Championships in May to compete in the Paralympic 100 meter dash. Anxious for her first big race, Lacey was at the starting line along with the other athletes awaiting the starter’s gun. Lacey was positioned in lane 4 and to her right, in lane 5, was Garrison Hayes, a 6th-grade from Fox
Ridge Middle School (Aurora), who wears a prosthetic leg on his left leg. (See Colorado Coach, Winter 2010 to learn more about Garrison!) Both athletes looked down and compared legs and track shoes, similar to what you would see athletes do at the start of any race. I didn’t think anything of placing these two athletes in adjacent lanes and motioned to the starter to proceed with his commands for the race.

I quickly learned a big difference in running biomechanics for leg amputees—they swing their legs significantly to the outside at the start of a race since they don’t have as much drive coming out of their starting position. So, here is Lacey swinging her right leg out and Garrison swinging his left leg out as they take their first steps off the starting line. A loud gasp comes out of the large crowd at Jefferson County Stadium as Lacey and Garrison bang legs together and Lacey falls to the track just a few meters from the starting line. Lacey hopped back up and finished the race to the roar of the very appreciative crowd.

More embarrassed than hurt, Lacey was glad to have her first big race out of the way and asked for her time. She wasn’t sure if it was a good time or not and talked with her coach and parents, who were justifiably proud of her accomplishment in completing the race. After a few minutes of coach-speak between TJ and Mike, they realized that her time was very good for her Paralympic competition classification. They share with Lacey that she was close to the “B” qualifying standard in the 100 meter dash for the London 2012 Paralympic Games! Upon hearing this exciting news, both Lacey and I groan over the fall she took in the race. Not satisfied with coming close to that standard, Lacey and her coaches talk about getting her into the Special Olympic 100 meter dash the next day. Lacey competed the next day and, unhindered, ran a time under the “B” standard for the London 2012 Paralympic Games! This time also qualified Lacey for the Paralympic National Championships held June 21-23, 2011 in Miramar, FL.

The meet was a great learning experience for Lacey and she competed well in the 100 meter dash. Her time of 20.13 was a few hundredths of a second slower than she ran at the Colorado State Track Meet a few weeks prior, but still placed her 2nd in her Paralympic competition classification. She continues to train for her 100 meter and pole vault events and has talked about picking up the long jump, shot put, and 200 meter events to help bolster her chances of making the London 2012 Paralympic team.

We all wish Lacey the very best of success in her pursuit of making the USA Paralympic Track team for the London games! I am also hopeful of joining Lacey on that team as a coach. I received exciting news just as school was letting out this past June that I was named to the coaching staff for the 2011 Paralympic Pan American Track team as a jumps coach. These “ParaPan” Games will be held in Guadalajara, Mexico in November 2011, so it looks like I will need to get my lesson plans done for a few weeks that month! I know it will be an amazing experience and I look forward to working with the top Paralympic track and field athletes!

I want to thank you for your continued support of the Colorado High School Coaches Association and wish you the best for the new school year! Be sure to listen to the classic rock stations…or is it the Golden Oldies stations…anyhow, I hope you have your own “Getting Better” moment this year and that you realize how fortunate we are to be working with the youth of America in the classroom and the athletic arena! It does keep getting better all the time!

Hope your summer went well. Can you believe we have another season starting up? Where did the time go?

Our All-State dual held at Adams State College this year was very successful. Adams State crew welcomed our coaches, wrestlers, parents and fans and all were treated with dignity and respect. The dual match proved to be exciting and entertaining with lots of talent and close matches. All the fans and coaches were pleased. The big key to this success was having the dual meet held at 10 a.m. in the main gym. This allowed us to draw a larger crowd. I was told that this was the biggest crowd anybody could remember in years.

We have to give credit to those who helped organize the dual and the wrestlers participating. We were able to select 28 wrestlers for this special recognition from 51 nominees. It was the largest number of nominated senior wrestlers for many years. Special thanks to the member coaches for getting involved and nominating their top senior athletes.

Not one wrestler regretted adding one more match to his high school record. Even though we had a large group of senior athletes, who were 1, 2 or 3 time state champions or state placers nominated for this special event, there were many more out there who could have been nominated by their coaches. A greater number of participating coaches will help us reach a respectable goal of 75 nominees next year.

**All-State Blue Team** were William Montrey, Aurora Central, Corbin Bennettts, Buena Vista, Nick Hammes, Holly, Ben Polkowske, Centauri, Jared Ferrera, Monarch, Hayden Nordyke, Holly, Layne Crumley, Akron, Donny Gocha, Salida, Dalen Loftis, Aurora Central,

**All-State Red Team** members were Jacob Garcia, Rocky Ford, Derek Salinas, Fort Lupton, Kaleb Arnold, Platte Valley, Evan Boyer, Valley, Dakota Miller, Pagosa Springs, Travis Himmelman, Conifer, Matt Kottenstette Eagle Valley, Hunter Gonzales, Valley, Austin Gable, Ponderosa, Eddie Finkbiner, Fort Lupton, Clint Myers, Salida, Josh Bechtold, Skyline, Jeremy Todd, Heritage, Coaches Mike Caciari, Valley and Ron Beard, Eagle Valley.

I might add that two of these wrestlers received offers from Jason Ramsetter, Head Coach of Adams State College. We are happy for those individuals who now can further their education. Thank you, Jason, for your belief in Colorado wrestlers.

Our next big event is the annual Coaches Clinic, which will be held at a beautiful venue, Ameristar, in Blackhawk, Colorado, on November 4th and 5th. **Coaches you need to put this event on your calendar**. Bring your wives, girl friends and others and join the fun. The women have things to do while coaches attend the clinic. We can meet up with the ladies later in the evening. My wife and my daughter are going. **They would not miss it**.

We strongly encourage you to bring assistant coaches, middle school coaches, as well as youth coaches. Head coaches -- if you have other obligations that weekend, make sure that you have someone there to represent your program. We have 234 wrestling programs in Colorado. **Let’s get every program represented**. There are **good** programs in Colorado, why not have all **great** programs. This event is only $30 plus your membership. What
a great way to start the season and be one big happy family. Other costs for you will include your room and fun money. **ENJOY!**

We are excited to have Clinician Miles Van Hee Head Coach, Western State along with his entire coaching staff. Our keynote high school speaker will be Ken Taylor from Rocky Mountain High School. This is going to be a great clinic. **It will be well organized, with great vendors, and sponsors. We are planning to take good care of our Colorado coaches in every way we can.** We want to thank you, coaches, for having this passion for our sport.

Cliff Keen, with the help of *Sports World*, LaJunta, one of our sponsors, will provide gifts for all coaches! Next year, Cliff Keen would like to sponsor a clinician of our choice provided that they are still part of their team.

With the help of John Burke our Executive Director, CHSCA, we have developed a very nice brochure for our clinic. This brochure will be sent out, as soon as possible, to all of the schools that have wrestling programs, so coaches can make their plans.

We are looking forward to great learning encounter and a fun time at this clinic.

Thank you for your support; together we will make a difference.

**Keith Wollert, President Colorado Wrestling and Clinic Director**

Scholarship Recipients for 2011

2011 Scholarship Luncheon
CHSCA SCHOLARSHIP PROGRAM

NOMINATE YOUR ATHLETE

$1000.00 SCHOLARSHIPS

CHSCA Scholarships will be awarded to senior student-athletes in need of assistance for post high school education. These scholarships are one-time, good-for-one-year, non-renewable awards.

Scholarship Procedure
ANY MEMBER COACH MAY NOMINATE ONE ATHLETE. (Dues must be paid for the 2011-2012 year.) The coach should copy the form on the next page for the athlete that he/she nominates. The coach should read this application form: 1) to determine if the athlete qualifies, 2) to assist with the required documentation, and 3) to make sure all inclusions are returned on time. A committee of members from the Board of Directors of the CHSCA will make the selections near the end of January. The selections will be based, as nearly as can be determined from the returned documents, on character, need, athletic participation, and probability of success in post high school education. Not more than one applicant from a school will be chosen in any one year. Winners will be notified by phone and/or mail when the selections are approved by a vote of the CHSCA Board of Directors.

The deadline for return of applications and required inclusions is January 14, 2012.

Mail to: CHSCA Scholarship Committee
3375 South Clinton Ct.
Denver, CO 80231
COLORADO HIGH SCHOOL COACHES ASSOCIATION

SCHOLARSHIP APPLICATION

TO THE APPLICANT:

1. You qualify to complete this application if: a) you will be a graduating senior in 2012, b) you have lettered in at least one sport and c) you have been nominated by a member-coach of the Colorado High School Coaches Association. Each member-coach may nominate only one athlete. The number of each school's nominees will be reduced to one applicant before final selection.

2. Include the following documents with this application form:
   - Page 1 - Your high school grade transcript with ACT scores
   - Page 2 - A concise typed statement of your goals
   - A concise typed statement of your need for financial aid
   - Page 3 – A typed list of:
     a) Your athletic letters with sports and years and other athletic awards
     b) Your school activities other than sports with offices held
     c) Your notable non-school activities
   - Page 4 - A letter from your nominating coach. The coach should consider your personal worth, your contribution to the school athletic program and your need for scholarship assistance.
   No additional letters for this applicant will be considered. The coach must be a member of the Colorado High School Coaches Association.

3. Your application and all documents must be received by January 14, 2012. Send to:
   CHSCA Scholarship Committee
   3375 South Clinton Ct.
   Denver, CO 80231

4. If you have any questions, contact the scholarship chairman, Herman Motz Phone 303-755-1354
   e-mail motzart2@aol.com

NOMINATIONS FOR
CHSCA DOCTOR DALE YOST TEACHER/COACH OF THE YEAR

To nominate a coach for the Doctor Dale Yost Teacher/Coach of the Year, fill out these two pages and give them to your A.D. You must be a member of the Colorado High School Coaches Association to nominate a teacher/coach.

Dear Athletic Director:

For several years we have taken pleasure in awarding the Colorado High School Teacher/Coach-of-the-Year Award presented by the Colorado High School Coaches Association. The award is co-sponsored by Colorado State University, School of Education, Fort. Collins, Colorado.

Our previous award winners have included many outstanding educators. The 2011 winner was Coach Mike Griebel from Heritage High School. All of our winners have been very worthy recipients and truly exemplify the excellence which many individuals bring to both the classroom and the athletic arena.

The award is decided on the following criteria: experience as a teacher and as a coach, holding the position of Department Chair, honors received in both teaching and coaching, and membership in the Colorado High School Coaches Association.

We ask that you and/or your principal nominate a teacher/coach in your school for this award. Each year we review the nomination forms that have been received. If you have nominated an individual within the last three years, the form is on file with us. If it has been over three years, we ask that you submit a new form to us. We will recognize the award recipient at the CHSCA Hall-of-Fame Banquet to be held in 2012. The award winners will be notified of their selections prior to this time.

Nominations can be sent anytime but all nominations for the 2012 presentation must be received by December 31, 2011. Please send the information sheet along with your letter of nomination to:

Ray Barron
7708 W. Trail S. Dr.
Littleton, CO 80125

Sincerely,
Ray Barron, Chairman
Teacher/Coach Award Committee

CHSCA SPECIAL AWARDS

Don DesCombes Award – This award is named after the founding father of the CHSCA. It is given in recognition of exceptional leadership and dedicated service to the CHSCA, and is the most prestigious award given by the Association.

Lloyd Gaskill Award – The award is named after the legendary Limon High School coach. It is given to an individual (excluding coaching and athletic director duties and honors) who has given his/her time and support for the betterment of Colorado high school athletics.

Media Award – This award is given to an organization (newspaper, radio or television station, etc.) or individual who has significantly supported Colorado high school athletics through the media.

Benefactor Award – The award is given to an organization, business, or individual that has provided material and/or financial support to the CHSCA.

Assistant Coach of the Year Award – This award is given to an assistant coach who through his/her time, dedication, and loyalty has contributed significantly to the success and development of the high school athletes of Colorado. Two awards will be given each year – one for an assistant in a girls’ sport and one for an assistant in a boys’ sport. This individual must have served as an assistant coach at the high school level for a minimum of five years, and shall not have been a head coach in any sport at the high school level for more than five years. (EXCEPTION: That individual can regain eligibility for the Assistant Coach Award once five years or more have passed since serving as a head coach.)

*NOTE: NOMINEES ON THE SPECIAL AWARDS NOMINATION LIST WILL BE PURGED AFTER THREE (3) YEARS ON THE LIST. THIS WILL ENCOURAGE NAMES TO BE RE-SUBMITTED WITH UP-DATED INFORMATION, QUALIFICATIONS, AND HONORS.

Longevity Awards (Service Awards)

A longevity award is given after 10 years coaching a high school sport(s) while being a member of the Colorado High School Coaches Association. An additional award is given for each additional 5 years spent coaching a high school sport(s) while a member of the Association. Return this sheet to John Burke at the address above.

Example: Years coaching completed while a member of the CHSCA ___17___ (yrs)
Award for which you are now eligible, but have not received ___15___ (yrs)

Years coaching completed while a member of the CHSCA _____ (yrs)
Award for which you are now eligible, but have not received ______ (yrs)

* NOTE: Longevity awards are now given based strictly on years coaching a high school sport(s) while being a member of the CHSCA, rather than being awarded based on years spent coaching each individual sport.

Achievement Awards

Varsity Head Coaches only. Apply when you have earned a new level by contest wins or top finishes. See the chart on the next page. Return to John Burke at address above.

Example:  __Baseball__ Current # of wins 325 Level applying for ___4___
1st sport: ______________________ Current # of wins: ___ Level applying for _____
