Coaches tell you in their own words

What Makes NAIA Volleyball Unique?

Unlimited contact hours with my Student-Athletes is not only a privilege allowed by the NAIA rules but allows me to fulfill my mission of why I coach. Each week I have opportunity to talk to athletes about life, career choices/changes, character development and how we can journey together as a team and coaches.

*NAIA has the “Best of Both Worlds” . . .
. . . You get a small college, liberal arts
education and an athletic scholarship
to pay for it. It’s the perfect fit for the
Renaissance kids of tomorrow. . . .*

What Makes NAIA Volleyball Unique?

In NAIA schools, SA's are able to be involved in things outside of volleyball (student government, clubs, school sponsored spring break trips, etc.) giving them lasting college memories. Because our recruiting rules are much less stringent than the NCAA, athletes that are high caliber who don't necessarily qualify by NCAA standards can still receive a quality education and play at a high level.

A group of approximately 20 female volleyball players in blue jerseys and black shorts are posed on a gymnasium floor. They are arranged in three rows: the back row is standing, the middle row is kneeling, and the front row is sitting on the floor. The background is a dark wood-paneled wall. The text is overlaid on the image in white.

What Makes NAIA Volleyball Unique?

The wide array of teams makes NAIA unique. You can play against competitive teams that are similar to small Division I schools all the way down to very small colleges that are located in sparsely populated areas. NAIA players come from all over so it's a place for players to really grow and learn.

What Makes NAIA Volleyball Unique?

A student-athlete attending an NAIA institution can expect to have a very personal educational and athletic experience . . . The learning experience is fostered in an environment where professors know, care and have a student-focused approach.

What Makes NAIA Volleyball Unique?

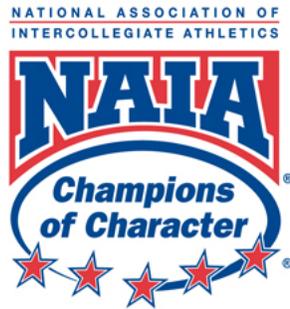

Many of our schools fit within the community of high academic Liberal Arts Privates where . . . world changing skills are the core focus. In the NCAA this is DIII.

Uniquely, the NAIA has chosen to blend aid based on both academic and athletic performance.
