

Mission:

Promote the achievement and excellence of our student-athletes;

Develop each participant to their fullest;

Use FOOTBALL as a tool to teach life lessons and build relationships

Our Values:

- Excellence
- Unity
- Hope
- Football

Excellence – Shown through our work ethic, enthusiasm and passion. Our participants will be equipped with the best gear and coached by the best trained coaching staff. We will put on a first class Friday Night game experience that best represents our community and our school. We will constantly strive to recognize and promote those that embody the values of Mount Si Football.

Unity – We believe relationships are a priority and we will support activities that foster strong relationships between athletes, coaches, parents, the community, the high school and our sponsors.

Hope – We will focus on development of our student-athletes and coaches to become all that they can. We will invest in the futures of our student-athletes by providing academic support for current student athletes and college scholarships for graduating seniors. We will foster an environment that encourages big ideas and pursuit of one's dreams.

Football – We love football and the sports' ability to teach life lessons, build relationships and develop character in its participants. We will work to support the promotion of the game among the community and development of the junior & middle school programs.
