

Who we are

The McGee's Crossroads Athletic Association is a non-profit organization created to develop, support and promote recreational activities in the McGee's Crossroads area.

Contributions made by you or your corporation not only help to develop a very worth-while cause, but they are also 100% tax deductible!!

The primary focus of the organization will be teaching the fundamentals of each sport and sportsmanship to the players. This focus is intended to bolster the abilities and understanding of the participants, to aid in physical conditioning, and to increase community spirit.

Without the generous support of our corporate sponsors, it would be impossible to offer the programs through the MCAA.

Sponsorship dollars allow us to keep our fees low, and to maintain our fields and facilities.

We appreciate our sponsors for their commitment to the McGee's Crossroads community and we encourage all registrants to patronize our sponsors through our web page and game programs.
