

## **Illinois Fire Juniors Guest Player Policy**

There are occasions where Illinois Fire Juniors teams will need “guest players” to fill roster spots during league or tournament play. All Illinois Fire Juniors teams should work with the Director of Coaching to develop lists of “eligible” guest players. When needed, these players will be asked to serve as substitute players.

“Eligible” Guest players are defined as:

- Current Illinois Fire Juniors athletes in good financial standing with the organization and who currently hold a valid (current) player card.
- Former Illinois Fire Juniors/Fusion players who have no outstanding balances/payments owed to Illinois Fire Juniors/Fusion and who hold a valid (current) player card.

If the former Illinois Fire Juniors player is currently playing with another local club, written clearance/authorization from that local club allowing the player to be a “guest” player for Illinois Fire Juniors must be presented, reviewed and approved by the Illinois Fire Juniors DOC before clearance is granted for the athlete to substitute as a “guest player”.

**Under no circumstances will a current or former Illinois Fire Juniors/Fusion player with an outstanding amount due, be allowed to play as a guest player.**

Guest player listings developed by individual Illinois Fire Juniors Teams and the Director of Coaching must be approved jointly by the Board, Treasurer and Director of Coaching.
