Dear NWBA Member,

We extend to you our warmest welcome to the National Wheelchair Basketball Association as a 2019-20 NWBA registered team. We are honored to have you and your team as a part of our organization. We thank you for your continued support and loyalty for what we do and stand for as the oldest and largest disable sports organization.

The NWBA was founded in 1948 on the premises of providing qualified individuals the tools needed to learn, play and compete in wheelchair basketball across the United States and the world. Today the NWBA has roughly 3,000 members and 225 teams on an annual basis.

Everyday we strive to lead and inspire our members in order to win on and off the court. Thank you for believing in our leadership, guidance and overall development. We wish you the best of luck and welcome you aboard to an organization that is truly life changing. Let myself or our leaders know if there is anything at all we can do for you.

Thank you,

Tim Fox
President

Guidebook Objectives

By the end of this guidebook, the participants will be able to:

1) Better understand the NWBA structure and operations from a team perspective.

2) Recognize the importance and planning for team compliance in areas of registration (team & individual), trainings/certifications, athlete safety, divisional requirements, and postseason eligibility.

3) Develop a plan for necessary action to ensure your team is successful in your season performance on and off the court!
NWBA's Return to Play
The NWBA took very intentional and systematic approach to seeking input from athletes, other members, divisional leadership and other stakeholders on the NWBA’s return to play for the 2020-21 season. This included a membership survey, team representative survey and ongoing dialogue with divisional leadership/local organizing committees. More information regarding the NWBA’s approach and guidelines for Return to Play can be found at https://www.nwba.org/returntoplay.

COVID-19 Resources & Updates
The NWBA has centralized important resources and information on the COVID-19 pandemic. These resources are provided to NWBA members by the most trusted health organizations and applicable information for you to reference as it relates to COVID-19. Please feel free to visit https://www.nwba.org/covid19 for access to these resources.

Both webpages will be updated on a regular basis
Planning for the Season

Establish a Team/Season Identity
- Practice/Playing Inter-squad Games to Winning a NWBA National Championship
- Variables include team foundation, resources ($ and equipment), # of athletes, commitment level, facility access, or vacation time.
- This should be done prior to first team activity – virtual option in the current COVID-19 environment.

Establish and Preform in Team Roles
- A team will only be successful in team operations if they have clear roles (and expectations) for the individuals involved with the team.
- From Team Rep to Head Coach to Team Reviewer to Treasurer – i.e. “Money Person”, they are all important must for a team.

“There’s nothing wrong with setting goals, but it doesn’t mean a thing if you don’t pay attention to the day-to-day details.”
Don Shula – Miami Dolphins - NFL Wins Leader by a Coach
Establish a Team Budget
• Registration fees – NWBA and tournament fees
• Equipment Needed – Basketballs to Chairs to Team Jerseys/Swag
• Facility Rental – Practice & Competition
• Other Team Expenses (lodging, travel, trailer maintenance, etc.)
• Revenue Opportunities – team fees, fundraising, donors*

Solicit Athlete Interest
• For returning and new athletes
  • We always should be looking for the “next Steve Serio”
  • Recruitment is key to the success of your team and the NWBA

Establish a Team Calendar
• Practice schedule; including reserving practice space (Request for Insurance covered later)
• Competition schedule; hosting games/event vs. attending
• Match up against NWBA and divisional dates/deadlines
