2. Member Comments:

Aaron and Vin from the House League Program came in to talk about improving this program. Last year, there was a downturn in membership. We spoke of the possible reason for the downturn and how to generate an increased membership for the 17/18 house hockey season. Aaron brought up the suggestion of an informational night for the parents. We will put this on the calendar for the second week in September. Another mention was getting the house league involved in the fundraising. More marketing through social media and perhaps from the schools. The board will design a flier for an informational night and sign-up for house league and the house league folks can set up something to get information out. An intro to hockey night is a possibility that we are looking into early in the season.
