

ELY BLUE LINE CLUB

SHORT TERM EQUIPMENT RENTAL POLICY

The Ely Blue Line Club (EBLC) wants its players to take advantage of every opportunity to develop their hockey skills. The EBLC Short Term Equipment Rental Policy was devised to help to facilitate player development in the off season.

FEES: A flat rate of \$25.00 will be charged for short term equipment rental.

EQUIPMENT: Equipment rental is on a first come first serve basis. The EBLC will provide breezers, shoulder pads, shin pads, and gloves to players. Most of the equipment that the EBLC possesses ranges from Termite to Mite levels. However, if we have the gear, if the gear fits the player and you pay your fees, you can rent it!

HANDOUT: Short Term Equipment Rental will be done in the spring at the end of the EBLC regular hockey season. If for some reason there is something that comes up over the summer (camps/clinics/ect), it is up to you to contact the Equipment Manger to make arrangements. If you choose to not rent equipment at the set date, you will not be guaranteed to rent later in the off season. It will be up to the Equipment Manger if they are able to meet with you and when. Please be mindful at the end of the regular season if you think you may be needing equipment over the summer months, it may be best to rent it at the end of the regular hockey season.

TURN IN: There will be a separate gear turn in at the end of the EBLC off season, prior to the EBLC start. This is to allow for players at Mite levels and below, to rent gear first at the beginning of the hockey season. It is also to allow for the equipment manager to take stock in and repair the equipment as needed. Every effort must be made to return gear in, on the date set by the EBLC board and Equipment Manager. Equipment must be clean, dry, and have all pads in place. Your player will not be allowed to play at the start of the season, without turning gear back in.
