

Tribe TC is a 501(c) 3 Non-Profit travel volleyball club that provides high quality volleyball training to youth girls ages 9 - 18 in the Treasure Coast area. Our goal at Tribe TC is to teach the sport of volleyball, but more importantly, instill in our players the life lessons that come from playing team sports. A few of these valuable lessons are: developing a good work ethic, learning how to work together with others, how to be a positive and supportive teammate, how to personally sacrifice for the greater good of the team and how to lead others by words and actions. These lessons will profoundly shape and guide our players to help them become successful now and also throughout the rest of their lives.

Unfortunately, not everyone has the financial means to be able to take part in team sports. Tribe TC is trying to help as many families as possible by providing opportunities for all players, no matter their financial situation, to be able to play travel club volleyball and experience all of the wonderful life lessons team sports has to offer. We can only do this with your help though.

Tribe TC is asking for sponsorship donations that will go directly to helping families in need. The more money we raise, the more families and players we can help with financial aid and support. Tribe TC and its players and families highly value the importance of supporting local businesses that help and assist in giving back to their community.
