

International Premier League Parents Code of Conduct

- 1. Parents and spectators set the tone for the players just as much as Coaches do. Please behave with the utmost respect for all the athletes, coaches, and officials. Good Sportsmanship is mandatory.**
- 2. Respect all players, including the opponents.**
- 3. Respect the integrity, authority, honesty, and judgment of the officials.**
- 4. Respect and support your child's coaches, regardless of the outcome of the game.**
- 5. Treat all facilities and property with respect. Clean up the area at the conclusion of the game, even if the trash is not your own.**
- 6. Smoking and drinking alcohol is prohibited anywhere near the fields or any areas where International Premier League (IPL) games and practices are held. Do not attend any International Premier League (IPL) games or practices while intoxicated.**
- 7. Avoid profane language, ethnic comments, negative slurs and inappropriate behavior. Socially unacceptable behavior will NOT be tolerated.**
- 8. Never strike or put your hand on a child, including your own.**
- 9. Do not engage in altercations with officials, or with opposing parents, coaches, or players. Spectators are NOT to speak or yell to officials at any time. Failure to comply WILL lead to request to leave the site, and action against the coach and the team. Failure to leave the site will result in forfeiture of the game and further disciplinary action against the coach, and team.**
- 10. You may not enter the field at any time, including in the case of injury, unless directed by the official.**
- 11. Only root for and encourage the children while they are playing. Do NOT confuse them by shouting instructional advice. Let the Coaches coach!**
- 12. If you are dissatisfied with a coach or have suggestions, discuss the problem in private first, never during the game or in front of others. Do not undermine the coach or speak lowly of him or her in the presence of others, especially your own child. Yelling at a coach before, during, or after a game or practice sets a poor example for the entire team and results in lowering morale for everyone. If speaking to the coach does not resolve the situation, please contact your Athletic Director.**

13. Encourage your child to speak with the coach, particularly if having difficulties, or when he or she cannot attend a game. Taking responsibility is a big part of becoming a mature person. By handling these tasks, your child will be claiming ownership of all aspects of their participation.

14. Support your child and your team by making sure your child is on time and prepared for all games and practices. Playing on a team is a commitment. Be your child's best fan and support him or her unconditionally. After a game, focus on the positive aspects of their play.

15. Realize we are here with one purpose in mind:

TO PROVIDE A SAFE, MORAL, AND PRODUCTIVE FUN VENUE FOR OUR KIDS TO PLAY SOCCER.
