After this page has loaded, the "Add Another Competition" button must be clicked.

The screenshot shows the USSA Athlete Event Registration page for Caden Bence. The page displays "My Upcoming Competitions" with a message "No competitions to display" and a circled "Add Another Competition" button. The page also includes sections for Competitions, Your Cart, and Help.

Then click "Search Competitions" and be prepared to wait, the competition page take a minute to load. You may leave the parameters as they are or choose to change the Start Date to the month you are looking for. Some people have better luck with using the month.

Scroll down to find the competition(s) that you want to enter and add it to you cart. Once in the cart you will need to pay for it. You may add as many races as you like.

The system is set up so only one athlete at a time can be registered and paid for. Multiple athletes cannot be combined into one payment. You may pay for as many races as you would like to register for. Some sign up for the entire season at once.

If for any reason Region 2 cancels a full race day a refund will be issued. If you registered for a race and then cannot attend notify your coach and have them pull your name at the TCM meeting. If this is not done you will be charged for the race and no refund will be issued. Please all two weeks for the refund to be processed.
