

### WFCA/Epoch Recruiting Player Profiles

Players who participate in the Combine can purchase a WFCA/Epoch Recruiting Player Profile ([www.epochrecruiting.com](http://www.epochrecruiting.com)). In essence, a WFCA/Epoch Recruiting Player Profile is an online tool that provides college football coaches with all of the pertinent information they seek as recruiters. Highlights of a WFCA/Epoch Recruiting Player Profile include: official Combine results and rankings, position, year in school, height and weight (as measured at the Combine), player contact info, parent names, high school coach's name and contact info, video highlights link, transcript, player stats/awards/honors, and an "About Me" narrative. This information is free for college coaches.

The WFCA has created this profile option so that out Combine participants will have the ability to create an online resume at an affordable price. There are outside sources that charge hundreds or even thousands of dollars for an online profile. Although the WFCA is not a recruiting service, we feel college coaches trust the Combine results, rankings, and player information provided as accurate. Thus, WFCA/Epoch Recruiting Player Profiles carry more weight than a paid recruiter's would.

For \$150, a player can sign up for both the Combine and a WFCA/Epoch Recruiting Player Profile. The cost of sign up for the WFCA/Epoch Recruiting Player Profile by itself is \$125 up until the Combine and \$150 after the Combine.
