*The announcement for the Warren Brown will go out shortly. Players will vote, coaches will let Mike know.

Vice President- (Marc Behan)

Program Committee: Marc et al is working on the program guide. They are working on the scheduling to make it more consistent for the teams next year as well as a few other things.

Director of Hockey Operations (Mike Young):

Scheduling software: We are looking at a new software for next year to make things a little easier. Schedule Werks is the software. It seems like it would fit our needs. It integrates well with Sports Ngin, not a cut and dry with our Referee System, but we think we could work with it.

Craig made a motion to purchase Schedule Werks for the scheduling software for the 18/19 hockey season. Ron seconded the motion, all were in favor.

Midgets for upcoming season: Looks promising for at least one, most likely two.
