"Ron has done a lot for me over the years. He makes you step out of your comfort zone on the ice. The drills he has you do are challenging and frustrating at times but they have made me a better skater."

- Jeff Petry Montreal Canadiens

"I have been working with Ron over the years and his attention to detail and demand to work hard pushed me to the next level.

Every day I showed up to the rink, he encouraged me to get a little better each day. Ron changed me into a dynamic skater which allowed me to be successful in the college and professional ranks."

- Torey Krug Boston Bruins

"I've been working with Ron for over 10 years to develop my edge work, posture and overall skating technique. I believe my success in the NHL is due in large part to my skating ability, which I attribute much of to Ron and his coaching. His knowledge and dedication to his clients is evident in his approach to coaching and I look forward to working with him throughout my career."
