

## NAGAAA GOVERNING MANUAL RECORD OF AMENDMENTS

This log records the amendments made to the NAGAAA Governing Manual following its enactment on March 1, 2017. This log is the custody of the Secretary with the assistance of the Governance Committee. Its purpose is to allow members to identify amendments that were made to the Manual, by whom, and what meeting so that research into past practice, policy, and process can be aided and the best understanding of the change may be ascertained.

The log utilizes references numbers in the left most column which will be referenced as the discreet amendment made and may be cross-referenced throughout the log. The second column identifies the complete chapter or section modified. The third column is a plain language description of the change. The fourth column identifies the author or authorizing body for the change. The fifth column identifies when the modification was authorized.

Minutes of the organization can be obtained through the Secretary. This record is mandated by Governing Manual 90.23.
