The Official Home of St. Charles Preparatory School Lacrosse

Our camp, clinic, and academy programs are dedicated to meticulously prepare aspiring student-athletes to succeed and lead at the next level of their lacrosse career. Our progressive player development curriculum, modern skill set training progressions, and competitive team development model are unparalleled in Central Ohio. We welcome all players from all areas, organizations, and teams!

The cornerstone of our programming is the personalized field direction and coaching of Coach Harnett using cutting edge philosophies, concepts, and skill set training progressions that he has mastered during his time as a NCAA DI Coach, Professional Box Lacrosse Coach, and Lacrosse Program Director at the Private K-12 Scholastic and National Club levels.

We play Fun, Fast, and Fundamental, with a great deal of respect for the past and an undeniable understanding of the future of our game. Our program puts a premium on teaching the process, not the result.
