Each season, USA Hockey shall conduct District Playoffs and National Championship Tournaments in the Youth, Girls'/Women's and High School Age Classifications. The Rules and Regulations governing eligibility and qualification for the District and National Championships are set forth in this Article IX. The USA Hockey Youth Council shall approve a USA Hockey District and National Championship Tournament Guidebook, which shall be published and available on the USA Hockey website on or before September 1st prior to the following year's District and National Championships. Except as set forth herein, to the extent of any contrary information in the USA Hockey Annual Guide, the District and National Championship Tournament Guidebook shall be the binding authority for the requirements, rules, regulations, operation and procedures of all USA Hockey District and National Championship Tournaments. For regulations applicable to regional, invitational and national championships for the Junior, Adult Men and Sr. Women (30 and Over, 40 & Over, and 50 & Over) classifications, please contact your appropriate registrar, the junior staff liaison, or the USA Hockey national office.

A. PLAYER AND TEAM REGISTRATION

All national tournament-bound teams and players (except Women's Senior A) must be registered with USA Hockey and must be a member in good standing of an affiliate association on or before December 31 of the playing season. (Women's Senior A teams must be registered with USA Hockey and be a member in good standing of an affiliate association by the third Monday in March). Teams competing on natural ice have until January 20 to register. Player changes to the official team roster for youth Tier I and Tier II teams and girls'/women's national

tournament-bound teams will not be accepted after December 31. For games to count in meeting the 20/10 (14/10 girls'/ women's) rule, that team's official team roster registration form (1-T) must be certified by the appropriate district registrar or his/ her designee prior to that game being played.

B. COACHING EDUCATION REQUIREMENTS

All coaches must have current USA Hockey certification and the corresponding online age-specific module to participate in the district and national championships. All coaches are expected and required to follow all USA Hockey rules, including the helmet rule, during all pre-tournament and tournament events. Non-compliance will result in a Discipline Committee hearing with a minimum one game suspension. Please refer to the Coaching Education requirements, USA Hockey Annual Guide.

C. TEAM CLASSIFICATIONS

Youth/Girls

Within each Youth and Girls' classification, the District and National Championships shall be at the Tier I and Tier II levels with eligibility to participate as follows:

Tier I: Any youth or girls' team that is properly registered with USA Hockey as a Tier I national championship bound team.

Tier II: Any youth or girls' team that is certified Tier II by an affiliate organization which has jurisdiction over the team. Tier II certification will be based on criteria set up by the affiliate and approved by the Youth Council.

If the affiliate rules permit a certified Tier II team to participate in the affiliate's Tier I district playoffs and a certified Tier II team elects to participate in that affiliate's Tier I district playoffs, then that certified Tier II team shall be ineligible to participate in the Tier II national championships.

High School Varsity and Prep School

Varsity Division (male and female teams): Pure teams that are community based public high schools, private schools drawing their students exclusively from a local metropolitan area (excluding any school that boards players) OR a combined team from a state that has NO pure teams.

Representation from each state will be determined by the state affiliate participating in the tournament. Billed players competing on Youth Tier I, Youth Tier II or any junior teams are not eligible to compete in the High School Varsity national tournament. Participation is restricted to amateurs who are full-time students (grades 9-12), and 19 years old or under as of December 31 of the playing season. Eligibility is not to exceed eight (8) consecutive semesters starting with a player's freshman year. Clarification: Those high school students graduating mid-year are no longer full-time students and therefore, are not eligible to play on a varsity high school hockey team, effective on their last day of attending classes full-time.

Prep School Division (male and female teams): Boarding schools, non-community based high schools and others. All teams, players and coaches must register with USA Hockey prior to application for participation.

For districts only, these rules and regulations may be modified for local and state association competition and districts that are composed of a single state, as conditions may require.

Player eligibility regulations may not be less restrictive than those governing national championships.

championship director or their designees. The National Championships Appeal Committee will add the High School Section director in the case of High School Varsity and/or Prep School divisions. U. METHOD OF DETERMINING CHAMPION

(1) Overtime for Nationals (Recommended for Districts)

(a) Youth, Girls'/Women's and High School Varsity and/or Prep School Preliminary-Round Games

1. All Games Played to a Winner

If the game is tied following regulation play, one five (5) minute sudden death overtime period shall be played. At the completion of the third period, the tied teams shall receive a two (2) minute rest period. The teams will remain on the ice. The teams shall change ends. If the score is tied at the end of the five (5) minute sudden death overtime period, there shall be a shootout. The winner of the shootout will be credited with one additional goal in the final score.

2. Shootout

The shootout will be conducted as follows:

- A shootout is defined as a player attempting to score a goal and the opposing goalkeeper attempting to stop the shooter from scoring the goal.
- The referee shall call the two captains to the referee's crease to flip a coin to determine which team takes the first shot. The winner of the coin toss will have the choice whether his/her team will shoot first or second.
- All goalkeepers and all players from both teams listed on the official game sheet shall be eligible to participate in the shootout.
- The goalkeepers will defend the net they were defending in the 3rd period.
- Any penalized player whose penalty had not been completed when the overtime period ended or who receives a penalty during a shootout procedure is not eligible to participate in any portion of the shootout procedure(s) and must remain in the penalty box.
- The shootout procedure shall begin with five different individual shooters from each team taking alternate shots. The players do not need to be named beforehand.

- The goalkeepers from each team may be changed after each shot.
- The players of both teams will take the shots alternately until a decisive goal is scored. The remaining shots will not be taken.
- If after the shootout, the shootout score is still tied, there will be a sudden death shootout.

3. Sudden Death Shootout

The sudden death shootout will be conducted as follows:

- A sudden death shootout is defined as each team attempting a shot. Should one team be successful and the other team not, the successful team shall win the shootout.
- Teams will select their shooters to participate in any order in the sudden death shootout, whether or not they shot in the previous round. The last player in the first round of the shootout may be the first player in the sudden death shootout.
- Players in a sudden death shootout shall not be allowed to take another shot until four additional shooters have completed their attempts.
- All goalkeepers and all players from both teams listed on the official game sheet shall be eligible to participate in the shootout.
- Any penalized player whose penalty had not been completed when the overtime period ended or who receives a penalty during a shootout procedure is not eligible to participate in any portion of the shootout procedure(s) and must remain in the penalty box.
- The goalkeepers from each team may be changed after each shot.
- The official scorekeeper shall record all shots taken indicating the players, goalkeepers and goals scored.

(b) Quarterfinal, Semifinal and Championship Games

1. The game shall be continued to determine a winner.

2. At the completion of the third period, there shall be a two (2) minute rest period before the start of the first overtime session.
3. All overtimes shall be equal to the length of the third period and shall be sudden death. Teams shall switch ends at the end of the third period and each overtime period.
4. If the teams are still tied at the completion of the first overtime, the teams shall leave the ice and the ice shall be resurfaced. A second overtime period shall begin immediately following the ice resurfacing.
5. Following the second overtime, there shall be a two (2) minute rest period prior to the start of the third overtime session.
6. If the teams remain tied at the completion of the third overtime period, the teams shall leave the ice and the ice shall be resurfaced.
7. Thereafter, the foregoing process in items 1-6 shall be repeated until such time as a winner is determined.
8. In the Youth 17 & 18 Tier I classification, rather than a two (2) minute rest period prior to the first overtime and after the second overtime period, the ice shall be resurfaced prior to the first overtime and between each overtime period.

(2) Process to Determine Quarterfinalists, Semifinalists and/or Finalists

- (a) During the youth and girls'/women's preliminary rounds, each team will be awarded three points for a win in regulation, two points for a win in overtime or shootout, one point for a loss in overtime or shootout and zero points for a loss in regulation.
- (b) Refer to the formats for tournaments set forth in Appendix 1 for information on home team designations in any quarterfinal and semifinal game.

(c) Youth, Girls'/Women's And High School Varsity and/or Prep School – Tie Breaking Rules to Determine Standings Position

If two or more teams have an equal number of points, their position in the standings shall be determined by the following tie breaking rules listed below. If at any point during the application of the tie-breaking rules, a team can be seeded higher or lower than other teams that remain tied, the seeded team will be placed in their position in the standings, and the tie-breaker process will begin again at Step 1.

The tie-breaker rules are as follows:

1. The results of only the head-to-head games played between the tied teams in the following order:
 - a. Most points earned.
 - b. Most total wins (whether in regulation, overtime and shootout).
 - c. Most regulation wins.
 - d. Differential — Subtracting goals scored against from goals scored in these games, the positions being determined in order of the greatest surplus.
 - e. Quotient — Dividing the goals scored in these games by the goals scored against, the positions being determined in order of the greatest quotient. A quotient involving dividing by zero(0) has higher standing than a quotient from dividing by any number other than zero. Where two or more teams have no goals against and the quotient tie breaker is required, the teams shall be ranked high to low in descending order of "goals for."
 - f. Most periods won — In the games played by each tied team, points will be awarded for each regulation period won (2 points) and for each regulation period tied (1 point). Positions shall be in the order of highest point total.

2. If after applying the formulas of 1 a, b, c, d, e or f the tie still exists, the results of all the games played by the teams tied in the following order.
 - a. Most total wins (whether in regulation, overtime and shootout).
 - b. Differential — Subtracting goals scored against from goals scored in these games, the positions being determined in order of the greatest surplus.
 - c. Quotient — Dividing the goals scored in these games by the goals scored against, the positions being determined in order of the greatest quotient. A quotient involving dividing by zero (0) has higher standing than a quotient from dividing by any number other than zero. Where two or more teams have no goals against and the quotient tiebreaker is required, the teams shall be ranked high to low in descending order of “goals for.”
 - d. Most periods won — In the games played by each tied team, points will be awarded for each regulation period won (2 points) and for each regulation period tied (1 point). Positions shall be in the order of highest point total.
 - e. Quickest first goal — The team that scored the quickest goal in their preliminary round games shall be ranked highest.
3. If the above procedure does not break the tie, the teams shall use a shootout procedure as previously described.

Note: A team may go into the tie breaking process having defeated another of the tied teams and still not advance.

Note: If a team forfeits any of its games, and becomes involved in any tie breaking formula, the team that forfeited will not advance and all games

played against the forfeiting team shall be recorded as 1-0 victories for all opposing teams.

 - (b) the National Championship Chair; and
 - (c) the respective affiliate(s)
- (6) The National Championship Appeals Committee shall have the authority to review and take appropriate action on any

incident in an Affiliate or District Championship. For any incident occurring in the last game of a team's, coach's or player's participation in an Affiliate, District or High School Tournament, and the team, coach and/or player is scheduled to participate in a National Championship Tournament, then the National Championship Appeals Committee shall have jurisdiction and be responsible for determining the team's, coach's eligibility and any suspension for the National Championship Tournament.

- (7) The National Championship Appeals Committee shall be the sole authority in determining the eligibility of the individual(s) for the National Championships.
- (8) All suspensions incurred in the course of the national playdown schedule (i.e., in state or district playoffs) shall be served during regularly scheduled games of the championship playoff schedule. In no case, may such suspension(s) be served in a game occurring outside the championship playoff schedule, by scheduling a game not included in the national playdown configuration and having the player sit out that game.
- (9) Affiliate, District and National Discipline Committee authority, and the National Championship Appeals Committee's authority shall be solely to determine eligibility to participate in the applicable tournament, and any discipline that may extend beyond the applicable Affiliate, District or National Championship shall be referred to the applicable Affiliate Association.

- (2) After the commencement of the first game, the tournament referee-in-chief, in consultation with the National Referee-in-Chief, shall act as the final arbiter in all disputes involving the interpretation of the playing rules.
- (3) For any other decision, other than playing rules interpretation, with regard to the operation of the tournament (including zero tolerance, tournament play or conduct not in the best interest of hockey), the on-site USA Hockey Tournament Committee shall have the final authority to make the appropriate decision.
- (4) The on-site USA Hockey Tournament Committee, in all matters pertaining to tournament play, shall have the authority to adjust matters at any time in the best interests of the tournament and ice hockey in general.
- (5) The on-site medical staff will have the over-riding authority to determine if a player's injury warrants removal from the game and/or referral to the local hospital as outlined in Appendix 3.
- (6) The on-site USA Hockey Tournament Committee shall have the authority to exclude and/or limit the presence at or the use of any artificial noise-making devices, except for those required to control the play of the game.

APPENDIX 3

INJURY/CONCUSSION RETURN TO PLAY POLICY

Each host site is required by USA Hockey to have medical personnel on site during the entire District or National Championships Tournament. The on-site medical staff may consist of a combination of Doctors, Nurses, EMT's or Certified Athletic Trainers.

The on-site medical staff will have the over-riding authority to determine if a player's injury warrants removal from the game and/or referral to the local hospital. If a player is referred to the local hospital, and intends to return to play, the player must provide a written release from the doctor who examined him/her and determined that the player was able to return to play. However, even with the medical release from the examining Doctor, the final authority to allow the player back on the ice will rest with the Host's on-site medical staff.

No coach, team doctor, team trainer, parent or guardian may take responsibility for the player returning to the ice without the approval of the Tournament host's on-site medical staff. There will be no exceptions, even if a player's parents happen to be a doctor or other medical professional. Only the on-site medical staff can approve the players return to the ice.

This is the minimum standard to be followed for return to play following an injury/concussion. If state laws require higher standards of care then those state laws shall be followed.*
