YOUR ONE STOP RECYCLING SHOP

Attention: Association, Coaches, and Players
re: Fundraising

Bottle Drives are a fun, fast and rewarding way to raise funds for any youth organization. Regional Recycling offers a free bottle drive pick-up service to customers throughout the Lower Mainland and Fraser Valley. The typical bottle drive takes about 3-5 hours from start to finish and can raise anywhere from \$500-\$3000 depending on group participation and organization.

Regional Recycling provides you with all the material necessary to facilitate a successful bottle drive. We provide our customers with a free bottle drive KIT containing bags and gloves for sorting purposes, as well as detailed instructions to help coordinate your bottle drive fundraiser.

Not only do we pay **Full Deposit** on all refundable containers, we provide you with immediate payment and we'll even add 5% donation to any bottle drive over \$500.00

Bottle drive pick-ups are conducted on Saturdays and Sundays. Please keep in mind pick-ups are scheduled on a first-come first-serve basis. We recommend that you book your pick-up at least 2-3 weeks in advance as some days can book up quickly. When you book your bottle drive, we will write down a *requested pick-up time*. We will try our best to accommodate your request.

Please check out our website at www.regionalrecycling.ca for further information on bottle drives and other services we provide. You can book your bottle drive on our website or contact Paul 778-246-5315 to book a date. For any additional questions, please don't hesitate to contact us.

Best Regards
