

# 2018 Technology Summer Camps

## A Week of Geek

Students experience a variety of technology education in 5 days of focus on Computer Programming, Robotics, Electronics, Animation and 3D Printing.

**July 23-27, 2018** all-day (Held at the PACE Center in Parker, CO)

## Robotics Camp

Our robotics camp is divided into two week-long half-day camps, beginner and advanced. Sign up for one or join both for all-day robotics fun.

**Beginner Robotics Camp**, June 18-22, 2018 in the morning. (Held at Highlands Ranch Rec Centers)

**Advanced Robotics Camp**, June 18-22, 2018 in the afternoon. (Held at Highlands Ranch Rec Centers)

## Learn Electronics with Arduino

Create several electronics projects on your take-home inventor's kit.

**June 11-15, 2018** 9am-4pm (Held at Legend High School)

## Be a Game Developer

Learn the basics of game design and create your own video game! Two sessions to choose from.

**June 4-8, 2018** 9am-4pm (Held at Legend High School)

**July 16-20, 2018**, 9am-4pm (Held at Legend High School)

## Minecraft Master Camp

Learn to create huge pixel art, make redstone contraptions and control things with command blocks.

June 25, 2018, 9am-4pm (Held at Highlands Ranch Rec Centers)

July 30, 2018, 9am-4pm (Held at Highlands Ranch Rec Centers)

## Sumo Robot Battles

Learn to build and program your robot to do battle in the sumo arena. Lots of fun!

June 26, 2018, 9am-4pm (Held at Highlands Ranch Rec Centers)

July 31, 2018, 9am-4pm (Held at Highlands Ranch Rec Centers)
