Philosophy

"True player development focuses on the development of the player, not the development of the team! Up to age 12, this should be the only criteria used in designing and running youth soccer programs."

-Ron Quinn, leading contributor US Youth Soccer Programming

More than 73% of all kids who play organized youth sports end up quitting by the time they reach the age of 13 (Time Magazine, July 12, 1999)

The major two reasons children give up sport:

1. It's no longer fun
2. It's too competitive/too much pressure

Mission Statement

Associations must be empowered to provide a variety of programming options for their players. The NCYSA Youth Academy Program philosophy is to emphasize player development over team development and focus on the technical development of each child without the pressures of short-term wins/losses/results.

General Information

1. The NCYSA Youth Academy Program will be offered for the TRUE 8U - 12U PLAYER age groups.
2. In addition to these NCYSA Youth Academy Program Rules, the rules and policies of NCYSA, USYSA, and USSF are applicable.
3. Associations must notify/apply to implement and participate in the NCYSA Youth Academy Program is based on the rules herein.
4. (A) A NCYSA Youth Academy Committee would be created for the governance of the NCYSA Youth Academy Program. Subject to the NCYSA Executive Board, the NCYSA Youth Academy Committee will accept associations to participate in the program upon determining compliance with these rules. The Committee may apply sanctions if an association fails to meet the criteria listed in these guidelines or intentionally violates them.

(B) The NCYSA Youth Academy Committee would be comprised of the NCYSA VP for Player Development, the NCYSA Technical Director of Coaching, the NCYSA Assistant Technical Director of Academy and members approved by NCYSA Executive Board.

Pre-ODP - Optional Component of NC Youth Academy

Currently the North Carolina Youth Soccer Academy has 63 associations that offer this optional program to their players. This program is offered to players that are true 8U through 12U across the state and with the number of players registered in the NC Youth Academy at 4212, as of May 1, 2017.

Under the current model all active associations must have an Academy Director that has completed the USYS National Youth Coaches Course and coaches within the program need to complete the US Soccer Online F license and for those coaches working with the 10U – 12U must obtain the E license. Also, each participating association must use an approved North Carolina Youth Soccer Academy curriculum.

This platform helps ensure the associations across the state are teaching age-appropriate activities under qualified guidance. Each fall and spring hundreds of teams from across the state participate in the NC Youth Soccer Academy Showcase, which provides North Carolina ODP program coaches the opportunity to observe.

Soccer Landscape in North Carolina

Beginning in the fall of 2016 the U.S. Soccer Development Academy will begin competing at the 12U age group for the first time. This change in the soccer landscape within North Carolina could result in a number of players opting to participate in the U.S. Soccer Development Academy from the 12U age group.

Thus, the question becomes how can we enhance opportunities for our current 11U-12U players within the North Carolina Youth Soccer Academy by increasing player development in conjunction with the North Carolina ODP program?

Pre-ODP: 11U & 12U Players

Our solution to this challenge is to connect the large number of players as well as coaches involved in the North Carolina Youth Soccer Academy with the North Carolina ODP program curriculum.

The aim would be to implement the US Youth Soccer ODP Player Manual, currently utilized by North Carolina ODP, which provides a player development curriculum for the 11U-12U age group and beyond.

Players would develop two-fold as they are immersed in the 8U-10U curriculum then graduate to the 11U-12U “Pre-ODP” player development curriculum. This “Pre-ODP” training would supplement the learning environment already established in our current North Carolina Youth Soccer Academy Associations, thus introducing players and parents to the North Carolina ODP program’s focus on development of players at an earlier age.

Programming

The NCYSA Technical Director and NCYSA Assistant Technical Director of Academy and ODP will work with each North Carolina Youth Soccer Academy Director on implementing the US Youth Soccer ODP Player Manual for the “Pre-ODP” 11U-12U players which:

1. Creates an opportunity to evaluate coaches and players while providing support & feedback.
2. Creates an environment which is age-appropriate and player centered where North Carolina ODP coaches can begin to evaluate players in a controlled environment.

3. Provides the North Carolina Youth Soccer Academy Fall & Spring Showcases as an assessment opportunity; with the intent of inviting players to North Carolina ODP training sessions and/or tryouts.
4. Gives a natural building block of player development from 8U-10U to 11U-12U.
5. Educates the players and parents of the North Carolina ODP process as well as future opportunities for their sons and/or daughters through ODP Sub-regional & Regional Events.
6. Gives those associations participating in the North Carolina Youth Academy Program a marketing tool to retain players through this unique programming. This merging of the North Carolina Youth Academy Program curriculum and the North Carolina ODP Program curriculum will permit both programs to develop players for the future of soccer in North Carolina no matter what pathway the player chooses.
