Catching up with Head Coach Dave Puro on Bluebonnets 2018 Season:

What are your overall goals for the 2018 WPSL season?

“The goal this season is to showcase the players talents and abilities playing an entertaining brand of soccer that will excite players and spectators alike. Positive performances will hopefully deliver winning results and can continue to show progress after last year’s terrific season.”

What are your goals for the WPSL players individually?

“For the players to enjoy, learn, and develop throughout the season and to help them realize their own hopes and dreams when continuing their soccer journey whether it be at college or professionally.”

How has your experience been working with the WPSL players so far?

“The group has already shown a high work rate and dedication to develop further. Before the ‘player’ I look for ‘good people’ and here at the TTi Bluebonnets we have both, which all points to an exciting summer of soccer.”

As Sporting Director, how does the implementation of the WPSL team impact the environment at TTi and the youth athletes?

“Deeply. The WPSL players are on a course just ahead of them. They get to see first hand the challenges of pursuing a professional sporting career as well as the competitive nature of training and matches. This close up look should help the younger players to see what dreams are made of.”

- Lee Cullip, TTi Sporting Director
