

Stillwater School District 834 Gym Use Expectations

To ensure respectful and responsible use of school facilities, the following expectations apply to coaches, players, and parents:

1. **Player Drop-Off and Waiting**

- Players dropped off early must not disrupt or interrupt other groups using the gym.
- They should wait with their parent/guardian or in an appropriate area until the coach arrives and practice begins.

2. **Chairs for Spectators**

- If custodians provide chairs for spectators, parents/spectators are responsible for returning them to the designated storage rack after use.

3. **Coach Responsibilities**

- Coaches must stay on-site until all players are picked up.

4. **Supervising Player Siblings**

- Siblings attending practice must be supervised at all times.
- They should remain in the gym area and not wander into other parts of the school.

These guidelines help maintain a positive relationship with the school district and ensure the safety and respect of all facility users. Please share these expectations with all participants.
