

Evaluations and Gear Day

Effective starting the 2025 Season

Youth Football Participation Policy: Evaluation and Gear Day Attendance Requirement

To ensure a safe, organized, and fair football season for all participants, the following policy is in effect for the upcoming Youth Football season:

Mandatory Attendance Requirement

All registered players **must attend at least one (1) Evaluation Day, and one (1) Gear Day** scheduled by the league. These events are essential for:

- Proper team placement based on skill level and safety considerations
- Accurate equipment fitting to ensure player safety
- Finalizing rosters and preparing for the season

No-Show Policy

If a player **fails to attend both an Evaluation Day and a Gear Day**, they will be **ineligible to participate** in the football season. No exceptions will be made unless prior arrangements have been approved by league officials **before** the scheduled dates.

Communication is Key

If there are unavoidable conflicts, such as a family emergency or unexpected illness, parents or guardians must contact the league **in advance** to discuss possible accommodations. We are committed to working with families, when possible, but communication must occur **before** the missed event.
