

ADVANCED PROGRAM REGISTRATION

Step-by-step process for registering your skater(s) for our Advanced Program ONLY.

Determine the Membership Level Your Skater Must Have

01

- If your skater may test via U.S. Figure Skating (pre-preliminary and above) and/or competing at a non-qualifying/qualifying level (Juvenile and above), skater will need a Full USFS Membership. **If this applies to your skater, SKIP STEP 2.**
- If skater is not testing and/or competing at a non-qualifying/qualifying level (i.e. Basic 2, Aspire 3, Excel Freeskate), skater will need a Learn to Skate USA Membership.
