

## **OYHA COVID 19 Policy and Procedures - COACH/MANAGER - "ONE SHEET"**

**All OYHA players, coaches & families will follow all rink procedures both at the OIC & all rinks we visit. Team manager/coach should verify & communicate protocols of the rink you are visiting**

**Health Screening:** All OYHA coaches, players and families must conduct a personal health screening.

- Any player, coach, or parent exhibiting symptoms or signs of an illness should not come to the rink or attend any OYHA related event.
- If a player, coach, or spectator starts to feel ill, they should immediately leave the facility.
  - If a player feels ill and their guardian can not be located they will be separated from team activities until they can be picked up. All appropriate SafeSport guidelines will be followed.
  - Individuals who are sick should not return until they have met the CDC requirements to discontinue home isolation.

**Contact Tracing:**

- All teams will be required to use the Sports Engine App this year for attendance at practices & games.
- Each player & coach will ensure they've marked their attendance in the app for each practice & game.

**Locker Rooms:** No locker rooms at the start of the season. Locker room use will be reevaluated by 11/1.

**Face Coverings:**

- All players, coaches and managers should be wearing a mask upon entering and exiting the arena.
- Players are **not** required to wear a cloth covering over their mouth and nose during play.
- Coaches **are** required to wear a face covering while coaching, on the bench, and in the locker room.

**Whistles:** Electronic whistles are not mandatory but are encouraged.

**Water Bottles:** Water fountains at OIC are not available. Each player should bring their own water bottle clearly labelled with their name. No sharing!

**Social Distancing:**

- Maintain social distancing measures (6 ft. apart) whenever possible
- Limit group discussions so players are not in close proximity for extended periods of time.
- Unnecessary physical contact is discouraged.
- Continue to utilize ADM principles for high ice utilization and station based practices

**Positive COVID 19 Process:**

1. Inform the OYHA COVID Coordinator (Caitie Bowers) of the positive COVID 19 test or suspected exposure.
2. Immediately separate anyone with COVID-19 symptoms (follow SafeSport protocol)
