

SEXUAL ABUSE, EMOTIONAL ABUSE, PHYSICAL ABUSE AND CRIMINAL BACKGROUND SCREENING POLICY

Revised June 2016

Section 1: Intent

These rules intend to reduce the risk of a MH participant becoming the victim of sexual, emotional or physical abuse.

Section 2: Uniformity of Standard

- A. All personnel of MH and of its affiliates are subject to this screening standard.
- B. MH may require players 18 and over in any Disabled Hockey classification to be screened in accordance with USA Hockey's SafeSport Program and MH's Screening Policy prior to participation with that team.

Section 3: Applicability of Standard

- A. The personnel of all MH associated organizations shall be screened pursuant to these screening rules.
- B. For purposes of this policy, MH associated organizations shall include, but not necessarily be limited to, MH (the officers and directors of MH and the members of all of its committees), affiliated community hockey associations, other affiliates, teams of affiliates, affiliated girl's/women's programs, all teams or organizations registered with MH, and Team Minnesota, USA Hockey/MH festivals and development camps.
- C. For purposes of this policy only, on-ice officials who officiate games for MH teams shall be considered personnel of an MH associated organization.
- D. For purposes of this policy, personnel shall include any officer, board of directors member, coach, team manager, official or coaching/official instructor, whether or not they receive compensation for their services. Other personnel may be included at the discretion of the MH Screening Committee ("the Committee").
- E. For purposes of this policy, the personnel required to be screened shall be referred to as "members."
- F. For purposes of this policy, participation as such members (including participation by other personnel screened who thereby become members) shall collectively be referred to as "screened activities."
- G. MH affiliates or associated organizations may, in their discretion, apply the requirements of these screening rules to other volunteer personnel not carried on rosters or registered by means of a USA Hockey Individual Member Registration form (or by electronic registration) and not specifically mentioned herein.
- H. All persons subject to these screening rules shall be screened at least once every two years, absent special circumstances requiring more frequent screening. The Committee shall maintain data bases containing those members who were screened and approved the previous year as well as the current year. Special circumstances requiring discretionary screening would include, but not be limited to, the situation in which MH or a MH associated organization becomes aware that a person subject to these rules has recently been convicted of a crime which may render that person ineligible to participate in activities of MH and its associated organizations. It is also intended that members identified as new coaches, team managers or referees each year shall also be identified each season and screened before they are allowed to participate in MH screened activities where they would have direct contact with minor participants.
- I. A member who does not consent to be subject to the application of these screening rules and to provide the Committee with complete and accurate identifying information as requested, shall not be allowed to participate in screened activities. For purposes of this policy, it is determined that, at minimum, members shall be required to provide the following information:
 - 1. First, full middle and last name;
 - 2. Any previous names used, including but not limited to maiden name or nickname;
 - 3. Current and any other residence addresses for the last ten years;
 - 4. Date of birth, Social Security number, and home telephone number;
 - 5. Any past criminal conviction or civil action which may disqualify that member under Section 4 below;
 - 6. Such other identifying information as shall be specified in a Minnesota Hockey Confidential Screening and Consent Form adopted by the Board of Minnesota Hockey from time to time.

Section 4. Standard for Participation of MH and Its Associated Organizations.

- pose a threat of harm or risk to the safety and well-being of players, parents, organization or others under his/her direction, stewardship or relationship. Such crimes include but are not limited to all felonies not described in A. above, domestic assault, indecent exposure, and multiple convictions for operating motor vehicles or watercraft while under the influence of alcohol or controlled substances; or

Disqualification under this section 4.B. shall be at the discretion of the Committee after due consideration of relevant information.

C. Notwithstanding the provisions of Sections 4.A. and 4.B. above:

1. If a person has been convicted of any "Background check crime" or any "Child Abuse Crime" as defined in Minn. Stat. § 299C.61 or any of the crimes enumerated in Section 4.A., and this conviction was entered more than ten (10) years before the beginning of the current hockey season (on or after September 1), the committee may utilize its discretion whether to disqualify that person under the Policy; and

5. Nothing in this Section 4.C. shall prevent the Committee from disqualifying an applicant under either Section 4.A. or 4.B. in the exercise of its discretion after reviewing the record of conduct of the applicant.
6. Decisions by the Committee under this Section 4.C. are appealable as provided in Section 7. below.

Section 5. Screening Procedure

- A. Each person seeking to participate in MH activities shall consent to be screened as provided by these screening rules and shall complete the screening application available on the MH website, located under the SafeSport heading. Such application shall be completed every other year, and it shall authorize MH or its designee to perform one or more background checks to determine whether the signer is the subject of any reported criminal conviction or otherwise poses a risk to the safety and well-being of participants under his/her direction or stewardship. The application shall be completed at the time or times requested by MH.
- B. The MH Screening Policy mandates that members, as defined in Section 3 herein, over the age of 18 years that will have regular, routine or frequent access to youth participants must be screened prior to such members having such access. Approved screens are valid for two years, absent special circumstances. All previously screened persons must be rescreened every two years. MH shall manage and directly supervise the screening program. MH will select one or more screening vendors or methods and shall require all local programs have their members screened through MH's vendors and methods in compliance with this screening program. Those members who will have regular, routine or frequent access to, or supervision over minor participants must include a national screen that covers a national criminal database, the sex offender registries for all fifty states, and every county database in which the applicant has lived during the previous five years. MH or its vendor shall verify the identity of the screened individual through a social security number verification or other acceptable identity verification process. MH shall have a Screening Coordinator or Chair, who may also be the MH SafeSport Coordinator, who is responsible for monitoring and reporting on compliance with the screening policy by MH and its local programs. Those members, as defined by Section 3 herein who do not have regular, routine and frequent access to the minor participants shall not require a "national" screen as detailed above, but will be screened every two years for crimes of record occurring in Minnesota.

2. Promptly conduct background checks on the selected members utilizing a database service appropriate to the purposes of this policy.
3. Receive and review the information disclosed by the background checks, applying the criteria for disqualification specified in this policy.
4. If relevant information, as defined by Section 4 of this policy is received concerning a member, promptly review and discuss the information, and determine whether the member is eligible to participate in activities of MH or its associated organizations.
5. If the Committee determines that the member is disqualified and prohibited from participating in screened activities, its Chair shall notify in writing the member, the member's affiliate, the Minnesota District Registrar and the cognizant MH District Director that the member is not eligible to participate in screened activities. The notice to the disqualified member shall provide instructions for an appeal of the decision.
6. Schedule and conduct appeals to the Committee as provided in Section 7 of this policy.
7. Maintain and update the data base to indicate when the criminal background check was made on each member, and all information received.
8. Safeguard all information, so as to comply with all statutory data privacy requirements, and the member's personal rights to privacy.
9. Seek better methods of implementation and assist members in implementing these rules, and with the approval of the MH Executive Committee, audit affiliates to gather data on compliance with these rules.
